MO HealthNet payments shall be made on behalf of those eligible needy persons as described in section 208.151 who are unable to provide for it in whole or in part, with any payments to be made on the basis of the reasonable cost of the care or reasonable charge for the services as defined and determined by the MO HealthNet division, unless otherwise hereinafter provided, for the following:

(1) Inpatient hospital services, except to persons in an institution for mental diseases who are under the age of sixty-five years and over the age of twenty-one years; provided that the MO HealthNet division shall provide through rule and regulation an exception process for coverage of inpatient costs in those cases requiring treatment beyond the seventy-fifth percentile professional activities study (PAS) or the MO HealthNet children’s diagnosis length-of-stay schedule; and provided further that the MO HealthNet division shall take into account through its payment system for hospital services the situation of hospitals which serve a disproportionate number of low-income patients;

Section 301, et seq.), as amended, for nursing facilities. The MO HealthNet division may recognize through its payment methodology for nursing facilities those nursing facilities which serve a high volume of MO HealthNet patients. The MO HealthNet division when determining the amount of the benefit payments to be made on behalf of persons under the age of twenty-one in a nursing facility may consider nursing facilities furnishing care to persons under the age of twenty-one as a classification separate from other nursing facilities;

(5) Nursing home costs for participants receiving benefit payments under subdivision (4) of this subsection for those days, which shall not exceed twelve per any period of six consecutive months, during which the participant is on a temporary leave of absence from the hospital or nursing home, provided that no such participant shall be allowed a temporary leave of absence unless it is specifically provided for in his plan of care. As used in this subdivision, the term “temporary leave of absence” shall include all periods of time during which a participant is away from the hospital or nursing home overnight because he is visiting a friend or relative;

(15) Personal care services which are medically oriented tasks having to do with a person's physical requirements, as opposed to housekeeping requirements, which enable a person to be treated by his or her physician on an outpatient rather than on an inpatient or residential basis in a hospital, intermediate care facility, or skilled nursing facility. Personal care services shall be rendered by an individual not a member of the participant's family who is qualified to provide such services where the services are prescribed by a physician in accordance with a plan of treatment and are supervised by a licensed nurse. Persons eligible to receive personal care services shall be those persons who would otherwise require placement in a hospital, intermediate care facility, or skilled nursing facility. Benefits payable for personal care services shall not exceed for any one participant one hundred percent of the average statewide charge for care and treatment in an intermediate care facility for a comparable period of time. Such services, when delivered in a residential care facility or assisted living facility licensed under chapter 198 shall be authorized on a tier level based on the services the resident requires and the frequency of the services. A resident of such facility who qualifies for assistance under section 208.030 shall, at a minimum, if prescribed by a physician, qualify for the tier level with the fewest services. The rate paid to providers for each tier of service shall be set subject to appropriations. Such provision shall terminate upon receipt of relevant waivers from the federal Department of Health and Human Services. If the Centers for Medicare and Medicaid Services determines that such provision does not comply with the state plan, this provision shall be null and void. The MO HealthNet division shall notify the revisor of statutes as to whether the relevant waivers are approved or a determination of noncompliance

is made;

(16) Mental health services. The state plan for providing medical assistance under Title XIX of the Social Security Act, 42 U.S.C. Section 301, as amended, shall include the following mental health services when such services are provided by community mental health facilities operated by the department of mental health or designated by the department of mental health as a community mental health facility or as an alcohol and drug abuse facility or as a child-serving agency within the comprehensive children's mental health service system established in section 630.097. The department of mental health shall establish by administrative rule the definition and criteria for designation as a community mental health facility and for designation as an alcohol and drug abuse facility. Such mental health services shall include:

(a) Outpatient mental health services including preventive, diagnostic, therapeutic, rehabilitative, and palliative interventions rendered to individuals in an individual or group setting by a mental health professional in accordance with a plan of treatment appropriately established, implemented, monitored, and revised under the auspices of a therapeutic team as a part of client services management;

(b) Clinic mental health services including preventive, diagnostic, therapeutic, rehabilitative, and palliative interventions rendered to individuals in an individual or group setting by a mental health professional in accordance with a plan of treatment appropriately established, implemented, monitored, and revised under the auspices of a therapeutic team as a part of client services management;

As used in this section, mental health professional and alcohol and drug abuse professional shall be defined by the department of mental health pursuant to duly promulgated rules. With respect to services established by this subdivision, the department of social services, MO HealthNet division, shall enter into an agreement with the department of mental health. Matching funds for outpatient mental health services, clinic mental health services, and rehabilitation services for mental health and alcohol and drug abuse shall be certified by the department of mental health to the MO HealthNet division. The agreement shall establish a mechanism for the joint implementation of the provisions of this subdivision. In addition, the agreement shall establish a mechanism by which rates for services may be jointly developed;

(17) Such additional services as defined by the MO HealthNet division to be furnished under waivers of federal statutory requirements as provided for and authorized by the federal Social Security Act (42 U.S.C. Section 301, et seq.) subject to appropriation by the general assembly;

(18) The services of an advanced practice registered nurse with a collaborative practice agreement to the extent that such services are provided in accordance with chapters 334 and 335, and regulations promulgated thereunder;

(19) Nursing home costs for participants receiving benefit payments under subdivision (4) of this subsection to reserve a bed for the participant in the nursing home during the time that the participant is absent due to admission to a hospital for services which cannot be performed on an outpatient basis, subject to the provisions of this subdivision:

(a) The provisions of this subdivision shall apply only if:

a. The occupancy rate of the nursing home is at or above ninety-seven percent of MO HealthNet certified licensed beds, according to the most recent quarterly census provided to the department of health and senior services which was taken prior to when the participant is admitted to the hospital; and

b. The patient is admitted to a hospital for a medical condition with an anticipated stay of three days or less;

(b) The payment to be made under this subdivision shall be provided for a maximum of three days per hospital stay;

(d) The provisions of this subdivision shall not apply unless the nursing home receives notice from the participant or the participant's responsible party that the participant intends to return to the nursing home following the hospital stay. If the nursing home receives such notification and all other provisions of this subsection have been satisfied, the nursing home shall provide notice to the participant or the participant's responsible party prior to release of the reserved bed;

(20) Prescribed medically necessary durable medical equipment. An electronic web-based prior authorization system using best medical evidence and care and treatment guidelines consistent with national standards shall be used to verify medical need;

(21) Hospice care. As used in this subdivision, the term "hospice care" means a coordinated program of active professional medical attention within a home, outpatient and inpatient care which treats the terminally ill patient and family as a unit, employing a medically directed interdisciplinary team. The program provides relief of severe pain or other physical symptoms and supportive care to meet the special needs arising out of physical, psychological, spiritual, social, and economic stresses which are experienced during the final stages of illness, and during dying and bereavement and meets the Medicare requirements for participation as a hospice as are provided in 42 CFR Part 418. The rate of reimbursement paid by the MO HealthNet division to the hospice provider for room and board furnished by a nursing home to an eligible hospice patient shall not be less than ninety-five percent of the rate of reimbursement which would have been paid for facility services in that nursing home facility for that patient, in accordance with subsection (c) of Section 6408 of P.L. 101-239 (Omnibus Budget Reconciliation Act of 1989);

(22) Prescribed medically necessary dental services. Such services shall be subject to appropriations. An electronic web-based prior authorization system using best medical evidence and care and treatment guidelines consistent with national standards shall be used to verify medical need;

(23) Prescribed medically necessary optometric services. Such services shall be subject to appropriations. An electronic web-based prior authorization system using best medical evidence and care and treatment guidelines consistent with national standards shall be used to verify medical need;

(a) Home delivery of blood clotting products and ancillary infusion equipment and supplies, including the emergency deliveries of the product when medically necessary;

(b) Medically necessary ancillary infusion equipment and supplies required to administer the blood clotting products; and

(c) Assessments conducted in the participant's home by a pharmacist, nurse, or local home health care agency trained in bleeding disorders when deemed necessary by the participant's treating physician;

(25) The MO HealthNet division shall, by January 1, 2008, and annually thereafter, report the status of MO HealthNet provider reimbursement rates as compared to one hundred percent of the Medicare reimbursement rates and compared to the average dental reimbursement rates paid by third-party payors licensed by the state. The MO HealthNet division shall, by July 1, 2008, provide to the general assembly a four-year plan to achieve parity with Medicare reimbursement rates and for third-party payor average dental reimbursement rates. Such plan shall be subject to appropriation and the division shall include in its annual budget request to the governor the necessary funding needed to complete the four-year plan developed under this subdivision.

2. Additional benefit payments for medical assistance shall be made on behalf of those eligible needy children, pregnant women and blind persons with any payments to be made on the basis of the reasonable cost of the care or reasonable charge for the services as defined and determined by the MO HealthNet division, unless otherwise hereinafter provided, for the following:

(4) Orthopedic devices or other prosthetics, including eye glasses, dentures, hearing aids, and wheelchairs;

(5) Hospice care. As used in this subdivision, the term "hospice care" means a coordinated program of active professional medical attention within a home, outpatient and inpatient care which treats the terminally ill patient and family as a unit, employing a medically directed interdisciplinary team. The program provides relief of severe pain or other physical symptoms and supportive care to meet the special needs arising out of physical, psychological, spiritual, social, and economic stresses which are experienced during the final stages of illness, and during dying and bereavement and meets the Medicare requirements for participation as a hospice as are provided in 42 CFR Part 418. The rate of reimbursement paid by the MO HealthNet division to the hospice provider for room and board furnished by a nursing home to an eligible hospice patient shall not be less than ninety-five percent of the rate of reimbursement which would have been paid for facility services in that nursing home facility for that patient, in accordance with subsection (c) of Section 6408 of P.L. 101-239 (Omnibus Budget Reconciliation Act of 1989);

(6) Comprehensive day rehabilitation services beginning early posttrauma as part of a coordinated system of care for individuals with disabling impairments. Rehabilitation services must be based on an individualized, goal-oriented, comprehensive and coordinated treatment plan developed, implemented, and monitored through an interdisciplinary assessment designed to restore an individual to optimal level of physical, cognitive, and behavioral function. The MO HealthNet division shall establish by administrative rule the definition and criteria for designation of a comprehensive day rehabilitation service facility, benefit limitations and payment mechanism. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this subdivision shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section

and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2005, shall be invalid and void.

3. The MO HealthNet division may require any participant receiving MO HealthNet benefits to pay part of the charge or cost until July 1, 2008, and an additional payment after July 1, 2008, as defined by rule duly promulgated by the MO HealthNet division, for all covered services except for those services covered under subdivisions (15) and (16) of subsection 1 of this section and sections 208.631 to 208.657 to the extent and in the manner authorized by Title XIX of the federal Social Security Act (42 U.S.C. Section 1396, et seq.) and regulations thereunder. When substitution of a generic drug is permitted by the prescriber according to section 338.056, and a generic drug is substituted for a name-brand drug, the MO HealthNet division may not lower or delete the requirement to make a co-payment pursuant to regulations of Title XIX of the federal Social Security Act. A provider of goods or services described under this section must collect from all participants the additional payment that may be required by the MO HealthNet division under authority granted herein, if the division exercises that authority, to remain eligible as a provider. Any payments made by participants under this section shall be in addition to and not in lieu of payments made by the state for goods or services described herein except the participant portion of the pharmacy professional dispensing fee shall be in addition to and not in lieu of payments to pharmacists. A provider may collect the co-payment at the time a service is provided or at a later date. A provider shall not refuse to provide a service if a participant is unable to pay a required payment. If it is the routine business practice of a provider to terminate future services to an individual with an unclaimed debt, the provider may include uncollected co-payments under this practice. Providers who elect not to undertake the provision of services based on a history of bad debt shall give participants advance notice and a reasonable opportunity for payment. A provider, representative, employee, independent contractor, or agent of a pharmaceutical manufacturer shall not make co-payment for a participant. This subsection shall not apply to other qualified children, pregnant women, or blind persons. If the Centers for Medicare and Medicaid Services does not approve the MO HealthNet state plan amendment submitted by the department of social services that would allow a provider to deny future services to an individual with uncollected co-payments, the denial of services shall not be allowed. The department of social services shall inform providers regarding the acceptability of denying services as the result of unpaid co-payments.

4. The MO HealthNet division shall have the right to collect medication samples from participants in order to maintain program integrity.

5. Reimbursement for obstetrical and pediatric services under subdivision (6) of subsection 1 of this section shall be timely and sufficient to enlist enough health care providers so that care and services are available under the state plan for MO HealthNet benefits at least to the extent that such care and services are available to the general population in the geographic area, as required under subparagraph (a)(30)(A) of 42 U.S.C. Section 1396a and federal regulations promulgated thereunder.

6. Beginning July 1, 1990, reimbursement for services rendered in federally funded health centers shall be in accordance with the provisions of subsection 6402(c) and Section 6404 of P.L. 101-239 (Omnibus Budget Reconciliation Act of 1989) and federal regulations promulgated thereunder.

7. Beginning July 1, 1990, the department of social services shall provide notification and referral of children below age five, and pregnant, breast-feeding, or postpartum women who are determined to be eligible for MO HealthNet benefits under section 208.151 to the special supplemental food programs for

women, infants and children administered by the department of health and senior services. Such notification and referral shall conform to the requirements of Section 6406 of P.L. 101-239 and regulations promulgated thereunder.

8. Providers of long-term care services shall be reimbursed for their costs in accordance with the provisions of Section 1902 (a)(13)(A) of the Social Security Act, 42 U.S.C. Section 1396a, as amended, and regulations promulgated thereunder.

9. Reimbursement rates to long-term care providers with respect to a total change in ownership, at arm's length, for any facility previously licensed and certified for participation in the MO HealthNet program shall not increase payments in excess of the increase that would result from the application of Section 1902 (a)(13)(C) of the Social Security Act, 42 U.S.C. Section 1396a (a)(13)(C).

10. The MO HealthNet division may enroll qualified residential care facilities and assisted living facilities, as defined in chapter 198, as MO HealthNet personal care providers.

11. Any income earned by individuals eligible for certified extended employment at a sheltered workshop under chapter 178 shall not be considered as income for purposes of determining eligibility under this section.

12. If the Missouri Medicaid audit and compliance unit changes any interpretation or application of the requirements for reimbursement for MO HealthNet services from the interpretation or application that has been applied previously by the state in any audit of a MO HealthNet provider, the Missouri Medicaid audit and compliance unit shall notify all affected MO HealthNet providers five business days before such change shall take effect. Failure of the Missouri Medicaid audit and compliance unit to notify a provider of such change shall entitle the provider to continue to receive and retain reimbursement until such notification is provided and shall waive any liability of such provider for recoupment or other loss of any payments previously made prior to the five business days after such notice has been sent. Each provider shall provide the Missouri Medicaid audit and compliance unit a valid email address and shall agree to receive communications electronically. The notification required under this section shall be delivered in writing by the United States Postal Service or electronic mail to each provider.

13. Nothing in this section shall be construed to abrogate or limit the department's statutory requirement to promulgate rules under chapter 536.

14. Beginning July 1, 2016, and subject to appropriations, providers of behavioral, social, and psychophysiological services for the prevention, treatment, or management of physical health problems shall be reimbursed utilizing the behavior assessment and intervention reimbursement codes 96150 to 96154 or their successor codes under the Current Procedural Terminology (CPT) coding system. Providers eligible for such reimbursement shall include psychologists.”; and

“208.437. 1. A Medicaid managed care organization reimbursement allowance period as provided in sections 208.431 to 208.437 shall be from the first day of July to the thirtieth day of June. The department shall notify each Medicaid managed care organization with a balance due on the thirtieth day of June of each year the amount of such balance due. If any managed care organization fails to pay its managed care organization reimbursement allowance within thirty days of such notice, the reimbursement allowance shall be delinquent. The reimbursement allowance may remain unpaid during an appeal.

2. Except as otherwise provided in this section, if any reimbursement allowance imposed under the provisions of sections 208.431 to 208.437 is unpaid and delinquent, the department of social services may compel the payment of such reimbursement allowance in the circuit court having jurisdiction in the county where the main offices of the Medicaid managed care organization are located. In addition, the director of the department of social services or the director's designee may cancel or refuse to issue, extend or reinstate a Medicaid contract agreement to any Medicaid managed care organization which fails to pay such delinquent reimbursement allowance required by sections 208.431 to 208.437 unless under appeal.

3. Except as otherwise provided in this section, failure to pay a delinquent reimbursement allowance imposed under sections 208.431 to 208.437 shall be grounds for denial, suspension or revocation of a license granted by the department of commerce and insurance. The director of the department of commerce and insurance may deny, suspend or revoke the license of a Medicaid managed care organization with a contract under 42 U.S.C. Section 1396b(m) which fails to pay a managed care organization's delinquent reimbursement allowance unless under appeal.

4. Nothing in sections 208.431 to 208.437 shall be deemed to effect or in any way limit the tax-exempt or nonprofit status of any Medicaid managed care organization with a contract under 42 U.S.C. Section 1396b(m) granted by state law.

(2) “Intermediate care facility for the intellectually disabled”, a private or department of mental health facility which admits persons who are intellectually disabled or developmentally disabled for residential habilitation and other services pursuant to chapter 630. Such term shall include habilitation centers and private or public intermediate care facilities for the intellectually disabled that have been certified to meet the conditions of participation under 42 CFR, Section 483, Subpart I;

(3) “Net operating revenues from providing services of intermediate care facilities for the intellectually disabled” shall include, without limitation, all moneys received on account of such services pursuant to rates of reimbursement established and paid by the department of social services, but shall not include charitable contributions, grants, donations, bequests and income from nonservice related fund-raising activities and government deficit financing, contractual allowance, discounts or bad debt;

(4) “Services of intermediate care facilities for the intellectually disabled” has the same meaning as the term services of intermediate care facilities for the mentally retarded, as used in Title 42 United States Code, Section 1396b(w)(7)(A)(iv), as amended, and as such qualifies as a class of health care services recognized in federal Public Law 102-234, the Medicaid Voluntary Contribution and Provider-Specific Tax Amendments of 1991.

2. Beginning July 1, 2008, each provider of services of intermediate care facilities for the intellectually disabled shall, in addition to all other fees and taxes now required or paid, pay assessments on their net operating revenues for the privilege of engaging in the business of providing services of the intermediate care facilities for the intellectually disabled or developmentally disabled in this state.

3. Each facility’s assessment shall be based on a formula set forth in rules and regulations promulgated by the department of mental health.

4. For purposes of determining rates of payment under the medical assistance program for providers of services of intermediate care facilities for the intellectually disabled, the assessment imposed pursuant to this section on net operating revenues shall be a reimbursable cost to be reflected as timely as practicable in rates of payment applicable within the assessment period, contingent, for payments by governmental agencies, on all federal approvals necessary by federal law and regulation for federal financial participation in payments made for beneficiaries eligible for medical assistance under Title XIX of the federal Social Security Act, 42 U.S.C. Section 1396, et seq., as amended.

5. Assessments shall be submitted by or on behalf of each provider of services of intermediate care facilities for the intellectually disabled on a monthly basis to the director of the department of mental health or his or her designee and shall be made payable to the director of the department of revenue.

6. In the alternative, a provider may direct that the director of the department of social services offset, from the amount of any payment to be made by the state to the provider, the amount of the assessment

payment owed for any month.

7. Assessment payments shall be deposited in the state treasury to the credit of the “Intermediate Care Facility Intellectually Disabled Reimbursement Allowance Fund”, which is hereby created in the state treasury. All investment earnings of this fund shall be credited to the fund. Notwithstanding the provisions of section 33.080 to the contrary, any unexpended balance in the intermediate care facility intellectually disabled reimbursement allowance fund at the end of the biennium shall not revert to the general revenue fund but shall accumulate from year to year. The state treasurer shall maintain records that show the amount of money in the fund at any time and the amount of any investment earnings on that amount.

8. Each provider of services of intermediate care facilities for the intellectually disabled shall keep such records as may be necessary to determine the amount of the assessment for which it is liable under this section. On or before the forty-fifth day after the end of each month commencing July 1, 2008, each provider of services of intermediate care facilities for the intellectually disabled shall submit to the department of social services a report on a cash basis that reflects such information as is necessary to determine the amount of the assessment payable for that month.

The reports shall be in such form as may be prescribed by rule by the director of the department of mental health. 11. Upon receipt of notification from the director of the department of mental health of a provider’s delinquency in paying assessments required under this section, the director of the department of social services shall withhold, and shall remit to the director of the department of revenue, an assessment amount estimated by the director of the department of mental health from any payment to be made by the state to the provider.

12. In the event a provider objects to the estimate described in subsection 11 of this section, or any other decision of the department of mental health related to this section, the provider of services may request a hearing. If a hearing is requested, the director of the department of mental health shall provide the provider of services an opportunity to be heard and to present evidence bearing on the amount due for an assessment or other issue related to this section within thirty days after collection of an amount due or receipt of a request for a hearing, whichever is later. The director shall issue a final decision within forty-five days of the completion of the hearing. After reconsideration of the assessment determination and a final decision by the director of the department of mental health, an intermediate care facility for the intellectually disabled provider’s appeal of the director’s final decision shall be to the administrative hearing commission in accordance with sections 208.156 and 621.055.

13. Notwithstanding any other provision of law to the contrary, appeals regarding this assessment shall be to the circuit court of Cole County or the circuit court in the county in which the facility is located. The circuit court shall hear the matter as the court of original jurisdiction.

14. Nothing in this section shall be deemed to affect or in any way limit the tax-exempt or nonprofit

status of any intermediate care facility for the intellectually disabled granted by state law.

15. The director of the department of mental health shall promulgate rules and regulations to implement this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This exception to geographic proximity shall apply only to independent rural health clinics, provider-based rural health clinics where the provider is a critical access hospital as provided in 42 U.S.C. Section 1395i-4, and provider-based rural health clinics where the main location of the hospital sponsor is greater than fifty miles from the clinic. Such rules shall be limited to [specifying geographic areas to be covered, the methods of treatment that may be covered by collaborative practice arrangements and the requirements for review of services provided pursuant to collaborative practice arrangements including]delegating authority to prescribe controlled substances.

(2). Any previously adopted rules regulating the use of collaborative practice arrangements that are not limited to delegating authority to prescribe controlled substances shall be null and void from the effective date of this subdivision.

(3) Any rules relating to dispensing or distribution of medications or devices by prescription or prescription drug orders under this section shall be subject to the approval of the state board of pharmacy. Any rules relating to dispensing or distribution of controlled substances by prescription or prescription drug orders under this section shall be subject to the approval of the department of health and senior services and the state board of pharmacy. 5. The state board of registration for the healing arts shall not deny, revoke, suspend or otherwise take disciplinary action against a physician for health care services delegated to a registered professional nurse provided the provisions of this section and the rules promulgated thereunder are satisfied. Upon the written request of a physician subject to a disciplinary action imposed as a result of an agreement between a physician and a registered professional nurse or registered physician assistant, whether written or not, prior to August 28, 1993, all records of such disciplinary licensure action and all records pertaining to the filing, investigation or review of an alleged violation of this chapter incurred as a result of such an agreement shall be removed from the records of the state board of registration for the healing arts and the division of professional registration and shall not be disclosed to any public or private entity seeking such information from the board or the division. The state board of registration for the healing arts shall take action to correct reports of alleged violations and disciplinary actions as described in this section which have been submitted to the National Practitioner Data Bank. In subsequent applications or representations relating to his **or her** medical practice, a physician completing forms or documents shall not be required to report any actions of the state board of registration for the healing arts for which the records are subject to removal under this section.

6. Within thirty days of any change and on each renewal, the state board of registration for the healing arts shall require every physician to identify whether the physician is engaged in any collaborative practice agreement, including collaborative practice agreements delegating the authority to prescribe controlled substances, or physician assistant agreement and also report to the board the name of each licensed professional with whom the physician has entered into such agreement. The board may make this information available to the public. The board shall track the reported information and may routinely conduct random reviews of such agreements to ensure that agreements are carried out for compliance under this chapter.

7. Notwithstanding any law to the contrary, a certified registered nurse anesthetist as defined in subdivision (8) of section 335.016 shall be permitted to provide anesthesia services without a collaborative practice arrangement provided that he or she is under the supervision of an anesthesiologist or other physician, dentist, or podiatrist who is immediately available if needed. Nothing in this subsection shall be construed to prohibit or prevent a certified registered nurse anesthetist as defined in subdivision (8) of section 335.016 from entering into a collaborative practice arrangement under this section, except that the collaborative practice arrangement may not delegate the authority to prescribe any controlled substances listed in Schedules III, IV, and V of section 195.017, or Schedule II - hydrocodone.

8. A collaborating physician shall not enter into a collaborative practice arrangement with more than six full-time equivalent advanced practice registered nurses, full-time equivalent licensed physician assistants, or full-time equivalent assistant physicians, or any combination thereof. This limitation shall not apply to collaborative arrangements of hospital employees providing inpatient care service in hospitals as defined in chapter 197 or population-based public health services as defined by 20 CSR 2150-5.100 as of April 30, 2008, or to a certified registered nurse anesthetist providing anesthesia services under the supervision of an anesthesiologist or other physician, dentist, or podiatrist who is immediately available if needed as set out in subsection 7 of this section.

9. [It is the responsibility of the collaborating physician to determine and document the completion of at least a one-month period of time during which the advanced practice registered nurse shall practice with the collaborating physician continuously present before practicing in a setting where the collaborating

physician is not continuously present. This limitation shall not apply to collaborative arrangements of providers of population-based public health services as defined by 20 CSR 2150-5.100 as of April 30, 2008.

10.] No agreement made under this section shall supersede current hospital licensing regulations governing hospital medication orders under protocols or standing orders for the purpose of delivering inpatient or emergency care within a hospital as defined in section 197.020 if such protocols or standing orders have been approved by the hospital's medical staff and pharmaceutical therapeutics committee.

[11.] **10.** No contract or other agreement shall require a physician to act as a collaborating physician for an advanced practice registered nurse against the physician's will. A physician shall have the right to refuse to act as a collaborating physician, without penalty, for a particular advanced practice registered nurse. No contract or other agreement shall limit the collaborating physician's ultimate authority over any protocols or standing orders or in the delegation of the physician's authority to any advanced practice registered nurse, but this requirement shall not authorize a physician in implementing such protocols, standing orders, or delegation to violate applicable standards for safe medical practice established by hospital's medical staff.

[12.] **11.** No contract or other agreement shall require any advanced practice registered nurse to serve as a collaborating advanced practice registered nurse for any collaborating physician against the advanced practice registered nurse's will. An advanced practice registered nurse shall have the right to refuse to collaborate, without penalty, with a particular physician.”; and

A married individual filing a Missouri income tax return separately from his or her spouse shall be allowed to make a deduction pursuant to this section in an amount equal to the proportion of such individual’s payment of all qualified long-term care insurance premiums. The director of the department of revenue shall place a line on all Missouri individual income tax returns for the deduction created by this section.

Further amend said bill, Page 10, Section 221.065, Line 12, by inserting after all of said line and section the following:

“376.1109. 1. Regulations adopted pursuant to sections 376.1100 to 376.1130 shall be in accordance with the provisions of chapter 536.

2. No long-term care insurance policy may:

(1) Be cancelled, nonrenewed or otherwise terminated on the grounds of the age or the deterioration of the mental or physical health of the insured individual or certificate holder; or

(2) Contain a provision establishing a new waiting period in the event existing coverage is converted to or replaced by a new or other form within the same company, except with respect to an increase in benefits voluntarily selected by the insured individual or group policyholder; or

4. The director may extend the limitation periods set forth in subdivisions (1) and (2) of subsection 3 of this section as to specific age group categories in specific policy forms upon findings that the extension is in the best interest of the public.

5. The definition of preexisting condition provided in subsection 3 of this section does not prohibit an insurer from using an application form designed to elicit the complete health history of an applicant, and, on the basis of the answers on that application, from underwriting in accordance with that insurer’s established underwriting standards. Unless otherwise provided in the policy or certificate, a preexisting condition, regardless of whether it is disclosed on the application, need not be covered until the waiting period described in subdivision (2) of subsection 3 of this section expires. No long-term care insurance policy or certificate may exclude or use waivers or riders of any kind to exclude, limit or reduce coverage or benefits for specifically named or described preexisting diseases or physical conditions beyond the waiting period described in subdivision (2) of subsection 3 of this section.

6. No long-term care insurance policy may be delivered or issued for delivery in this state if such policy:

(1) Conditions eligibility for any benefits on a prior hospitalization requirement; or

(2) Conditions eligibility for benefits provided in an institutional care setting on the receipt of a higher level of institutional care; or

(3) Conditions eligibility for any benefits other than waiver of premium, post-confinement, post-acute care or recuperative benefits on a prior institutionalization requirement.

7. A long-term care insurance policy containing post-confinement, post-acute care or recuperative benefits shall clearly label in a separate paragraph of the policy or certificate entitled “Limitations or Conditions on Eligibility for Benefits” such limitations or conditions, including any required number of days of confinement.

8. A long-term care insurance policy or rider which conditions eligibility of noninstitutional benefits on the prior receipt of institutional care shall not require a prior institutional stay of more than thirty days.

9. No long-term care insurance policy or rider which provides benefits only following institutionalization shall condition such benefits upon admission to a facility for the same or related conditions within a period of less than thirty days after discharge from the institution.

10. The director may adopt regulations establishing loss ratio standards for long-term care insurance policies provided that a specific reference to long-term care insurance policies is contained in the regulation.

11. Long-term care insurance applicants shall have the right to return the policy or certificate within thirty days of its delivery and to have the premium refunded if, after examination of the policy or certificate, the applicant is not satisfied for any reason. Long-term care insurance policies and certificates shall have a notice prominently printed on the first page or attached thereto stating in substance that the applicant shall have the right to return the policy or certificate within thirty days of its delivery and to have the premium refunded if, after examination of the policy or certificate, other than a certificate issued pursuant to a policy issued to a group defined in paragraph (a) of subdivision (4) of subsection 2 of section 376.1100, the applicant is not satisfied for any reason. This subsection shall also apply to denials of applications and any refund must be made within thirty days of the return or denial.

12. (1) If a long-term care insurance policy issued, delivered, or renewed in this state on or after January 1, 2011, is cancelled for any reason, the insurer shall refund the unearned portion of any premium paid beyond the month in which the cancellation is effective. Any refund shall be returned to the policyholder within twenty days from the date the insurer receives notice of the cancellation. “208.662. 1. There is hereby established within the department of social services the “Show-Me Healthy Babies Program” as a separate children’s health insurance program (CHIP) for any low-income unborn child. The program shall be established under the authority of Title XXI of the federal Social Security Act, the State Children’s Health Insurance Program, as amended, and 42 CFR 457.1.

2. For an unborn child to be enrolled in the show-me healthy babies program, his or her mother shall not be eligible for coverage under Title XIX of the federal Social Security Act, the Medicaid program, as it is administered by the state, and shall not have access to affordable employer-subsidized health care insurance or other affordable health care coverage that includes coverage for the unborn child. In addition, the unborn child shall be in a family with income eligibility of no more than three hundred percent of the federal poverty level, or the equivalent modified adjusted gross income, unless the income eligibility is set lower by the general assembly through appropriations. In calculating family size as it relates to income eligibility, the family shall include, in addition to other family members, the unborn child, or in the case of a mother with a multiple pregnancy, all unborn children.

3. Coverage for an unborn child enrolled in the show-me healthy babies program shall include all prenatal care and pregnancy-related services that benefit the health of the unborn child and that promote healthy labor, delivery, and birth. 5. Coverage for the child shall continue for up to one year after birth, unless otherwise prohibited by law or unless otherwise limited by the general assembly through appropriations.

6. Pregnancy-related and postpartum coverage for the mother shall begin on the day the pregnancy ends and extend through [the last day of the month that includes the sixtieth day] **one year** after the pregnancy ends, unless otherwise prohibited by law or unless otherwise limited by the general assembly through appropriations. The department may include pregnancy-related assistance as defined in 42 U.S.C. Section 1397II.

7. The department shall provide coverage for an unborn child enrolled in the show-me healthy babies program in the same manner in which the department provides coverage for the children's health insurance program (CHIP) in the county of the primary residence of the mother.

8. (2) Have anyone present whom he or she deems to be necessary or desirable; and

4. After the filing of such complaint, the proceedings shall be conducted in accordance with the provisions of chapter 621. Upon a finding by the administrative hearing commission that the grounds, provided in subsection 2 of this section, for disciplinary action are met, the department may, singly or in combination, censure or place the person named in the complaint on probation on such terms and conditions as the department deems appropriate for a period not to exceed five years, or may suspend, for a period not to exceed three years, or revoke the license, certificate or permit. pursuant to sections 190.100 to [190.245] **190.243** simultaneously with the filing of the complaint with the administrative hearing commission as set forth in subsection 2 of this section, if the department finds that there is an imminent threat to the public health. The notice of suspension shall include the basis of the suspension and notice of the right to appeal such suspension. The licensee may appeal the decision to suspend the license, certificate or permit to the department. The appeal shall be filed within ten days from the date of the filing of the complaint. A hearing shall be conducted by the department within ten days from the date the appeal is filed. The suspension shall continue in effect until the conclusion of the proceedings, including review thereof, unless sooner withdrawn by the department, dissolved by a court of competent jurisdiction or stayed by the administrative hearing commission.

190.171. Any person aggrieved by an official action of the department of health and senior services affecting the licensed status of a person pursuant to the provisions of sections 190.001 to [190.245] **190.243** and sections 190.525 to 190.537, including the refusal to grant, the grant, the revocation, the suspension, or the failure to renew a license, may seek a determination thereon by the administrative hearing commission pursuant to the provisions of section 621.045, and it shall not be a condition to such determination that the person aggrieved seek a reconsideration, a rehearing, or exhaust any other procedure within the department of health and senior services or the department of social services.

190.173. 1. All complaints, investigatory reports, and information pertaining to any applicant, holder of any certificate, permit, or license, or other individual are confidential and shall only be disclosed upon written consent of the person whose records are involved or to other administrative or law enforcement agencies acting within the scope of their statutory authority. However, no applicant, holder of any certificate, permit, or license, or other individual shall have access to any complaints, investigatory reports, or information concerning an investigation in progress until such time as the investigation has been completed as required by subsection 1 of section 190.248.

2. 2. Each day that any violation of, or failure to comply with, sections 190.001 to [190.245] **190.243** is committed or permitted to continue shall constitute a separate and distinct offense and shall be punishable as such hereunder; but the court may, in appropriate cases, stay the cumulation of penalties.

3. The attorney general of Missouri shall have concurrent jurisdiction with any and all prosecuting attorneys to prosecute persons in violation of sections 190.001 to [190.245] **190.243**, and the attorney general or prosecuting attorney may institute injunctive proceedings against any person operating in violation of sections 190.001 to [190.245] **190.243**.

4. 5. A person, acting as owner, agent or otherwise, who holds a valid license for an ambulance service, shall not, incident to such person's business or service of transporting patients, violate any applicable law, ordinance or regulation of any political subdivision by providing ambulance services or operating any ambulances without a franchise, contract or mutual-aid agreement in such political subdivision, or by violating any such franchise, contract or mutual-aid agreement by any political subdivision which has enacted ordinances making it unlawful to do so. If the department receives official written notification by a political subdivision that an ambulance service has been adjudicated and found to be in violation of any applicable law or ordinance, such ambulance service shall be subject to licensure action by the department.

6. No provision of this section is intended to limit or supersede a political subdivision's right to enforce any law, ordinance, regulation, franchise, contract or mutual-aid agreement.

7. The provisions of subsections 4, 5 and 6 of this section shall not apply to a city not within a county and any county with a population of over nine hundred thousand inhabitants and any licensed ambulance service when operating in a city not within a county.

Any rule or portion of a rule promulgated pursuant to the authority of sections 190.001 to [190.245] **190.243** or sections 190.525 to 190.537 shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date or

to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2002, shall be invalid and void.

190.196. 1. No employer shall knowingly employ or permit any employee to perform any services for which a license, certificate or other authorization is required by sections 190.001 to [190.245] **190.243**, or by rules adopted pursuant to sections 190.001 to [190.245] **190.243**, unless and until the person so employed possesses all licenses, certificates or authorizations that are required.

2. Any person or entity that employs or supervises a person's activities as an emergency medical responder, emergency medical dispatcher, emergency medical technician, registered nurse, physician assistant, or physician shall cooperate with the department's efforts to monitor and enforce compliance by those individuals subject to the requirements of sections 190.001 to [190.245] **190.243**.

190.200. 1. The department of health and senior services in cooperation with **hospitals and** local and regional EMS systems and agencies may provide public and professional information and education programs related to emergency medical services systems including trauma, STEMI, and stroke systems and emergency medical care and treatment. The department of health and senior services may also provide public information and education programs for informing residents of and visitors to the state of the availability and proper use of emergency medical services, **of the designation a hospital may receive as a trauma center, STEMI center, or stroke center**, of the value and nature of programs to involve citizens in the administering of prehospital emergency care, including cardiopulmonary resuscitation, and of the

availability of training programs in emergency care for members of the general public.

2. The department shall, for **trauma care**, STEMI care, and stroke care, respectively:

Upon approval of a plan, the department shall waive the requirements of rules promulgated under sections 190.100 to [190.245] **190.243** that are inconsistent with the community-based or regional plan. A community-based or regional plan shall be developed by [or in consultation with] the representatives of hospitals, physicians, and emergency medical services providers in the community or region.

190.241. 1. **Except as provided for in subsection 4 of this section**, the department shall designate a hospital as an adult, pediatric or adult and pediatric trauma center when a hospital, upon proper application submitted by the hospital and site review, has been found by the department to meet the applicable level of trauma center criteria for designation in accordance with rules adopted by the department as prescribed by section 190.185. **Site review may occur on-site or by any reasonable means of communication, or by any combination thereof.** Such rules shall include designation as a trauma center without site review if such hospital is verified by a national verifying or designating body at the level which corresponds to a level approved in rule. **In developing trauma center designation criteria, the department shall use, as it deems practicable, peer-reviewed and evidence-based clinical research and guidelines including, but not limited to, the most recent guidelines of the American College of Surgeons.**

2. Except as provided for in subsection [5] **4** of this section, the department shall designate a hospital as a STEMI or stroke center when such hospital, upon proper application and site review, has been found by the department to meet the applicable level of STEMI or stroke center criteria for designation in

accordance with rules adopted by the department as prescribed by section 190.185. **Site review may occur on-site or by any reasonable means of communication, or by any combination thereof.** In developing STEMI center and stroke center designation criteria, the department shall use, as it deems practicable, [appropriate] peer-reviewed [or] **and** evidence-based **clinical** research [on such topics] **and guidelines** including, but not limited to, the most recent guidelines of the American College of Cardiology [and], **the** American Heart Association [for STEMI centers, or the Joint Commission's Primary Stroke Center Certification program criteria for stroke centers, or Primary and Comprehensive Stroke Center Recommendations as published by], **or** the American Stroke Association. Such rules shall include designation as a STEMI center **or stroke center** without site review if such hospital is certified by a national body.

3. The department of health and senior services shall, not less than once every [five] **three** years, conduct [an on-site] **a site** review of every trauma, STEMI, and stroke center through appropriate department personnel or a qualified contractor, with the exception of **trauma centers, STEMI centers, and** stroke centers designated pursuant to subsection [5] **4** of this section; however, this provision is not intended to limit the department's ability to conduct a complaint investigation pursuant to subdivision (3) of subsection 2 of section 197.080 of any trauma, STEMI, or stroke center. [On-site] **Site** reviews shall be coordinated for the different types of centers to the extent practicable with hospital licensure inspections conducted under chapter 197. No person shall be a qualified contractor for purposes of this subsection who has a substantial conflict of interest in the operation of any trauma, STEMI, or stroke center under review. The department may deny, place on probation, suspend or revoke such designation in any case in which it has [reasonable cause to believe that] **determined** there has been a substantial failure to comply with the provisions of this chapter or any rules or regulations promulgated pursuant to this chapter. **Centers that are placed on probationary status shall be required to demonstrate compliance with the provisions of this chapter and any rules or regulations promulgated under this chapter within twelve months of the date of the receipt of the notice of probationary status, unless otherwise provided by a settlement agreement with a duration of a maximum of eighteen months between the department and the designated center.** If the department of health and senior services has [reasonable cause to believe] **determined** that a hospital is not in compliance with such provisions or regulations, it may conduct additional announced or unannounced site reviews of the hospital to verify compliance. If a trauma, STEMI, or stroke center fails two consecutive [on-site] **site** reviews because of substantial noncompliance with standards prescribed by sections 190.001 to [190.245] **190.243** or rules adopted by the department pursuant to sections 190.001 to [190.245] **190.243**, its center designation shall be revoked.

4. **(1)** Instead of applying for **trauma, STEMI, or stroke** center designation under subsection **1 or 2** of this section, a hospital may apply for **trauma, STEMI, or stroke** center designation under this subsection. Upon receipt of an application [from a hospital] on a form prescribed by the department, the department shall designate such hospital[:

(1) A level I STEMI center if such hospital has been certified as a Joint Commission comprehensive cardiac center or another department-approved nationally recognized organization that provides comparable STEMI center accreditation; or

The rules shall be based on standards of nationally recognized organizations and the recommendations of the time-critical diagnosis advisory committee.**

(2) Except as provided by subsection [6] **5** of this section, the department shall not require compliance with any additional standards for establishing or renewing **trauma, STEMI, or** stroke designations. The designation shall continue if such hospital remains **certified or verified**. The department may remove a hospital's designation as a **trauma center, STEMI center, or** stroke center if the hospital requests removal of the designation or the department determines that the certificate [recognizing] **or verification that qualified** the hospital [as a stroke center] **for the designation under this subsection** has been suspended or revoked. Any decision made by the department to withdraw its designation of a [stroke] center pursuant to this subsection that is based on the revocation or suspension of a certification **or verification** by a certifying **or verifying** organization shall not be subject to judicial review. The department shall report to the certifying **or verifying** organization any complaint it receives related to the [stroke] center [certification of a stroke center] designated pursuant to this subsection. The department shall also advise the complainant which organization certified **or verified** the [stroke] center and provide the necessary contact information should the complainant wish to pursue a complaint with the certifying **or verifying** organization.

(5)] Participate in local and regional emergency medical services systems [by reviewing and sharing

outcome data and] **for purposes of** providing training [and], **sharing** clinical educational resources, **and collaborating on improving patient outcomes.**

Any hospital receiving designation as a level III stroke center pursuant to subsection [5] **4** of this section shall have a formal agreement with a level I or level II stroke center for physician consultative services for evaluation of stroke patients for thrombolytic therapy and the care of the patient post-thrombolytic therapy.

[7.] **6.** Hospitals designated as a **trauma center, STEMI center,** or stroke center by the department[, including those designated pursuant to subsection 5 of this section,] shall submit data [to meet the data submission requirements specified by rules promulgated by the department. Such submission of data may be done] by **one of** the following methods:

(1) Entering hospital data [directly] into a state registry [by direct data entry]; **or**

(2) [Downloading hospital data from a nationally recognized registry or data bank and importing the data files into a state registry; or

Further amend said bill, Page 10, Section 221.065, Line 12, by inserting after all of said section and line the following:

“338.015. 1. The provisions of sections 338.010 to 338.015 shall not be construed to inhibit the patient’s freedom of choice to obtain prescription services from any licensed pharmacist **or pharmacy**. [However, nothing in sections 338.010 to 338.315 abrogates the patient’s ability to waive freedom of choice under any contract with regard to payment or coverage of prescription expense.]

2. All pharmacists may provide pharmaceutical consultation and advice to persons concerning the safe and therapeutic use of their prescription drugs.

3. All patients shall have the right to receive a written prescription from their prescriber to take to the facility of their choice or to have an electronic prescription transmitted to the facility of their choice.

4. No pharmacy benefits manager, as defined in section 376.388, shall prohibit or redirect by contract, or otherwise penalize or restrict, a covered person, as defined in section 376.387, from obtaining prescription services, consultation, or advice from a contracted pharmacy, as defined in section 376.388.

376.387. 1. For purposes of this section, the following terms shall mean:

(1) “Covered person”, [the same meaning as such term is defined in section 376.1257] **a policyholder, subscriber, enrollee, or other individual who receives prescription drug coverage through a pharmacy benefits manager;**

- (2) “Health benefit plan”, the same meaning as such term is defined in section 376.1350;
- (3) “Health carrier” or “carrier”, the same meaning as such term is defined in section 376.1350;
- (4) “Pharmacy”, the same meaning as such term is defined in chapter 338;
- (5) “Pharmacy benefits manager”, the same meaning as such term is defined in section 376.388.

2. No pharmacy benefits manager shall include a provision in a contract entered into or modified on or after August 28, 2018, with a pharmacy or pharmacist that requires a covered person to make a payment for a prescription drug at the point of sale in an amount that exceeds the lesser of:

- (1) The copayment amount as required under the health benefit plan; or
- (2) The amount an individual would pay for a prescription if that individual paid with cash.

3. A pharmacy or pharmacist shall have the right to provide to a covered person information regarding the amount of the covered person’s cost share for a prescription drug, the covered person’s cost of an alternative drug, and the covered person’s cost of the drug without adjudicating the claim through the pharmacy benefits manager. Neither a pharmacy nor a pharmacist shall be proscribed by a pharmacy benefits manager from discussing any such information or from selling a more affordable alternative to the covered person.

4. No pharmacy benefits manager shall, directly or indirectly, charge or hold a pharmacist or pharmacy responsible for any fee amount related to a claim that is not known at the time of the claim’s adjudication, unless the amount is a result of improperly paid claims [or charges for administering a health benefit plan].

5. [This section shall not apply with respect to claims under Medicare Part D, or any other plan administered or regulated solely under federal law, and to the extent this section may be preempted under the Employee Retirement Income Security Act of 1974 for self-funded employer-sponsored health benefit plans.

6.] A pharmacy benefits manager shall notify in writing any health carrier with which it contracts if the pharmacy benefits manager has a conflict of interest, any commonality of ownership, or any other relationship, financial or otherwise, between the pharmacy benefits manager and any other health carrier with which the pharmacy benefits manager contracts.

[7.] 6. Any entity that enters into a contract to sell, provide, pay, or reimburse a pharmacy in the state for prescription drugs on behalf of itself or another entity shall define and apply the term “generic”, with respect to prescription drugs, to mean any “authorized generic drug”, as defined in 21 CFR 314.3, approved under section 505(c) of the Federal Food, Drug, and Cosmetic Act, as amended.

7. Any entity that enters into a contract to sell, provide, pay, or reimburse a pharmacy in the state for prescription drugs on behalf of itself or another entity shall define and apply the term “rebate” as having the same meaning given to the term in section 103.200.

8. A pharmacy benefits manager that has contracted with an entity to provide pharmacy benefit management services for such an entity shall owe a fiduciary duty to that entity, and shall discharge that duty in accordance with federal and state law.

9. The department of commerce and insurance shall enforce this section.

376.388. 1. As used in this section, unless the context requires otherwise, the following terms shall mean:

(1) “Contracted pharmacy” [or “pharmacy”], a pharmacy located in Missouri participating in the network of a pharmacy benefits manager through a direct or indirect contract;

(2) [“Health carrier”, an entity subject to the insurance laws and regulations of this state that contracts or offers to contract to provide, deliver, arrange for, pay for, or reimburse any of the costs of health care services, including a sickness and accident insurance company, a health maintenance organization, a nonprofit hospital and health service corporation, or any other entity providing a plan of health insurance, health benefits, or health services, except that such plan shall not include any coverage pursuant to a liability insurance policy, workers’ compensation insurance policy, or medical payments insurance issued as a supplement to a liability policy;

(3)] “Maximum allowable cost”, the per-unit amount that a pharmacy benefits manager reimburses a pharmacist for a prescription drug, excluding a dispensing or professional fee;

[(4)] **(3)** “Maximum allowable cost list” or “MAC list”, a listing of drug products that meet the standard described in this section;

[(5)] **(4)** “Pharmacy”, as such term is defined in chapter 338;

[(6)] **(5)** “Pharmacy benefits manager”, an entity that [contracts with pharmacies on behalf of health carriers or any health plan sponsored by the state or a political subdivision of the state] **administers or manages a pharmacy benefits plan or program;**

(6) “Pharmacy benefits manager affiliate”, a pharmacy or pharmacist that directly or indirectly, through one or more intermediaries, owns or controls, is owned or controlled by, or is under common ownership or control with a pharmacy benefits manager;

(7) “Pharmacy benefits plan or program”, a plan or program that pays for, reimburses, covers the cost of, or otherwise provides for pharmacist services to individuals who reside in or are employed in this state.

2. Upon each contract execution or renewal between a pharmacy benefits manager and a pharmacy or between a pharmacy benefits manager and a pharmacy’s contracting representative or agent, such as a pharmacy services administrative organization, a pharmacy benefits manager shall, with respect to such contract or renewal:

(1) Include in such contract or renewal the sources utilized to determine maximum allowable cost and update such pricing information at least every seven days; and

(2) Maintain a procedure to eliminate products from the maximum allowable cost list of drugs subject to such pricing or modify maximum allowable cost pricing at least every seven days, if such drugs do not meet the standards and requirements of this section, in order to remain consistent with pricing changes in the marketplace.

3. A pharmacy benefits manager shall reimburse pharmacies for drugs subject to maximum allowable cost pricing that has been updated to reflect market pricing at least every seven days as set forth under subdivision (1) of subsection 2 of this section.

4. A pharmacy benefits manager shall not place a drug on a maximum allowable cost list unless there

are at least two therapeutically equivalent multisource generic drugs, or at least one generic drug available from at least one manufacturer, generally available for purchase by network pharmacies from national or regional wholesalers.

5. (1) All contracts between a pharmacy benefits manager and a contracted pharmacy or between a pharmacy benefits manager and a pharmacy's contracting representative or agent, such as a pharmacy services administrative organization, shall include a process to internally appeal, investigate, and resolve disputes regarding maximum allowable cost pricing. The process shall include the following:

[(1)] (a) The right to appeal shall be limited to fourteen calendar days following the reimbursement of the initial claim; and

[(2)] (b) A requirement that the pharmacy benefits manager shall respond to an appeal described in this subsection no later than fourteen calendar days after the date the appeal was received by such pharmacy benefits manager.

(2) If a reimbursement to a contracted pharmacy is below the pharmacy's cost to purchase the drug, the pharmacy benefits manager shall sustain an appeal and increase reimbursement to the pharmacy and other contracted pharmacies to cover the cost of purchasing the drug.

(3) A pharmacy benefits manager shall not reimburse a pharmacy or pharmacist in the state an amount less than the amount that the pharmacy benefits manager reimburses a pharmacy benefits manager affiliate for providing the same pharmacist services.

6. For appeals that are denied, the pharmacy benefits manager shall provide the reason for the denial and identify the national drug code of a drug product that may be purchased by contracted pharmacies at a price at or below the maximum allowable cost and, when applicable, may be substituted lawfully.

7. If the appeal is successful, the pharmacy benefits manager shall:

(1) Adjust the maximum allowable cost price that is the subject of the appeal effective on the day after the date the appeal is decided;

(2) Apply the adjusted maximum allowable cost price to all similarly situated pharmacies as determined by the pharmacy benefits manager; and

(3) Allow the pharmacy that succeeded in the appeal to reverse and rebill the pharmacy benefits claim giving rise to the appeal.

8. Appeals shall be upheld if:

(1) The pharmacy being reimbursed for the drug subject to the maximum allowable cost pricing in question was not reimbursed as required under subsection 3 of this section; or

(2) The drug subject to the maximum allowable cost pricing in question does not meet the requirements set forth under subsection 4 of this section.”; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

[8.] 9. Requirements under this section shall not be subject to a covered person's prior success or failure of the services provided.”; and

(2) The project has a finite start date and termination date;

(3) The project clearly defines the new techniques or approaches it intends to examine to determine if it results in an improvement in access or quality of care;

(4) The project plan identifies specific and limited locations and populations to participate in the pilot project;

(5) The project plan clearly establishes minimum guidelines and standards for the pilot project including provisions for protecting safety of participating patients;

(6) The project plan clearly defines the measurement criteria it will use to evaluate the outcomes of the pilot project on access and quality of care; and

(7) The project plan identifies reporting intervals to communicate interim and final outcomes to the board.”; and

3. (1) **For all school years ending on or before June 30, 2022**, any person who pays a school tax in any other district than that in which [he] **the person** resides may send [his] **the person’s** children to any public school in the district in which the tax is paid and receive as a credit on the amount charged for tuition the amount of the school tax paid to the district; except that any person who owns real estate of which eighty acres or more are used for agricultural purposes and upon which [his] **the person’s** residence is situated may send [his] **the person’s** children to public school in any school district in which a part of such real estate, contiguous to that upon which [his] **the person’s** residence is situated, lies and shall not be charged tuition therefor; so long as thirty-five percent of the real estate is located in the school district of choice. (2) Between two or more [corporations or] business entities engaged in a joint venture or other legally permissible business arrangement where such covenant seeks to protect against possible misuse of confidential **business or proprietary information** or trade [secret business information] **secrets** shared or to be shared between or among such [corporations or] entities;

(3) Between [an employer] **a business entity** and one or more employees **of such business entity** seeking on the part of the [employer] **business entity** to protect:

2. Whether a covenant covered by **subsection 1** of this section is reasonable shall be determined based upon the facts and circumstances pertaining to such covenant, but a covenant covered exclusively by subdivision (3) or (4) of subsection 1 of this section shall be conclusively presumed to be reasonable if its postemployment **or postbusiness** duration is no more than [one year] **two years**.

3. A reasonable covenant in writing promising not to solicit, induce, persuade, encourage, service, accept business from, or otherwise interfere with, directly or indirectly, a business entity's customers, including, but not limited to, any reduction, termination, or transfer of any customer's business, in whole or in part, for purposes of providing any product or any service that is competitive with those provided by the business entity, shall be enforceable and not a restraint of trade under subsection 1 of section 416.031, if the covenant is limited to customers with whom the employee dealt during the employee's employment or other business relationship with the business entity, and if:

(1) The covenant is between a business entity and one or more current or former employees of the business entity and is not associated with the sale or ownership of all or any part of:

(3) The covenant is between a business entity and the owner or seller of all or any part of any of the items provided in paragraph (a) or (b) of subdivision (1) of this subsection, so long as the covenant does not continue for longer than five years in duration or the period of time during which payments are being made to the owner or seller as a result of any sale, measured from the date of termination, closing, or disposition of such items. A breach or threatened breach of a covenant described in this subdivision shall create a conclusive presumption of irreparable harm in the absence of an issuance of injunctive relief in connection with the enforcement of the covenant, without the necessity of establishing by prima facie evidence any actual or threatened damages or harm. Nothing in this paragraph shall be construed to change any applicable evidentiary standard or other standard necessary for obtaining temporary, preliminary, or permanent injunctive relief relating to the enforcement of covenants. A provision in writing by which an employee promises to provide prior notice to a business entity of the employee's intent to terminate, sell, or otherwise dispose of all or any part of any of the items covered by this subdivision shall be conclusively presumed to be enforceable and not a restraint of trade under subsection 1 of section 416.031, if the specified notice period is no longer than thirty days in duration and the business entity agrees in writing to pay the employee at the employee's regular rate of pay and to provide the employee with the employee's regular benefits during the applicable notice period even if the business entity does not require the employee to provide services during the notice period.

4. Whether a covenant covered by subsection 3 of this section is reasonable shall be determined based upon the facts and circumstances pertaining to the covenant, but a covenant covered by subdivisions (1) to (3) of subsection 3 of this section shall be conclusively presumed to be reasonable if the duration of its postemployment, posttermination, postbusiness relationship, postsale, or postdisposition period is consistent with the applicable duration limits set forth in subdivisions (1) to (3) of subsection 3 of this section.

5. No express reference to geographic area shall be required for a covenant described in this section to be enforceable.

6. If a covenant is overbroad, overlong, or otherwise not reasonably necessary to protect the legitimate business interests of the person seeking enforcement of the covenant, a court shall modify the covenant, enforce the covenant as modified, and grant only the relief reasonably necessary to protect such interests.

7. Nothing in subdivision (3) or (4) of subsection 1 or subdivisions (1) to (3) of subsection 3 of this section is intended to create, or to affect the validity or enforceability of, [employer-employee] covenants

not to compete, **other types of covenants, or nondisclosure or confidentiality agreements, except as expressly provided in this section.**

[4.] 8. Nothing in this section shall preclude a covenant described in subsection 1 of this section from being enforceable in circumstances other than those described in subdivisions (1) to (4) of subsection 1 of this section, **or a covenant described in subsection 3 of this section from being enforceable in circumstances other than those described in subdivisions (1) to (3) of subsection 3 of this section,** where such covenant is reasonably necessary to protect a party's legally permissible business interests.

[5.] 9. **Except as otherwise expressly provided in this section,** nothing [is] in this section shall be construed to limit an employee's ability to seek or accept employment with another employer immediately upon, or at any time subsequent to, termination of employment, whether said termination was voluntary or nonvoluntary.

An appeal from the circuit court in such a case shall be allowed as in civil action. The limited liability company may provide information to the secretary that would allow the secretary to withdraw the notice of proposed cancellation. This information may consist of, but need not be limited to, corrected statements and documents, new filings, affidavits and certified copies of other filed documents;

(3) The power to rescind cancellation provided for in subdivision (2) of this section upon compliance with either of the following:

If mailed, the notice shall be deemed delivered five days after it is deposited in the United States mail in a sealed envelope addressed to such limited liability company's last registered agent and office or to one of the limited liability company's managers or members.

(c) If the limited liability company does not timely file an articles of amendment in accordance with section 347.041 to extend the duration of the limited liability company, which may be any number of years or perpetual, or demonstrate to the reasonable satisfaction of the secretary that the period of duration determined by the secretary is incorrect, within sixty days after service of the notice is perfected by posting with the United States Postal Service, then the secretary shall cancel the articles of organization by signing an administrative cancellation that recites the grounds for cancellation and its effective date. The secretary shall file the original of the administrative cancellation and serve a copy on the limited liability company as provided in section 347.051.

(d) A limited liability company whose articles of organization has been administratively cancelled continues its existence but may not carry on any business except that necessary to wind up and liquidate its business and affairs under section 347.147 and notify claimants under section 347.141.

(d) If the secretary determines that the application contains the information and is accompanied by the fees required in paragraph (c) of this subdivision and that the information and fees are correct, the secretary shall rescind the cancellation and prepare a certificate of reinstatement that recites his or her determination and the effective date of reinstatement, file the original articles of organization, and serve a copy on the limited liability company as provided in section 347.051.

(e) When the reinstatement is effective, it shall relate back to and take effect as of the effective date of the administrative cancellation of the articles of organization and the limited liability company may continue carrying on its business as if the administrative cancellation had never occurred.

(f) In the event the name of the limited liability company was reissued by the secretary to another entity prior to the time application for reinstatement was filed, the limited liability company applying for reinstatement may elect to reinstate using a new name that complies with the requirements of section 347.020 and that has been approved by appropriate action of the limited liability company for changing the name thereof.

(g) If the secretary denies a limited liability company's application for reinstatement following administrative cancellation of the articles of organization, he or she shall serve the limited liability company as provided in section 347.051 with a written notice that explains the reason or reasons for denial.

347.186. 1. An operating agreement may establish or provide for the establishment of a designated series of members, managers, or limited liability company interests having separate rights, powers, or duties with respect to specified property or obligations of the limited liability company or profits and losses associated with specified property or obligations. To the extent provided in the operating agreement, any such series may have a separate business purpose or investment objective.

2. (1) Notwithstanding any other provisions of law to the contrary, the debts, liabilities, and obligations incurred, contracted for, or otherwise existing with respect to a particular series shall be enforceable against the assets of such series only, and not against the assets of the limited liability company generally or any other series thereof. Such particular series shall be deemed to have possession, custody, and control only of the books, records, information, and documentation related to such series and not of the books, records, information, and documentation related to the limited liability company as a whole or any other series thereof if all of the following apply:

(a) The operating agreement creates one or more series;

(b) Separate and distinct records are maintained for or on behalf of any such series;

(c) The assets associated with any such series, whether held directly or indirectly, including through a nominee or otherwise, are accounted for separately from the other assets of the limited liability company or of any other series;

(d) The operating agreement provides for the limitations on liabilities of a series described in this subdivision;

(e) Notice of the limitation on liabilities of a series described in this subdivision is included in the limited liability company's articles of organization; and

(f) The limited liability company has filed articles of organization that separately identify each series which is to have limited liability under this section.

(2) With respect to a particular series, unless otherwise provided in the operating agreement, none of the debts, liabilities, obligations, and expenses incurred, contracted for or otherwise existing with respect to a limited liability company generally, or any other series thereof, shall be enforceable against the assets of such series, subject to the provisions of subdivision (1) of this subsection.

(3) Compliance with paragraphs (e) and (f) of subdivision (1) of this subsection shall constitute notice of such limitation of liability of a series.

(4) A series with limited liability shall be treated as a separate entity to the extent set forth in the articles of organization. Each series with limited liability may, in its own name, contract, hold title to assets, grant security interests, sue and be sued, and otherwise conduct business and exercise the powers of a limited liability company under this chapter. The limited liability company and any of its series may elect to consolidate its operations as a single taxpayer to the extent permitted under applicable law, elect to work cooperatively, elect to contract jointly, or elect to be treated as a single business for the purposes of qualification or authorization to do business in this or any other state. Such elections shall not affect the limitation of liability set forth in this section except to the extent that the series have specifically accepted joint liability by contract.

3. Except in the case of a foreign limited liability company that has adopted a name that is not the name under which it is registered in its jurisdiction of organization, as permitted under sections 347.153 and 347.157, the name of the series with limited liability is required to contain the entire name of the limited liability company and be distinguishable from the names of the other series set forth in the articles of organization. In the case of a foreign limited liability company that has adopted a name that is not the name under which it is registered in its jurisdiction of organization, as permitted under sections 347.153 and 347.157, the name of the series with limited liability must contain the entire name under which the foreign limited liability company has been admitted to transact business in this state.

4. (1) (a) Upon filing of articles of organization setting forth the name of each series with limited liability, in compliance with section 347.037 or amendments under section 347.041, the series' existence shall begin.

(b) Each copy of the articles of organization stamped "Filed" and marked with the filing date shall be conclusive evidence that all required conditions have been met and that the series has been or shall be legally organized and formed under this section and is notice for all purposes of all other facts required to

be set forth therein.

(c) The name of a series with limited liability under this section may be changed by filing articles of amendment with the secretary of state pursuant to section 347.041, identifying the series whose name is being changed and the new name of such series. If not the same as the limited liability company, the names of the members of a member-managed series or of the managers of a manager-managed series may be changed by an amendment to the articles of organization with the secretary of state.

(d) A series with limited liability under this section may be dissolved by filing with the secretary of state articles of amendment pursuant to section 347.041 identifying the series being dissolved or by the dissolution of the limited liability company as provided in section 347.045. Except to the extent otherwise provided in the operating agreement, a series may be dissolved and its affairs wound up without causing the dissolution of the limited liability company. The dissolution of a series established in accordance with subsection 2 of this section shall not affect the limitation on liabilities of such series provided by subsection 2 of this section. A series is terminated and its affairs shall be wound up upon the dissolution of the limited liability company under section 347.045.

(e) Articles of organization, amendment, or termination described under this subdivision may be executed by the limited liability company or any manager, person, or entity designated in the operating agreement for the limited liability company.

(f) Notwithstanding paragraph (d) of subdivision (1) of subsection 4 of this section, the maximum number of designated series that may be effected by any one filing shall be limited to fifty.

(2) If different from the limited liability company, the articles of organization shall list the names of the members for each series if the series is member-managed or the names of the managers if the series is manager-managed.

(3) A series of a limited liability company shall be deemed to be in good standing as long as the limited liability company is in good standing.

(4) The registered agent and registered office for the limited liability company appointed under section 347.033 shall serve as the agent and office for service of process for each series in this state.

5. (1) An operating agreement may provide for classes or groups of members or managers associated with a series having such relative rights, powers, and duties as an operating agreement may provide and may make provision for the future creation of additional classes or groups of members or managers associated with the series having such relative rights, powers, and duties as may from time to time be established, including rights, powers, and duties senior and subordinate to or different from existing classes and groups of members or managers associated with the series.

(2) A series may be managed either by the member or members associated with the series or by the manager or managers chosen by the members of such series, as provided in the operating agreement. Unless otherwise provided in an operating agreement, the management of a series shall be vested in the members associated with such series.

(3) An operating agreement may grant to all or certain identified members or managers, or to a specified class or group of the members or managers associated with a series, the right to vote separately or with all or any class or group of the members or managers associated with the series, on any matter. An operating agreement may provide that any member or class or group of members associated with a series shall have

no voting rights or ability to otherwise participate in the management or governance of such series, but any such member or class or group of members are owners of the series.

(4) Except as modified in this section, the provisions of this chapter which are generally applicable to limited liability companies and their managers, members, and transferees shall be applicable to each particular series with respect to the operation of such series.

(5) Except as otherwise provided in an operating agreement, any event specified in this chapter or in an operating agreement that causes a manager to cease to be a manager with respect to a series shall not, in itself, cause such manager to cease to be a manager of the limited liability company or with respect to any other series thereof.

(6) Except as otherwise provided in an operating agreement, any event specified in this chapter or in an operating agreement that causes a member to cease to be associated with a series shall not, in itself, cause such member to cease to be associated with any other series, terminate the continued membership of a member in the limited liability company, or cause the termination of the series, regardless of whether such member was the last remaining member associated with such series.

(7) An operating agreement may impose restrictions, duties, and obligations on members of the limited liability company or any series thereof as a matter of internal governance, including, without limitation, those with regard to:

- (a) Choice of law, forum selection, or consent to personal jurisdiction;
- (b) Capital contributions;
- (c) Restrictions on, or terms and conditions of, the transfer of membership interests;
- (d) Restrictive covenants, including noncompetition, nonsolicitation, and confidentiality provisions;
- (e) Fiduciary duties; and

(f) Restrictions, duties, or obligations to or for the benefit of the limited liability company, other series thereof, or their affiliates.

6. (1) If a limited liability company with the ability to establish series does not register to do business in a foreign jurisdiction for itself and its series, a series of a limited liability company may itself register to do business as a limited liability company in the foreign jurisdiction in accordance with the laws of the foreign jurisdiction.

(2) If a foreign limited liability company, as permitted in the jurisdiction of its organization, has established a series having separate rights, powers, or duties and has limited the liabilities of such series so that the debts, liabilities, and obligations incurred, contracted for, or otherwise existing with respect to a particular series are enforceable against the assets of such series only, and not against the assets of the limited liability company generally or any other series thereof, or so that the debts, liabilities, obligations, and expenses incurred, contracted for, or otherwise existing with respect to the limited liability company generally or any other series thereof are not enforceable against the assets of such series, then the limited liability company, on behalf of itself or any of its series, or any of its series on its own behalf may register to do business in this state in accordance with this chapter. The limitation of liability shall also be stated on the application for registration. As required under section 347.153, the registration application filed shall identify each series being registered to do business in the state by the limited liability company. Unless

otherwise provided in the operating agreement, the debts, liabilities, and obligations incurred, contracted for, or otherwise existing with respect to a particular series of such a foreign limited liability company shall be enforceable against the assets of such series only and not against the assets of the foreign limited liability company generally or any other series thereof, and none of the debts, liabilities, obligations, and expenses incurred, contracted for, or otherwise existing with respect to such a foreign limited liability company generally or any other series thereof shall be enforceable against the assets of such series.

7. Nothing in sections 347.039, 347.153, or 347.186 shall be construed to alter existing Missouri statute or common law providing any cause of action for fraudulent conveyance, including but not limited to chapter 428, or any relief available under existing law that permits a challenge to limited liability.

358.460. 1. The exclusive right to the use of a name of a registered limited liability partnership or foreign registered limited liability partnership may be reserved by:

(1) Any person intending to become a registered limited liability partnership or foreign registered limited liability partnership under this chapter and to adopt that name; and

(2) Any registered limited liability partnership or foreign registered limited liability partnership which proposes to change its name.

2. The reservation of a specified name shall be made by filing with the secretary of state an application, executed by the applicant, specifying the name to be reserved and the name and address of the applicant. If the secretary of state finds that the name is available for use by a registered limited liability partnership or foreign registered limited liability partnership, the secretary of state shall reserve the name for the exclusive use of the applicant for a period of sixty days. A name reservation shall not exceed a period of one hundred eighty days from the date of the first name reservation application. Upon the one hundred eighty-first day the name shall cease reserve status and shall not be placed back in such status. The right to the exclusive use of a reserved name may be transferred to any other person by filing in the office of the secretary of state a notice of the transfer, executed by the applicant for whom the name was reserved, specifying the name to be transferred and the name and address of the transferee. The reservation of a specified name may be cancelled by filing with the secretary of state a notice of cancellation, executed by the applicant or transferee, specifying the name reservation to be cancelled and the name and address of the applicant or transferee.

3. Owners or operators of plug-in electric hybrids shall pay one-half of the stated annual alternative fuel decal fee. Notwithstanding provisions of this section to the contrary, motor vehicles licensed as historic under section 301.131 which are powered by alternative fuel shall be exempt from both the tax imposed by this chapter and the alternative fuel decal requirements of this section. For the purposes of this section, a plug-in electric hybrid shall be any hybrid vehicle made by a manufacturer with a model year of 2018 or newer, that has not been modified from the original manufacturer specifications, with an internal combustion engine and batteries that can be recharged by connecting a plug to an electric power source.

Owners or operators of passenger motor vehicles, buses as defined in section 301.010, or commercial motor vehicles registered in this state which are powered by compressed natural gas or liquefied natural gas who have installed a compressed natural gas fueling station or liquefied natural gas fueling station used solely to fuel the motor vehicles they own or operate as of December 31, 2015, may continue to apply for and use the alternative fuel decal in lieu of paying the tax imposed under subdivisions (4) and (5) of subsection 1 of section 142.803. Owners or operators of compressed natural gas fueling stations or liquefied natural gas fueling stations whose vehicles bear an alternative fuel decal shall be prohibited from selling or providing compressed natural gas or liquefied natural gas to any motor vehicle they do not own or operate. Owners or operators of motor vehicles powered by compressed natural gas or liquefied natural gas bearing an alternative fuel decal after January 1, 2016, that decline to renew the alternative fuel decals for such motor vehicles shall no longer be eligible to apply for and use alternative fuel decals under this subsection. Any compressed natural gas or liquefied natural gas obtained at any fueling station not owned by the owner or operator of the motor vehicle bearing an alternative fuel decal shall be subject to the tax under subdivisions (4) and (5) of subsection 1 of section 142.803.

4. An owner or operator of a motor vehicle powered by propane may continue to apply for and use the alternative fuel decal in lieu of paying the tax imposed under subdivision (6) of subsection 1 of section 142.803. If the appropriate motor fuel tax under subdivision (6) of subsection 1 of section 142.803 is collected at the time of fueling, an operator of a propane fueling station that uses quick-connect fueling nozzles may sell propane as a motor fuel without verifying the application of a valid Missouri alternative fuel decal. If an owner or operator of a motor vehicle powered by propane that bears an alternative fuel decal refuels at an unattended propane refueling station, such owner or operator shall not be eligible for a refund of the motor fuel tax paid at such refueling.

5. The director shall annually **or biennially**, on or before January thirty-first of each year, collect or cause to be collected from owners or operators of the motor vehicles specified in subsection 1 of this section the annual **or biennial** decal fee. Applications for such decals shall be supplied by the department of revenue. In the case of a motor vehicle which is not in operation by January thirty-first of any year, a decal may be purchased for a fractional period of such year, **or a fractional period of such year and a whole year**, and the amount of the decal fee shall be reduced by one-twelfth for each complete month which shall have elapsed since the beginning of such year. This subsection shall not apply to an owner or operator of a motor vehicle powered by propane who fuels such vehicle exclusively at unattended fueling stations that collect the motor fuel tax.

6. Upon the payment of the fee required by subsection 1 of this section, the director shall issue a decal,

which shall be valid for the current calendar year, **or the current calendar year and the subsequent calendar year in the case of a biennial alternative fuel decal**, and shall be attached to the lower right-hand corner of the front windshield on the motor vehicle for which it was issued.

7. The decal fee paid pursuant to subsection 1 of this section for each motor vehicle shall be transferable upon a change of ownership of the motor vehicle and, if the LP gas or natural gas equipment is removed from a motor vehicle upon a change of ownership and is reinstalled in another motor vehicle, upon such reinstallation. Such transfers shall be accomplished in accordance with rules and regulations promulgated by the director.

8. It shall be unlawful for any person to operate a motor vehicle required to have an alternative fuel decal upon the highways of this state without a valid decal unless the motor vehicle is exclusively fueled at propane, compressed natural gas, or liquefied natural gas fueling stations that collect the motor fuel tax.

9. No person shall cause to be put, or put, any alternative fuel into the fuel supply receptacle or battery of a motor vehicle required to have an alternative fuel decal unless the motor vehicle either has a valid decal attached to it or the appropriate motor fuel tax is collected at the time of such fueling.

10. Any person violating any provision of this section is guilty of an infraction and shall, upon conviction thereof, be fined five hundred dollars.

11. Motor vehicles displaying a valid alternative fuel decal are exempt from the licensing and reporting requirements of this chapter.”; and

Further amend the title and enacting clause accordingly.

Senator Hough moved that the above amendment be adopted, which motion prevailed.

Senator Eslinger offered **SA 2**:

SENATE AMENDMENT NO. 2

Amend Senate Substitute for House Bill No. 661, Page 64, Section 304.001, Line 93, by inserting after all of said line the following:

“304.050. 1. **(1)** The driver of a vehicle upon a highway upon meeting or overtaking from either direction any school bus which has stopped on the highway for the purpose of receiving or discharging any school children and whose driver has in the manner prescribed by law given the signal to stop, shall stop the vehicle before reaching such school bus and shall not proceed until such school bus resumes motion, or until signaled by its driver to proceed.

(2) School buses under the provisions of subsections 1, 2, 5, 6, 7, 8, and 9 of this section shall include Head Start buses that have been certified by the Missouri highway patrol as meeting the provisions of section 307.375, are operated by a holder of a valid school bus endorsed commercial driver’s license, and who meet the equivalent medical requirements prescribed in section 162.604, and which are transporting Head Start students to and from Head Start.

2. Every bus used for the transportation of school children shall bear upon the front and rear thereon a plainly visible sign containing the words “school bus” in letters not less than eight inches in height. Each bus shall have lettered on the rear in plain and distinct type the following: “State Law: Stop while bus is loading and unloading”. Each school bus subject to the provisions of sections 304.050 to 304.070 shall be equipped with a mechanical and electrical signaling device approved by the state board of education, which

will display a signal plainly visible from the front and rear and indicating intention to stop.

3. Every school bus operated to transport students in the public school system which has a gross vehicle weight rating of more than ten thousand pounds, which has the engine mounted entirely in front of the windshield and the entrance door behind the front wheels, and which is used for the transportation of school children shall be equipped no later than August 1, 1998, with a crossing control arm. The crossing control arm, when activated, shall extend a minimum of five feet six inches from the face of the front bumper. The crossing control arm shall be attached on the right side of the front bumper and shall be activated by the same controls which activate the mechanical and electrical signaling devices described in subsection 2 of this section. This subsection may be cited as “Jessica’s Law” in commemoration of Jessica Leicht and all other Missouri schoolchildren who have been injured or killed during the operation of a school bus.

4. Except as otherwise provided in this section, the driver of a school bus in the process of loading or unloading students upon a street or highway shall activate the mechanical and electrical signaling devices, in the manner prescribed by the state board of education, to communicate to drivers of other vehicles that students are loading or unloading. A public school district shall have the authority pursuant to this section to adopt a policy which provides that the driver of a school bus in the process of loading or unloading students upon a divided highway of four or more lanes may pull off of the main roadway and load or unload students without activating the mechanical and electrical signaling devices in a manner which gives the signal for other drivers to stop and may use the amber signaling devices to alert motorists that the school bus is slowing to a stop; provided that the passengers are not required to cross any traffic lanes and also provided that the emergency flashing signal lights are activated in a manner which indicates that drivers should proceed with caution, and in such case, the driver of a vehicle may proceed past the school bus with due caution.

5. No driver of a school bus shall take on or discharge passengers at any location upon a highway consisting of four or more lanes of traffic, whether or not divided by a median or barrier, in such manner as to require the passengers to cross more than two lanes of traffic; nor shall any passengers be taken on or discharged while the vehicle is upon the road or highway proper unless the vehicle so stopped is plainly visible for at least five hundred feet in each direction to drivers of other vehicles in the case of a highway with no shoulder and a speed limit greater than sixty miles per hour and at least three hundred feet in each direction to drivers of other vehicles upon other highways, and on all highways, only for such time as is actually necessary to take on and discharge passengers.

[5.] 6. The driver of a vehicle upon a highway with separate roadways need not stop upon meeting or overtaking a school bus which is on a different roadway, or which is proceeding in the opposite direction on a highway containing four or more lanes of traffic, or which is stopped in a loading zone constituting a part of, or adjacent to, a limited or controlled access highway at a point where pedestrians are not permitted to cross the roadway.

[6.] 7. The driver of any school bus driving upon the highways of this state after loading or unloading school children, shall remain stopped if the bus is followed by three or more vehicles, until such vehicles have been permitted to pass the school bus, if the conditions prevailing make it safe to do so.

[7.] 8. If any vehicle is witnessed by a peace officer or the driver of a school bus to have violated the provisions of this section and the identity of the operator is not otherwise apparent, it shall be a rebuttable presumption that the person in whose name such vehicle is registered committed the violation. In the event that charges are filed against multiple owners of a motor vehicle, only one of the owners may be convicted

and court costs may be assessed against only one of the owners. If the vehicle which is involved in the violation is registered in the name of a rental or leasing company and the vehicle is rented or leased to another person at the time of the violation, the rental or leasing company may rebut the presumption by providing the peace officer or prosecuting authority with a copy of the rental or lease agreement in effect at the time of the violation. No prosecuting authority may bring any legal proceedings against a rental or leasing company under this section unless prior written notice of the violation has been given to that rental or leasing company by registered mail at the address appearing on the registration and the rental or leasing company has failed to provide the rental or lease agreement copy within fifteen days of receipt of such notice.

[8.] 9. Notwithstanding the provisions in section 301.130, every school bus shall be required to have two license plates.”; and

Further amend the title and enacting clause accordingly.

Senator Eslinger moved that the above amendment be adopted, which motion prevailed.

Senator Wieland offered SA 3:

SENATE AMENDMENT NO. 3

Amend Senate Substitute for House Bill No. 661, Page 1, In the Title, Line 10, by striking “and” and inserting in lieu thereof the following: “,”; and further amend line 11 by inserting after “sections” the following: “, and a delayed effective date for a certain section”; and

Further amend said bill, page 61, Section 303.020, line 69, by inserting after all of said line the following:

“303.025. 1. No owner of a motor vehicle registered in this state, or required to be registered in this state, shall operate, register or maintain registration of a motor vehicle, or permit another person to operate such vehicle, unless the owner maintains the financial responsibility which conforms to the requirements of the laws of this state. No nonresident shall operate or permit another person to operate in this state a motor vehicle registered to such nonresident unless the nonresident maintains the financial responsibility which conforms to the requirements of the laws of the nonresident’s state of residence. Furthermore, no person shall operate a motor vehicle owned by another with the knowledge that the owner has not maintained financial responsibility unless such person has financial responsibility which covers the person’s operation of the other’s vehicle; however, no owner or nonresident shall be in violation of this subsection if he or she fails to maintain financial responsibility on a motor vehicle which is inoperable or being stored and not in operation, **provided that such motor vehicle shall not be further operated until the owner or nonresident provides proof of financial responsibility and payment of a twenty-five dollar fee to the department of revenue, and further provided that operation of a motor vehicle during a period of inoperability or storage claimed under this subsection shall be a class B misdemeanor and may additionally constitute a violation of this subsection. Notwithstanding any provision of law to the contrary, the department of revenue may verify motor vehicle financial responsibility as provided by law, but shall not otherwise take legal or administrative action to enforce the requirements of this section unless, in the discretion of the director, the motor vehicle is determined to have been operated in violation of this section, a motor vehicle registration is applied for in violation of this section, or the motor vehicle on two separate occasions thirty days apart is determined to have its registration maintained in violation of this section.** The director may prescribe rules and regulations for the

implementation of this section.

2. A motor vehicle owner shall maintain the owner's financial responsibility in a manner provided for in section 303.160, or with a motor vehicle liability policy which conforms to the requirements of the laws of this state. A nonresident motor vehicle owner shall maintain the owner's financial responsibility which conforms to the requirements of the laws of the nonresident's state of residence.

3. Any person who violates this section is guilty of a misdemeanor. A first violation of this section shall be punishable as a class D misdemeanor. A second or subsequent violation of this section [shall] **may be [punishable] punished** by imprisonment in the county jail for a term not to exceed fifteen days [and/or] **and shall be punished by a fine not less than two hundred dollars but** not to exceed five hundred dollars. Prior pleas of guilty and prior findings of guilty shall be pleaded and proven in the same manner as required by section 558.021. However, no person shall be found guilty of violating this section if the operator demonstrates to the court that he or she met the financial responsibility requirements of this section at the time the peace officer, commercial vehicle enforcement officer or commercial vehicle inspector wrote the citation. In addition to any other authorized punishment, the court shall notify the director of revenue of any person convicted pursuant to this section and shall do one of the following:

(1) Enter an order suspending the driving privilege as of the date of the court order. If the court orders the suspension of the driving privilege, the court shall require the defendant to surrender to it any driver's license then held by such person. The length of the suspension shall be as prescribed in subsection 2 of section 303.042. The court shall forward to the director of revenue the order of suspension of driving privilege and any license surrendered within ten days;

(2) Forward the record of the conviction for an assessment of four points;

(3) In lieu of an assessment of points, render an order of supervision as provided in section 302.303. An order of supervision shall not be used in lieu of points more than one time in any thirty-six-month period. Every court having jurisdiction pursuant to the provisions of this section shall forward a record of conviction to the Missouri state highway patrol, or at the written direction of the Missouri state highway patrol, to the department of revenue, in a manner approved by the director of the department of public safety. The director shall establish procedures for the record keeping and administration of this section; or

(4) For a nonresident, suspend the nonresident's driving privileges in this state in accordance with section 303.030 and notify the official in charge of the issuance of licenses and registration certificates in the state in which such nonresident resides in accordance with section 303.080.

4. Nothing in sections 303.010 to 303.050, 303.060, 303.140, 303.220, 303.290, 303.330 and 303.370 shall be construed as prohibiting the department of commerce and insurance from approving or authorizing those exclusions and limitations which are contained in automobile liability insurance policies and the uninsured motorist provisions of automobile liability insurance policies.

5. If a court enters an order of suspension, the offender may appeal such order directly pursuant to chapter 512 and the provisions of section 302.311 shall not apply.

6. Any fines owed to the state pursuant to this section may be eligible for payment in installments. The director shall promulgate rules for the application of payment plans, which shall take into account individuals' ability to pay.

303.041. 1. **Except as otherwise provided in subsection 7 of section 303.425,** if the director

determines [that as a result of a verification sample or accident report that the owner of a motor vehicle has not maintained financial responsibility, or if the director determines as a result of an order of supervision] that the **owner or** operator of a motor vehicle has not maintained the financial responsibility as required in this chapter, the director shall thirty-three days after mailing notice, suspend the driving privilege of the owner or operator and/or the registration of the vehicle failing to meet such requirement. The notice of suspension shall be mailed to the person at the last known address shown on the department's records. The notice of suspension is deemed received three days after mailing. The notice of suspension shall clearly specify the reason and statutory grounds for the suspension and the effective date of the suspension, the right of the person to request a hearing, the procedure for requesting a hearing, and the date by which that request for a hearing must be made. If the request for a hearing is received by the department prior to the effective date of the suspension, the effective date of the suspension will be stayed until a final order is issued following the hearing.

2. **Except as otherwise provided by law**, neither the fact that subsequent to the date of verification or conviction, the owner acquired the required liability insurance policy nor the fact that the owner terminated ownership of the motor vehicle, shall have any bearing upon the director's decision to suspend. Until it is terminated, the suspension shall remain in force after the registration is renewed or a new registration is acquired for the motor vehicle. The suspension also shall apply to any motor vehicle to which the owner transfers the registration. Effective January 1, 2000, the department shall not extend any suspension for failure to pay a delinquent late surrender fee pursuant to this subsection.

303.420. 1. As used in sections 303.420 to 303.440, unless the context requires otherwise, the following terms shall mean:

(1) **"Law enforcement agency"**, the department of revenue, the Missouri state highway patrol, the prosecuting attorney or sheriff's office of any county or city not within a county, the chiefs of police of any city or municipality, or any other authorized law enforcement agency recognized by the state;

(2) **"Program"**, the motor vehicle financial responsibility enforcement and compliance incentive program established under section 303.425;

(3) **"System" or "verification system"**, the web-based resource established under section 303.430 for online verification of motor vehicle financial responsibility.

303.422. 1. There is hereby created in the state treasury the "Motor Vehicle Financial Responsibility Verification and Enforcement Fund", which shall consist of money collected under sections 303.420 to 303.440. The state treasurer shall be custodian of the fund. In accordance with sections 30.170 and 30.180, the state treasurer may approve disbursements. The fund shall be a dedicated fund and money in the fund shall be used solely by the department of revenue for the administration of sections 303.420 to 303.440.

2. **Notwithstanding the provisions of section 33.080 to the contrary, any moneys remaining in the fund at the end of the biennium shall not revert to the credit of the general revenue fund.**

3. **The state treasurer shall invest moneys in the fund in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the fund.**

303.425. 1. There is hereby created within the department of revenue the motor vehicle financial responsibility enforcement and compliance incentive program. The department of revenue may enter into contractual agreements with third-party vendors to facilitate the necessary technology and

equipment, maintenance thereof, and associated program management services. The department of revenue or its third-party vendor shall utilize technology to compare vehicle registration information with the financial responsibility information accessible through the system. The department of revenue shall utilize this information to identify motorists who are in violation of the motor vehicle financial responsibility law. All fees paid to or collected by such third-party vendors may come from violator diversion fees generated by the pretrial diversion option established under this section. The department of revenue may offer offenders under this program the option of pretrial diversion as an alternative to statutory fines or reinstatement fees prescribed under the motor vehicle financial responsibility law as a method of encouraging compliance and discouraging recidivism.

2. The department of revenue may authorize law enforcement agencies or third-party vendors to use technology to collect data for the investigation, detection, analysis, and enforcement of the motor vehicle financial responsibility law.

3. The department of revenue may authorize traffic enforcement officers or third-party vendors to administer the processing and issuance of notices of violation, and the collection of fees for a violation of the motor vehicle financial responsibility law, under the program.

4. Access to the system shall be restricted to authorized law enforcement agency users in the program, the department of revenue, and the third-party vendors with which the department of revenue contracts for purposes of the program, provided that any third-party vendor with which a contract is executed to provide necessary technology, equipment, or maintenance for the program shall be authorized as necessary to collaborate for required updates and maintenance of system software.

5. For purposes of the program, any data collected and matched to a corresponding vehicle insurance record as verified through the system, and any Missouri vehicle registration database, may be used to identify violations of the motor vehicle financial responsibility law. Such images and corresponding data shall constitute evidence of the violations.

6. Except as otherwise provided in this section, the department of revenue shall suspend, in accordance with section 303.041, the registration of any motor vehicle that is determined under the program to be in violation of the motor vehicle financial responsibility law.

7. The department of revenue shall send to an owner whose vehicle is identified under the program as being in violation of the motor vehicle financial responsibility law a notice that the vehicle's registration may be suspended unless the owner, within thirty days, provides proof of financial responsibility for the vehicle or proof, in a form specified by the department of revenue, that the owner has a pending criminal charge for a violation of the motor vehicle financial responsibility law. The notice shall include information on steps an individual may take to obtain proof of financial responsibility and a web address to a page on the department of revenue's website where information on obtaining proof of financial responsibility shall be provided. If proof of financial responsibility or a pending criminal charge is not provided within the time allotted, the department of revenue shall provide a notice of suspension and suspend the vehicle's registration in accordance with section 303.041, or shall send a notice of vehicle registration suspension, clearly specifying the reason and statutory grounds for the suspension and the effective date of the suspension, the right of the vehicle owner to request a hearing, the procedure for requesting a hearing, and the date by which that request for a hearing must be made, as well as informing the owner that the matter will be referred

for prosecution if a satisfactory response is not received in the time allotted, informing the owner that the minimum penalty for the violation is three hundred dollars and four license points, and offering the owner participation in a pretrial diversion option to preclude referral for prosecution and registration suspension under sections 303.420 to 303.440. The notice of vehicle registration suspension shall give a period of thirty-three days from mailing for the vehicle owner to respond, and shall be deemed received three days after mailing. If no request for a hearing or agreement to participate in the diversion option is received by the department of revenue prior to the date provided on the notice of vehicle registration suspension, the director shall suspend the vehicle's registration, effective immediately, and refer the case to the appropriate prosecuting attorney. If an agreement by the vehicle owner to participate in the diversion option is received by the department of revenue prior to the effective date provided on the notice of vehicle registration suspension, then upon payment of a diversion participation fee not to exceed two hundred dollars, agreement to secure proof of financial responsibility within the time provided on the notice of suspension, and agreement that such financial responsibility shall be maintained for a minimum of two years, no points shall be assessed to the vehicle owner's driver's license under section 302.302 and the department of revenue shall not take further action against the vehicle owner under sections 303.420 to 303.440, subject to compliance with the terms of the pretrial diversion option. The department of revenue shall suspend the vehicle registration of, and shall refer the case to the appropriate prosecuting attorney for prosecution of, participating vehicle owners who violate the terms of the pretrial diversion option. If a request for hearing is received by the department of revenue prior to the effective date provided on the notice of vehicle registration suspension, then for all purposes other than eligibility for participation in the diversion option, the effective date of the suspension shall be stayed until a final order is issued following the hearing. The department of revenue shall suspend the registration of vehicles determined under the final order to have violated the motor vehicle financial responsibility law, and shall refer the case to the appropriate prosecuting attorney for prosecution. Notices under this subsection shall be mailed to the vehicle owner at the last known address shown on the department of revenue's records. The department of revenue or its third-party vendor shall issue receipts for the collection of diversion participation fees. All such fees received by the department of revenue or its third-party vendor shall be deposited into the motor vehicle financial responsibility verification and enforcement fund established in section 303.422. A vehicle owner whose registration has been suspended under sections 303.420 to 303.440 may obtain reinstatement of the registration upon providing proof of financial responsibility and payment to the department of revenue of a nonrefundable reinstatement fee equal to the fee that would be applicable under subsection 2 of section 303.042 if the registration had been suspended under section 303.041.

8. Data collected or retained under the program shall not be used by any entity for purposes other than enforcement of the motor vehicle financial responsibility law. Data collected and stored by law enforcement under the program shall be considered evidence if noncompliance with the motor vehicle financial responsibility law is confirmed. The evidence, and an affidavit stating that the evidence and system have identified a particular vehicle as being in violation of the motor vehicle financial responsibility law, shall constitute probable cause for prosecution and shall be forwarded in accordance with subsection 7 of this section to the appropriate prosecuting attorney.

9. Owners of vehicles identified under the program as being in violation of the motor vehicle financial responsibility law shall be provided with options for disputing such claims which do not require appearance at any state or local court of law, or administrative facility. Any person who

presents timely proof that he or she was in compliance with the motor vehicle financial responsibility law at the time of the alleged violation shall be entitled to dismissal of the charge with no assessment of fees or fines. Proof provided by a vehicle owner to the department of revenue that the vehicle was in compliance at the time of the suspected violation of the motor vehicle financial responsibility law shall be recorded in the system established by the department of revenue under section 303.430.

10. The collection of data or use of any technology pursuant to this section shall be done in a manner that prohibits any bias towards a specific community, race, gender, or socioeconomic status of vehicle owner.

11. Law enforcement agencies, third-party vendors, or other entities authorized to operate under the program shall not sell data collected or retained under the program for any purpose or share it for any purpose not expressly authorized in this section. All data shall be secured and any third-party vendor may be liable for any data security breach.

12. The department of revenue shall not take action under sections 303.420 to 303.440 against vehicles registered as fleet vehicles under section 301.032, or against vehicles known to the department of revenue to be insured under a policy of commercial auto coverage, as such term is defined in subdivision (10) of subsection 2 of section 303.430.

13. Following one year after the implementation of the program, and every year thereafter, the department of revenue shall provide a report to the president pro tempore of the senate, the speaker of the house of representatives, the chairs of the house and senate committees with jurisdictions over insurance or transportation matters, and the chairs of the house budget and senate appropriations committees. The report shall include an evaluation of program operations, information as to the costs of the program incurred by the department of revenue, insurers, and the public, information as to the effectiveness of the program in reducing the number of uninsured motor vehicles, and anonymized demographic information including the race and zip code of vehicle owners identified under the program as being in violation of the motor vehicle financial responsibility law, and may include any additional information and recommendations for improvement of the program deemed appropriate by the department of revenue. The department of revenue may, by rule, require the state, counties, and municipalities to provide information in order to complete the report.

303.430. 1. The department of revenue shall establish and maintain a web-based system for the verification of motor vehicle financial responsibility, shall provide access to insurance reporting data and vehicle registration and financial responsibility data, and shall require motor vehicle insurers to establish functionality for the verification system, as provided in sections 303.420 to 303.440. The verification system, including any exceptions as provided for in sections 303.420 to 303.440 or in the implementation guide developed to support the program, shall supersede any existing verification system, and shall be the sole system used for the purpose of verifying financial responsibility required under this chapter.

2. The system established pursuant to subsection 1 of this section shall be subject to the following:

(1) The verification system shall transmit requests to insurers for verification of motor vehicle insurance coverage via web services established by the insurers through the internet in compliance with the specifications and standards of the Insurance Industry Committee on Motor Vehicle Administration, or "IICMVA". Insurance company systems shall respond to each request with a prescribed response upon evaluation of the data provided in the request. The system shall include

appropriate protections to secure its data against unauthorized access, and the department of revenue shall maintain a historical record of the system data for a period of no more than twelve months from the date of all requests and responses. The system shall be used for verification of the financial responsibility required under this chapter. The system shall be accessible to authorized personnel of the department of revenue, the courts, law enforcement personnel, and other entities authorized by the state as permitted by state or federal privacy laws, and it shall be interfaced, wherever appropriate, with existing state systems. The system shall include information enabling the department of revenue to submit inquiries to insurers regarding motor vehicle insurance which are consistent with insurance industry and IICMVA recommendations, specifications, and standards by using the following data elements for greater matching accuracy: insurer National Association of Insurance Commissioners, or “NAIC”, company code; vehicle identification number; policy number; verification date; or as otherwise described in the specifications and standards of the IICMVA. The department of revenue shall promulgate rules to offer insurers who insure one thousand or fewer vehicles within this state an alternative method for verifying motor vehicle insurance coverage in lieu of web services, and to provide for the verification of financial responsibility when financial responsibility is proven to the department to be maintained by means other than a policy of motor vehicle insurance. Insurers shall not be required to verify insurance coverage for vehicles registered in other jurisdictions;

(2) The verification system shall respond to each request within a time period established by the department of revenue. An insurer’s system shall respond within the time period prescribed by the IICMVA’s specifications and standards. Insurer systems shall be permitted reasonable system downtime for maintenance and other work with advance notice to the department of revenue. Insurers shall not be subject to enforcement fees or other sanctions under such circumstances, or when systems are not available because of emergency, outside attack, or other unexpected outages not planned by the insurer and reasonably outside its control;

(3) The system shall assist in identifying violations of the motor vehicle financial responsibility law in the most effective way possible. Responses to individual insurance verification requests shall have no bearing on whether insurance coverage is determined to be in force at the time of a claim. Claims shall be individually investigated to determine the existence of coverage. Nothing in sections 303.420 to 303.440 shall prohibit the department of revenue from contracting with a third-party vendor or vendors who have successfully implemented similar systems in other states to assist in establishing and maintaining this verification system;

(4) The department of revenue shall consult with representatives of the insurance industry and may consult with third-party vendors to determine the objectives, details, and deadlines related to the system by establishment of an advisory council. The advisory council shall consist of voting members comprised of:

(a) The director of the department of commerce and insurance, or his or her designee, who shall serve as chair;

(b) Two representatives of the department of revenue, to be appointed by the director of the department of revenue;

(c) One representative of the department of commerce and insurance, to be appointed by the director of the department of commerce and insurance;

(d) Three representatives of insurance companies, to be appointed by the director of the department of commerce and insurance;

(e) One representative from the Missouri Insurance Coalition;

(f) One representative chosen by the National Association of Mutual Insurance Companies;

(g) One representative chosen by the American Property and Casualty Insurance Association;

(h) One representative chosen by the Missouri Independent Agents Association; and

(i) Such other representatives as may be appointed by the director of the department of commerce and insurance;

(5) The department of revenue shall publish for comment, and then issue, a detailed implementation guide for its online verification system;

(6) The department of revenue and its third-party vendors, if any, shall each maintain a contact person for insurers during the establishment, implementation, and operation of the system;

(7) If the department of revenue has reason to believe a vehicle owner does not maintain financial responsibility as required under this chapter, it may also request an insurer to verify the existence of such financial responsibility in a form approved by the department of revenue. In addition, insurers shall cooperate with the department of revenue in establishing and maintaining the verification system established under this section, and shall provide motor vehicle insurance policy status information as provided in the rules promulgated by the department of revenue;

(8) Every property and casualty insurance company licensed to issue motor vehicle insurance or authorized to do business in this state shall comply with sections 303.420 to 303.440, and corresponding rules promulgated by the department of revenue, for the verification of such insurance for every vehicle insured by that company in this state;

(9) Insurers shall maintain a historical record of insurance data for a minimum period of six months from the date of policy inception or policy change for the purpose of historical verification inquiries;

(15) Any private property whose owner has posted the premises as being off-limits to concealed firearms by means of one or more signs displayed in a conspicuous place of a minimum size of eleven inches by fourteen inches with the writing thereon in letters of not less than one inch. The owner, business or commercial lessee, manager of a private business enterprise, or any other organization, entity, or person may prohibit persons holding a concealed carry permit or endorsement from carrying concealed firearms on the premises and may prohibit employees, not authorized by the employer, holding a concealed carry permit or endorsement from carrying concealed firearms on the property of the employer. If the building or the premises are open to the public, the employer of the business enterprise shall post signs on or about the premises if carrying a concealed firearm is prohibited. Possession of a firearm in a vehicle on the premises shall not be a criminal offense so long as the firearm is not removed from the vehicle or brandished while the vehicle is on the premises. An employer may prohibit employees or other persons holding a concealed carry permit or endorsement from carrying a concealed firearm in vehicles owned by the employer;

(16) Any sports arena or stadium with a seating capacity of five thousand or more. Possession of a firearm in a vehicle on the premises shall not be a criminal offense so long as the firearm is not removed from the vehicle or brandished while the vehicle is on the premises;

(17) Any hospital accessible by the public. Possession of a firearm in a vehicle on the premises of a hospital shall not be a criminal offense so long as the firearm is not removed from the vehicle or brandished while the vehicle is on the premises.

2. Carrying of a concealed firearm in a location specified in subdivisions (1) to (17) of subsection 1 of this section by any individual who holds a concealed carry permit issued pursuant to sections 571.101 to 571.121, or a concealed carry endorsement issued prior to August 28, 2013, shall not be a criminal act but may subject the person to denial to the premises or removal from the premises. If such person refuses to leave the premises and a peace officer is summoned, such person may be issued a citation for an amount not to exceed one hundred dollars for the first offense. If a second citation for a similar violation occurs within a six-month period, such person shall be fined an amount not to exceed two hundred dollars and his or her permit, and, if applicable, endorsement to carry concealed firearms shall be suspended for a period of one year. If a third citation for a similar violation is issued within one year of the first citation, such person shall be fined an amount not to exceed five hundred dollars and shall have his or her concealed carry permit, and, if applicable, endorsement revoked and such person shall not be eligible for a concealed carry permit for a period of three years. Upon conviction of charges arising from a citation issued pursuant to this subsection, the court shall notify the sheriff of the county which issued the concealed carry permit, or, if the person is a holder of a concealed carry endorsement issued prior to August 28, 2013, the court shall notify the sheriff of the county which issued the certificate of qualification for a concealed carry endorsement and the department of revenue. The sheriff shall suspend or revoke the concealed carry permit or, if applicable, the certificate of qualification for a concealed carry endorsement. If the person holds an endorsement, the department of revenue shall issue a notice of such suspension or revocation of the concealed carry endorsement and take action to remove the concealed carry endorsement from the individual's driving record. The director of revenue shall notify the licensee that he or she must apply for a new license pursuant to chapter 302 which does not contain such endorsement. The notice issued by the department of revenue

shall be mailed to the last known address shown on the individual's driving record. The notice is deemed received three days after mailing.

3. Notwithstanding any provision of this chapter, chapters 70, 577, or 578 to the contrary, a person carrying a firearm concealed on or about his or her person who is lawfully in possession of a valid concealed carry permit or endorsement shall not be prohibited or impeded from accessing or using any publicly funded transportation system, nor shall such person be harassed or detained for carrying a concealed firearm on the property, vehicles, or conveyances owned, contracted, or leased by such systems that are accessible to the public. For purposes of this section, "public transportation system" means the property, equipment, rights-of-way, or buildings, either publicly or privately owned and operated, of an entity that receives public funds and holds itself out to the general public for the transportation of persons. This includes portions of a public transportation system provided through a contract with a private entity, but excludes any corporation that provides intercity passenger train service on railroads throughout the United States or any private partnership in which the corporation engages.

577.703. 1. A person commits the offense of bus hijacking if he or she seizes or exercises control, by force or violence or threat of force or violence, of any bus. The offense of bus hijacking is a class B felony.

2. The offense of "assault with the intent to commit bus hijacking" is defined as an intimidation, threat, assault or battery toward any driver, attendant or guard of a bus so as to interfere with the performance of duties by such person. Assault to commit bus hijacking is a class D felony.

3. Any person, who, in the commission of such intimidation, threat, assault or battery with the intent to commit bus hijacking, employs a dangerous or deadly weapon or other means capable of inflicting serious bodily injury shall, upon conviction, be guilty of a class A felony.

4. **Except as otherwise provided under section 571.107**, any passenger who boards a bus with a dangerous or deadly weapon or other means capable of inflicting serious bodily injury concealed upon his or her person or effects is guilty of the felony of "possession and concealment of a dangerous or deadly weapon" upon a bus. Possession and concealment of a dangerous and deadly weapon by a passenger upon a bus is a class D felony. The provisions of this subsection shall not apply to:

(1) Duly elected or appointed law enforcement officers or commercial security personnel who are in possession of weapons used within the course and scope of their employment; [nor shall the provisions of this subsection apply to];

(2) Persons who are in possession of weapons or other means of inflicting serious bodily injury with the consent of the owner of such bus, his or her agent, or the lessee or bailee of such bus;

(3) **Persons carrying concealed firearms who lawfully possess a valid concealed carry permit or endorsement in accordance with section 571.107; or**

(4) **Persons transporting a firearm in a nonfunctioning state or in an unloaded state when ammunition is not readily accessible.**

577.712. 1. In order to provide for the safety, comfort, and well-being of passengers and others having a bona fide business interest in any terminal, a bus transportation company may refuse admission to terminals to any person not having bona fide business within the terminal. Any such refusal shall not be inconsistent or contrary to state or federal laws, regulations pursuant thereto, or to any ordinance of the

political subdivision in which such terminal is located. A duly authorized company representative may ask any person in a terminal or on the premises of a terminal to identify himself or herself and state his or her business. Failure to comply with such request or failure to state an acceptable business purpose shall be grounds for the company representative to request that such person leave the terminal. Refusal to comply with such request shall constitute disorderly conduct. Disorderly conduct shall be a class C misdemeanor.

2. Except as otherwise provided under section 571.107, it is unlawful for any person to carry a deadly or dangerous weapon or any explosives or hazardous material into a terminal or aboard a bus. Possession of a deadly or dangerous weapon, explosive or hazardous material shall be a class D felony. Upon the discovery of any such item or material, the company may obtain possession and retain custody of such item or material until it is transferred to the custody of law enforcement officers. The provisions of this section shall not apply to persons transporting a firearm in a nonfunctioning state or in an unloaded state when ammunition is not readily accessible.”; and

Further amend said bill, page 116, section 1, line 9 by inserting after all of said line the following:

Journal of the Senate

FIRST REGULAR SESSION

SIXTY-SIXTH DAY—WEDNESDAY, MAY 12, 2021

The Senate met pursuant to adjournment.

President Kehoe in the Chair.

The Reverend Carl Gauck offered the following prayer:

“(Contemplation) is...life itself, fully awake, fully aware that it is alive. It is spiritual wonder. It is spontaneous awe at the sacredness of life, of being. (Thomas Merton)

Wonderous God, help us to take time each day for contemplation that we might be fully alive to your presence among us. May we have the sense of the preciousness of life and the awareness of its sacredness. In the same vein we experience the sadness in life at the death of former Senator Dan Brown and pray for Your consoling presence for his family and our colleague Senator Justin Brown, be with them Lord, as they work through this time of grief. And Lord God, help us be still, especially at such a time as this and know You, our God. So be among us for we need You in our lives. Bless us to be so aware of the people about us that the tasks we share have a specialness that is so very important to us. In Your Holy Name we pray. Amen.

The Pledge of Allegiance to the Flag was recited.

A quorum being established, the Senate proceeded with its business.

SENATE MEMORIAL NO. 1

Whereas, the members of the Missouri Senate are deeply saddened by the news of the passing of former Senator Dan Brown, on Tuesday, May 11, 2021; and

Whereas, he was born December 22, 1950 in Solo, Missouri, in the heart of Texas County; and

Whereas, Senator Dan Brown married the love of his life Kathy, and together raised two children, Danette and Justin, as well as being blessed with five grandchildren; and

Whereas, Senator Dan Brown was a graduate of Houston High School and then went on to receive a B.S. in Agriculture from the University of Missouri-Columbia. He then graduated Summa Cum Laude with a Doctorate of Veterinary Medicine from the University of Missouri College of Veterinary Medicine; and

(3) “City” or “such cities”, any city within this state and any county of the first classification with a charter form of government and a population of at least nine hundred thousand inhabitants or any county with a charter form of government and with more than six hundred thousand but less than seven hundred thousand inhabitants. The county’s authority pursuant to this chapter shall be restricted to the unincorporated areas of such county;

(7) “Real property” includes lands, buildings, improvements, land under water, waterfront property, and any and all easements, franchises and hereditaments, corporeal or incorporeal, and every estate, interest, privilege, easement, franchise and right therein, or appurtenant thereto, legal or equitable, including restrictions of record, created by plat, covenant or otherwise, rights-of-way and terms for years;

(8) “Redevelopment”, the clearance, replanning, reconstruction or rehabilitation of any blighted area, and the provision for such industrial, commercial, residential or public structures and spaces as may be appropriate, including recreational and other facilities incidental or appurtenant thereto;

(10) “Urban redevelopment corporation”, a corporation organized pursuant to this chapter; except that any life insurance company organized pursuant to the laws of, or admitted to do business in, the state of Missouri may from time to time within five years after April 23, 1946, undertake, alone or in conjunction with, or as a lessee of any such life insurance company or urban redevelopment corporation, a redevelopment project pursuant to this chapter, and shall, in its operations with respect to any such redevelopment project, but not otherwise, be deemed to be an urban redevelopment corporation for the purposes of this section and sections 353.010, 353.040, 353.060 and 353.110 to 353.160.”; and

“135.1610. 1. As used in this section, the following terms mean:

(1) “Eligible expenses”, expenses incurred in the construction or development of establishing an urban farm in a food desert;

(2) “Food desert”, a census tract that has a poverty rate of at least twenty percent or a median family income of less than eighty percent of the statewide average and where at least five hundred people or thirty-three percent of the population is located at least one-quarter mile away from a full-service grocery store in an urban area;

(3) “Tax credit”, a credit against the tax otherwise due under chapter 143, excluding withholding tax imposed under sections 143.191 to 143.265;

(4) “Taxpayer”, any individual, partnership, or corporation as described under section 143.441 or 143.471 that is subject to the tax imposed under chapter 143, excluding withholding tax imposed under sections 143.191 to 143.265, or any charitable organization that is exempt from federal income tax and whose Missouri unrelated business taxable income, if any, would be subject to the state income tax imposed under chapter 143;

(5) “Urban area”, an urban place as designated by the United States Census Bureau;

(6) “Urban farm”, an agricultural plot or facility in an urban area that produces agricultural products, as that term is defined in section 262.900. “Urban farm” shall include, but not be limited to, community-run gardens.

2. For all tax years beginning on or after January 1, 2022, a taxpayer shall be allowed to claim a tax credit against the taxpayer’s state tax liability in an amount equal to fifty percent of the taxpayer’s eligible expenses for establishing an urban farm in a food desert.

3. The amount of the tax credit claimed shall not exceed the amount of the taxpayer’s state tax liability in the tax year for which the credit is claimed, and the taxpayer shall not be allowed to claim a tax credit under this section in excess of one thousand dollars for each urban farm. However, any tax credit that cannot be claimed in the tax year the contribution is made may be carried over to the next three succeeding tax years until the full credit is claimed.

4. The total amount of tax credits that may be authorized under this section shall not exceed one hundred thousand dollars in any calendar year.

5. Tax credits issued under the provisions of this section shall not be sold, assigned, or otherwise transferred.

6. The department of revenue and the department of agriculture may promulgate rules to implement the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective

only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable, and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2021, shall be invalid and void.

7. Under section 23.253 of the Missouri sunset act:

(1) The program authorized under this section shall automatically sunset on December thirty-first six years after the effective date of this section unless reauthorized by an act of the general assembly;

(2) If such program is reauthorized, the program authorized under this section shall automatically sunset on December thirty-first twelve years after the effective date of the reauthorization of this section;

(3) This section shall terminate on September first of the calendar year immediately following the calendar year in which the program authorized under this section is sunset; and

(4) Nothing in this subsection shall be construed to prevent a taxpayer from claiming a tax credit properly issued before the program is sunset in a tax year after the program is sunset.

261.021. 1. As used in this section, the term “socially disadvantaged community” means an area containing a group of individuals whose members have been subjected to racial or ethnic prejudice because of the identity of such individuals as members of a group without regard to the individual qualities of such individuals.

2. There is hereby created within the department of agriculture the “Socially Disadvantaged Communities Outreach Program” to connect historically unserved and underserved urban communities with access to healthy fresh food and knowledge and skills related to food production.

3. The outreach program shall:

(1) Provide financial assistance for people growing food in socially disadvantaged communities through programs such as those authorized in section 135.1610;

(2) Encourage activities that support and promote urban agriculture in socially disadvantaged communities;

(3) Provide educational and skills training related to food production in socially disadvantaged communities; and

(4) Address food deserts in urban socially disadvantaged communities.

4. The department shall designate an employee to administer and monitor the socially disadvantaged communities outreach program and to serve as a liaison to affected communities. The duties of such employee shall include, but not be limited to:

(1) Providing leadership at the state level to encourage participation in programs to meet the goals under subsections 2 and 3 of this section;

(2) Conducting workshops and other sessions that provide educational and skills training related to food production to residents of socially disadvantaged communities; and

(3) Seeking grants, private donations, or other funding sources to support the socially disadvantaged communities outreach program.

5. On or before December thirty-first of each year, the department shall submit a report to the general assembly detailing the number of residents who received training under this section, the number of tax credits issued under section 135.1610, and any recommendations for legislative action to improve the program.”; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

HOUSE AMENDMENT NO. 1

Amend House Committee Substitute for Senate Bill No. 365, Page 2, Section 92.117, Line 21, by inserting after all of said line the following:

“137.073. 1. As used in this section, the following terms mean:

(1) “General reassessment”, changes in value, entered in the assessor’s books, of a substantial portion of the parcels of real property within a county resulting wholly or partly from reappraisal of value or other actions of the assessor or county equalization body or ordered by the state tax commission or any court;

(2) “Tax rate”, “rate”, or “rate of levy”, singular or plural, includes the tax rate for each purpose of taxation of property a taxing authority is authorized to levy without a vote and any tax rate authorized by election, including bond interest and sinking fund;

(3) “Tax rate ceiling”, a tax rate as revised by the taxing authority to comply with the provisions of this section or when a court has determined the tax rate; except that, other provisions of law to the contrary notwithstanding, a school district may levy the operating levy for school purposes required for the current year pursuant to subsection 2 of section 163.021, less all adjustments required pursuant to Article X, Section 22 of the Missouri Constitution, if such tax rate does not exceed the highest tax rate in effect subsequent to the 1980 tax year. This is the maximum tax rate that may be levied, unless a higher tax rate ceiling is approved by voters of the political subdivision as provided in this section;

(4) “Tax revenue”, when referring to the previous year, means the actual receipts from ad valorem levies on all classes of property, including state-assessed property, in the immediately preceding fiscal year of the political subdivision, plus an allowance for taxes billed but not collected in the fiscal year and plus an additional allowance for the revenue which would have been collected from property which was annexed by such political subdivision but which was not previously used in determining tax revenue pursuant to this section. The term “tax revenue” shall not include any receipts from ad valorem levies on any property of a railroad corporation or a public utility, as these terms are defined in section 386.020, which were assessed by the assessor of a county or city in the previous year but are assessed by the state tax commission in the current year. All school districts and those counties levying sales taxes pursuant to chapter 67 shall include in the calculation of tax revenue an amount equivalent to that by which they reduced property tax levies as a result of sales tax pursuant to section 67.505 and section 164.013 [or as excess home dock city or county fees as provided in subsection 4 of section 313.820] in the immediately preceding fiscal year but not including any amount calculated to adjust for prior years. For purposes of political subdivisions which were authorized to levy a tax in the prior year but which did not levy such tax or levied a reduced rate, the term “tax revenue”, as used in relation to the revision of tax levies mandated by law, shall mean the revenues equal to the amount that would have been available if the voluntary rate reduction had not been made.

2. Whenever changes in assessed valuation are entered in the assessor’s books for any personal property, in the aggregate, or for any subclass of real property as such subclasses are established in Section 4(b) of Article X of the Missouri Constitution and defined in section 137.016, the county clerk in all counties and the assessor of St. Louis City shall notify each political subdivision wholly or partially within the county or St. Louis City of the change in valuation of each subclass of real property, individually, and personal property, in the aggregate, exclusive of new construction and improvements. All political subdivisions shall immediately revise the applicable rates of levy for each purpose for each subclass of real property, individually, and personal property, in the aggregate, for which taxes are levied to the extent necessary to produce from all taxable property, exclusive of new construction and improvements, substantially the same amount of tax revenue as was produced in the previous year for each subclass of real property, individually, and personal property, in the aggregate, except that the rate shall not exceed the greater of the most recent voter-approved rate or the most recent voter-approved rate as adjusted under subdivision (2) of subsection 5 of this section. Any political subdivision that has received approval from voters for a tax increase after

August 27, 2008, may levy a rate to collect substantially the same amount of tax revenue as the amount of revenue that would have been derived by applying the voter-approved increased tax rate ceiling to the total assessed valuation of the political subdivision as most recently certified by the city or county clerk on or before the date of the election in which such increase is approved, increased by the percentage increase in the consumer price index, as provided by law, except that the rate shall not exceed the greater of the most recent voter-approved rate or the most recent voter-approved rate as adjusted under subdivision (2) of subsection 5 of this section. Such tax revenue shall not include any receipts from ad valorem levies on any real property which was assessed by the assessor of a county or city in such previous year but is assessed by the assessor of a county or city in the current year in a different subclass of real property. Where the taxing authority is a school district for the purposes of revising the applicable rates of levy for each subclass of real property, the tax revenues from state-assessed railroad and utility property shall be apportioned and attributed to each subclass of real property based on the percentage of the total assessed valuation of the county that each subclass of real property represents in the current taxable year. As provided in Section 22 of Article X of the constitution, a political subdivision may also revise each levy to allow for inflationary assessment growth occurring within the political subdivision. The inflationary growth factor for any such subclass of real property or personal property shall be limited to the actual assessment growth in such subclass or class, exclusive of new construction and improvements, and exclusive of the assessed value on any real property which was assessed by the assessor of a county or city in the current year in a different subclass of real property, but not to exceed the consumer price index or five percent, whichever is lower. Should the tax revenue of a political subdivision from the various tax rates determined in this subsection be different than the tax revenue that would have been determined from a single tax rate as calculated pursuant to the method of calculation in this subsection prior to January 1, 2003, then the political subdivision shall revise the tax rates of those subclasses of real property, individually, and/or personal property, in the aggregate, in which there is a tax rate reduction, pursuant to the provisions of this subsection. Such revision shall yield an amount equal to such difference and shall be apportioned among such subclasses of real property, individually, and/or personal property, in the aggregate, based on the relative assessed valuation of the class or subclasses of property experiencing a tax rate reduction. Such revision in the tax rates of each class or subclass shall be made by computing the percentage of current year adjusted assessed valuation of each class or subclass with a tax rate reduction to the total current year adjusted assessed valuation of the class or subclasses with a tax rate reduction, multiplying the resulting percentages by the revenue difference between the single rate calculation and the calculations pursuant to this subsection and dividing by the respective adjusted current year assessed valuation of each class or subclass to determine the adjustment to the rate to be levied upon each class or subclass of property. The adjustment computed herein shall be multiplied by one hundred, rounded to four decimals in the manner provided in this subsection, and added to the initial rate computed for each class or subclass of property. For school districts that levy separate tax rates on each subclass of real property and personal property in the aggregate, if voters approved a ballot before January 1, 2011, that presented separate stated tax rates to be applied to the different subclasses of real property and personal property in the aggregate, or increases the separate rates that may be levied on the different subclasses of real property and personal property in the aggregate by different amounts, the tax rate that shall be used for the single tax rate calculation shall be a blended rate, calculated in the manner provided under subdivision (1) of subsection 6 of this section. Notwithstanding any provision of this subsection to the contrary, no revision to the rate of levy for personal property shall cause such levy to increase over the levy for personal property from the prior year.

3. (1) Where the taxing authority is a school district, it shall be required to revise the rates of levy to the extent necessary to produce from all taxable property, including state-assessed railroad and utility property,

which shall be separately estimated in addition to other data required in complying with section 164.011, substantially the amount of tax revenue permitted in this section. In the year following tax rate reduction, the tax rate ceiling may be adjusted to offset such district's reduction in the apportionment of state school moneys due to its reduced tax rate. However, in the event any school district, in calculating a tax rate ceiling pursuant to this section, requiring the estimating of effects of state-assessed railroad and utility valuation or loss of state aid, discovers that the estimates used result in receipt of excess revenues, which would have required a lower rate if the actual information had been known, the school district shall reduce the tax rate ceiling in the following year to compensate for the excess receipts, and the recalculated rate shall become the tax rate ceiling for purposes of this section.

(2) For any political subdivision which experiences a reduction in the amount of assessed valuation relating to a prior year, due to decisions of the state tax commission or a court pursuant to sections 138.430 to 138.433, or due to clerical errors or corrections in the calculation or recordation of any assessed valuation:

(a) Such political subdivision may revise the tax rate ceiling for each purpose it levies taxes to compensate for the reduction in assessed value occurring after the political subdivision calculated the tax rate ceiling for the particular subclass of real property or for personal property, in the aggregate, in a prior year. Such revision by the political subdivision shall be made at the time of the next calculation of the tax rate for the particular subclass of real property or for personal property, in the aggregate, after the reduction in assessed valuation has been determined and shall be calculated in a manner that results in the revised tax rate ceiling being the same as it would have been had the corrected or finalized assessment been available at the time of the prior calculation;

(b) In addition, for up to three years following the determination of the reduction in assessed valuation as a result of circumstances defined in this subdivision, such political subdivision may levy a tax rate for each purpose it levies taxes above the revised tax rate ceiling provided in paragraph (a) of this subdivision to recoup any revenues it was entitled to receive had the corrected or finalized assessment been available at the time of the prior calculation.

4. (1) In order to implement the provisions of this section and Section 22 of Article X of the Constitution of Missouri, the term improvements shall apply to both real and personal property. In order to determine the value of new construction and improvements, each county assessor shall maintain a record of real property valuations in such a manner as to identify each year the increase in valuation for each political subdivision in the county as a result of new construction and improvements. The value of new construction and improvements shall include the additional assessed value of all improvements or additions to real property which were begun after and were not part of the prior year's assessment, except that the additional assessed value of all improvements or additions to real property which had been totally or partially exempt from ad valorem taxes pursuant to sections 99.800 to 99.865, sections 135.200 to 135.255, and section 353.110 shall be included in the value of new construction and improvements when the property becomes totally or partially subject to assessment and payment of all ad valorem taxes. The aggregate increase in valuation of personal property for the current year over that of the previous year is the equivalent of the new construction and improvements factor for personal property. Notwithstanding any opt-out implemented pursuant to subsection 14 of section 137.115, the assessor shall certify the amount of new construction and improvements and the amount of assessed value on any real property which was assessed by the assessor of a county or city in such previous year but is assessed by the assessor of a county or city in the current year in a different subclass of real property separately for each of the three subclasses of real property for

each political subdivision to the county clerk in order that political subdivisions shall have this information for the purpose of calculating tax rates pursuant to this section and Section 22, Article X, Constitution of Missouri. In addition, the state tax commission shall certify each year to each county clerk the increase in the general price level as measured by the Consumer Price Index for All Urban Consumers for the United States, or its successor publications, as defined and officially reported by the United States Department of Labor, or its successor agency. The state tax commission shall certify the increase in such index on the latest twelve-month basis available on February first of each year over the immediately preceding prior twelve-month period in order that political subdivisions shall have this information available in setting their tax rates according to law and Section 22 of Article X of the Constitution of Missouri. For purposes of implementing the provisions of this section and Section 22 of Article X of the Missouri Constitution, the term “property” means all taxable property, including state-assessed property.

(2) Each political subdivision required to revise rates of levy pursuant to this section or Section 22 of Article X of the Constitution of Missouri shall calculate each tax rate it is authorized to levy and, in establishing each tax rate, shall consider each provision for tax rate revision provided in this section and Section 22 of Article X of the Constitution of Missouri, separately and without regard to annual tax rate reductions provided in section 67.505 and section 164.013. Each political subdivision shall set each tax rate it is authorized to levy using the calculation that produces the lowest tax rate ceiling. It is further the intent of the general assembly, pursuant to the authority of Section 10(c) of Article X of the Constitution of Missouri, that the provisions of such section be applicable to tax rate revisions mandated pursuant to Section 22 of Article X of the Constitution of Missouri as to reestablishing tax rates as revised in subsequent years, enforcement provisions, and other provisions not in conflict with Section 22 of Article X of the Constitution of Missouri. Annual tax rate reductions provided in section 67.505 and section 164.013 shall be applied to the tax rate as established pursuant to this section and Section 22 of Article X of the Constitution of Missouri, unless otherwise provided by law.

5. (1) In all political subdivisions, the tax rate ceiling established pursuant to this section shall not be increased unless approved by a vote of the people. Approval of the higher tax rate shall be by at least a majority of votes cast. When a proposed higher tax rate requires approval by more than a simple majority pursuant to any provision of law or the constitution, the tax rate increase must receive approval by at least the majority required.

(2) When voters approve an increase in the tax rate, the amount of the increase shall be added to the tax rate ceiling as calculated pursuant to this section to the extent the total rate does not exceed any maximum rate prescribed by law. If a ballot question presents a stated tax rate for approval rather than describing the amount of increase in the question, the stated tax rate approved shall be adjusted as provided in this section and, so adjusted, shall be the current tax rate ceiling. The increased tax rate ceiling as approved shall be adjusted such that when applied to the current total assessed valuation of the political subdivision, excluding new construction and improvements since the date of the election approving such increase, the revenue derived from the adjusted tax rate ceiling is equal to the sum of: the amount of revenue which would have been derived by applying the voter-approved increased tax rate ceiling to total assessed valuation of the political subdivision, as most recently certified by the city or county clerk on or before the date of the election in which such increase is approved, increased by the percentage increase in the consumer price index, as provided by law. Such adjusted tax rate ceiling may be applied to the total assessed valuation of the political subdivision at the setting of the next tax rate. If a ballot question presents a phased-in tax rate increase, upon voter approval, each tax rate increase shall be adjusted in the manner prescribed in this section to yield the sum of: the amount of revenue that would be derived by applying such voter-approved

increased rate to the total assessed valuation, as most recently certified by the city or county clerk on or before the date of the election in which such increase was approved, increased by the percentage increase in the consumer price index, as provided by law, from the date of the election to the time of such increase and, so adjusted, shall be the current tax rate ceiling.

(3) The provisions of subdivision (2) of this subsection notwithstanding, if, prior to the expiration of a temporary levy increase, voters approve a subsequent levy increase, the new tax rate ceiling shall remain in effect only until such time as the temporary levy expires under the terms originally approved by a vote of the people, at which time the tax rate ceiling shall be decreased by the amount of the temporary levy increase. If, prior to the expiration of a temporary levy increase, voters of a political subdivision are asked to approve an additional, permanent increase to the political subdivision's tax rate ceiling, voters shall be submitted ballot language that clearly indicates that if the permanent levy increase is approved, the temporary levy shall be made permanent.

(4) The governing body of any political subdivision may levy a tax rate lower than its tax rate ceiling and may, in a nonreassessment year, increase that lowered tax rate to a level not exceeding the tax rate ceiling without voter approval in the manner provided under subdivision [(4)] (5) of this subsection. Nothing in this section shall be construed as prohibiting a political subdivision from voluntarily levying a tax rate lower than that which is required under the provisions of this section or from seeking voter approval of a reduction to such political subdivision's tax rate ceiling.

[(4)] (5) In a year of general reassessment, a governing body whose tax rate is lower than its tax rate ceiling shall revise its tax rate pursuant to the provisions of subsection 4 of this section as if its tax rate was at the tax rate ceiling. In a year following general reassessment, if such governing body intends to increase its tax rate, the governing body shall conduct a public hearing, and in a public meeting it shall adopt an ordinance, resolution, or policy statement justifying its action prior to setting and certifying its tax rate. The provisions of this subdivision shall not apply to any political subdivision which levies a tax rate lower than its tax rate ceiling solely due to a reduction required by law resulting from sales tax collections. The provisions of this subdivision shall not apply to any political subdivision which has received voter approval for an increase to its tax rate ceiling subsequent to setting its most recent tax rate.

6. (1) For the purposes of calculating state aid for public schools pursuant to section 163.031, each taxing authority which is a school district shall determine its proposed tax rate as a blended rate of the classes or subclasses of property. Such blended rate shall be calculated by first determining the total tax revenue of the property within the jurisdiction of the taxing authority, which amount shall be equal to the sum of the products of multiplying the assessed valuation of each class and subclass of property by the corresponding tax rate for such class or subclass, then dividing the total tax revenue by the total assessed valuation of the same jurisdiction, and then multiplying the resulting quotient by a factor of one hundred. Where the taxing authority is a school district, such blended rate shall also be used by such school district for calculating revenue from state-assessed railroad and utility property as defined in chapter 151 and for apportioning the tax rate by purpose.

(2) Each taxing authority proposing to levy a tax rate in any year shall notify the clerk of the county commission in the county or counties where the tax rate applies of its tax rate ceiling and its proposed tax rate. Each taxing authority shall express its proposed tax rate in a fraction equal to the nearest one-tenth of a cent, unless its proposed tax rate is in excess of one dollar, then one/one-hundredth of a cent. If a taxing authority shall round to one/one-hundredth of a cent, it shall round up a fraction greater than or equal to five/one-thousandth of one cent to the next higher one/one-hundredth of a cent; if a taxing authority shall

round to one-tenth of a cent, it shall round up a fraction greater than or equal to five/one-hundredths of a cent to the next higher one-tenth of a cent. Any taxing authority levying a property tax rate shall provide data, in such form as shall be prescribed by the state auditor by rule, substantiating such tax rate complies with Missouri law. All forms for the calculation of rates pursuant to this section shall be promulgated as a rule and shall not be incorporated by reference. The state auditor shall promulgate rules for any and all forms for the calculation of rates pursuant to this section which do not currently exist in rule form or that have been incorporated by reference. In addition, each taxing authority proposing to levy a tax rate for debt service shall provide data, in such form as shall be prescribed by the state auditor by rule, substantiating the tax rate for debt service complies with Missouri law. A tax rate proposed for annual debt service requirements will be prima facie valid if, after making the payment for which the tax was levied, bonds remain outstanding and the debt fund reserves do not exceed the following year's payments. The county clerk shall keep on file and available for public inspection all such information for a period of three years. The clerk shall, within three days of receipt, forward a copy of the notice of a taxing authority's tax rate ceiling and proposed tax rate and any substantiating data to the state auditor. The state auditor shall, within fifteen days of the date of receipt, examine such information and return to the county clerk his or her findings as to compliance of the tax rate ceiling with this section and as to compliance of any proposed tax rate for debt service with Missouri law. If the state auditor believes that a taxing authority's proposed tax rate does not comply with Missouri law, then the state auditor's findings shall include a recalculated tax rate, and the state auditor may request a taxing authority to submit documentation supporting such taxing authority's proposed tax rate. The county clerk shall immediately forward a copy of the auditor's findings to the taxing authority and shall file a copy of the findings with the information received from the taxing authority. The taxing authority shall have fifteen days from the date of receipt from the county clerk of the state auditor's findings and any request for supporting documentation to accept or reject in writing the rate change certified by the state auditor and to submit all requested information to the state auditor. A copy of the taxing authority's acceptance or rejection and any information submitted to the state auditor shall also be mailed to the county clerk. If a taxing authority rejects a rate change certified by the state auditor and the state auditor does not receive supporting information which justifies the taxing authority's original or any subsequent proposed tax rate, then the state auditor shall refer the perceived violations of such taxing authority to the attorney general's office and the attorney general is authorized to obtain injunctive relief to prevent the taxing authority from levying a violative tax rate.

(3) In the event that the taxing authority incorrectly completes the forms created and promulgated under subdivision (2) of this subsection, or makes a clerical error, the taxing authority may submit amended forms with an explanation for the needed changes. If such amended forms are filed under regulations prescribed by the state auditor, the state auditor shall take into consideration such amended forms for the purposes of this subsection.

7. No tax rate shall be extended on the tax rolls by the county clerk unless the political subdivision has complied with the foregoing provisions of this section.

8. Whenever a taxpayer has cause to believe that a taxing authority has not complied with the provisions of this section, the taxpayer may make a formal complaint with the prosecuting attorney of the county. Where the prosecuting attorney fails to bring an action within ten days of the filing of the complaint, the taxpayer may bring a civil action pursuant to this section and institute an action as representative of a class of all taxpayers within a taxing authority if the class is so numerous that joinder of all members is impracticable, if there are questions of law or fact common to the class, if the claims or defenses of the representative parties are typical of the claims or defenses of the class, and if the representative parties will

fairly and adequately protect the interests of the class. In any class action maintained pursuant to this section, the court may direct to the members of the class a notice to be published at least once each week for four consecutive weeks in a newspaper of general circulation published in the county where the civil action is commenced and in other counties within the jurisdiction of a taxing authority. The notice shall advise each member that the court will exclude him or her from the class if he or she so requests by a specified date, that the judgment, whether favorable or not, will include all members who do not request exclusion, and that any member who does not request exclusion may, if he or she desires, enter an appearance. In any class action brought pursuant to this section, the court, in addition to the relief requested, shall assess against the taxing authority found to be in violation of this section the reasonable costs of bringing the action, including reasonable attorney's fees, provided no attorney's fees shall be awarded any attorney or association of attorneys who receive public funds from any source for their services. Any action brought pursuant to this section shall be set for hearing as soon as practicable after the cause is at issue.

9. If in any action, including a class action, the court issues an order requiring a taxing authority to revise the tax rates as provided in this section or enjoins a taxing authority from the collection of a tax because of its failure to revise the rate of levy as provided in this section, any taxpayer paying his or her taxes when an improper rate is applied has erroneously paid his or her taxes in part, whether or not the taxes are paid under protest as provided in section 139.031 or otherwise contested. The part of the taxes paid erroneously is the difference in the amount produced by the original levy and the amount produced by the revised levy. The township or county collector of taxes or the collector of taxes in any city shall refund the amount of the tax erroneously paid. The taxing authority refusing to revise the rate of levy as provided in this section shall make available to the collector all funds necessary to make refunds pursuant to this subsection. No taxpayer shall receive any interest on any money erroneously paid by him or her pursuant to this subsection. Effective in the 1994 tax year, nothing in this section shall be construed to require a taxing authority to refund any tax erroneously paid prior to or during the third tax year preceding the current tax year.

10. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2004, shall be invalid and void.”; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

The filing of a notice of intention of detachment must be authorized by ordinance. Such notice of intention of detachment shall describe

the subject area to be excluded from the ambulance district in the form of a legal description and map.

2. After filing the notice of intention of detachment with the ambulance district, the city shall conduct a public hearing on the notice of intention of detachment and give notice by publication in a newspaper of general circulation qualified to publish legal matters in the county where the subject area is located, at least once a week for three consecutive weeks prior to the hearing, with the last notice being not more than twenty days and not less than ten days before the hearing. The hearing may be continued to another date without further notice other than a motion to be entered upon the minutes fixing the time and place of the subsequent hearing. At the public hearing, the city shall present its reasons why it desires to detach from the ambulance district and its plan to provide or cause to be provided ambulance services to the city.

3. Following the public hearing, the governing body of the city may approve the detachment of the subject area from the ambulance district by enacting an ordinance with a majority of all members of the legislative body of the city voting in favor of the ordinance.

4. Upon duly enacting such detachment ordinance, the city shall cause three certified copies of the same to be filed with the county assessor and the clerk of the county wherein the city is located and one certified copy to be filed with the election authority if different from the clerk of the county that has jurisdiction over the area being detached.

5. Such term shall include habilitation centers and private or public intermediate care facilities for the intellectually disabled that have been certified to meet the conditions of participation under 42 CFR, Section 483, Subpart I;

(3) “Net operating revenues from providing services of intermediate care facilities for the intellectually disabled” shall include, without limitation, all moneys received on account of such services pursuant to rates

of reimbursement established and paid by the department of social services, but shall not include charitable contributions, grants, donations, bequests and income from nonservice related fund-raising activities and government deficit financing, contractual allowance, discounts or bad debt;

(4) “Services of intermediate care facilities for the intellectually disabled” has the same meaning as the term services of intermediate care facilities for the mentally retarded, as used in Title 42 United States Code, Section 1396b(w)(7)(A)(iv), as amended, and as such qualifies as a class of health care services recognized in federal Public Law 102-234, the Medicaid Voluntary Contribution and Provider-Specific Tax Amendments of 1991.

2. Beginning July 1, 2008, each provider of services of intermediate care facilities for the intellectually disabled shall, in addition to all other fees and taxes now required or paid, pay assessments on their net operating revenues for the privilege of engaging in the business of providing services of the intermediate care facilities for the intellectually disabled or developmentally disabled in this state.

3. Each facility’s assessment shall be based on a formula set forth in rules and regulations promulgated by the department of mental health.

4. For purposes of determining rates of payment under the medical assistance program for providers of services of intermediate care facilities for the intellectually disabled, the assessment imposed pursuant to this section on net operating revenues shall be a reimbursable cost to be reflected as timely as practicable in rates of payment applicable within the assessment period, contingent, for payments by governmental agencies, on all federal approvals necessary by federal law and regulation for federal financial participation in payments made for beneficiaries eligible for medical assistance under Title XIX of the federal Social Security Act, 42 U.S.C. Section 1396, et seq., as amended.

5. Assessments shall be submitted by or on behalf of each provider of services of intermediate care facilities for the intellectually disabled on a monthly basis to the director of the department of mental health or his or her designee and shall be made payable to the director of the department of revenue.

6. In the alternative, a provider may direct that the director of the department of social services offset, from the amount of any payment to be made by the state to the provider, the amount of the assessment payment owed for any month.

7. Assessment payments shall be deposited in the state treasury to the credit of the “Intermediate Care Facility Intellectually Disabled Reimbursement Allowance Fund”, which is hereby created in the state treasury. All investment earnings of this fund shall be credited to the fund. Notwithstanding the provisions of section 33.080 to the contrary, any unexpended balance in the intermediate care facility intellectually disabled reimbursement allowance fund at the end of the biennium shall not revert to the general revenue fund but shall accumulate from year to year. The state treasurer shall maintain records that show the amount of money in the fund at any time and the amount of any investment earnings on that amount.

8. Each provider of services of intermediate care facilities for the intellectually disabled shall keep such records as may be necessary to determine the amount of the assessment for which it is liable under this section. On or before the forty-fifth day after the end of each month commencing July 1, 2008, each provider of services of intermediate care facilities for the intellectually disabled shall submit to the department of social services a report on a cash basis that reflects such information as is necessary to determine the amount of the assessment payable for that month.

a certified annual report of net operating revenues from the furnishing of services of intermediate care facilities for the intellectually disabled. The reports shall be in such form as may be prescribed by rule by the director of the department of mental health. Final payments of the assessment for each year shall be due for all providers of services of intermediate care facilities for the intellectually disabled upon the due date for submission of the certified annual report.

10. The director of the department of mental health shall prescribe by rule the form and content of any document required to be filed pursuant to the provisions of this section.

11. Upon receipt of notification from the director of the department of mental health of a provider's delinquency in paying assessments required under this section, the director of the department of social services shall withhold, and shall remit to the director of the department of revenue, an assessment amount estimated by the director of the department of mental health from any payment to be made by the state to the provider.

12. In the event a provider objects to the estimate described in subsection 11 of this section, or any other decision of the department of mental health related to this section, the provider of services may request a hearing. If a hearing is requested, the director of the department of mental health shall provide the provider of services an opportunity to be heard and to present evidence bearing on the amount due for an assessment or other issue related to this section within thirty days after collection of an amount due or receipt of a request for a hearing, whichever is later. The director shall issue a final decision within forty-five days of the completion of the hearing. After reconsideration of the assessment determination and a final decision by the director of the department of mental health, an intermediate care facility for the intellectually disabled provider's appeal of the director's final decision shall be to the administrative hearing commission in accordance with sections 208.156 and 621.055.

13. Notwithstanding any other provision of law to the contrary, appeals regarding this assessment shall be to the circuit court of Cole County or the circuit court in the county in which the facility is located. The circuit court shall hear the matter as the court of original jurisdiction.

14. Nothing in this section shall be deemed to affect or in any way limit the tax-exempt or nonprofit status of any intermediate care facility for the intellectually disabled granted by state law.

15. The director of the department of mental health shall promulgate rules and regulations to implement this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2008, shall be invalid and void.

16. The provisions of this section shall expire on September 30, [2021] **2022.**"; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

HOUSE AMENDMENT NO. 4

Amend House Committee Substitute for Senate Bill No. 365, Page 2, Section 92.117, Line 21, by inserting after all of said line and section the following:

“137.115. 1. All other laws to the contrary notwithstanding, the assessor or the assessor’s deputies in all counties of this state including the City of St. Louis shall annually make a list of all real and tangible personal property taxable in the assessor’s city, county, town or district. Except as otherwise provided in subsection 3 of this section and section 137.078, the assessor shall annually assess all personal property at thirty-three and one-third percent of its true value in money as of January first of each calendar year. The assessor shall annually assess all real property, including any new construction and improvements to real property, and possessory interests in real property at the percent of its true value in money set in subsection 5 of this section. The true value in money of any possessory interest in real property in subclass (3), where such real property is on or lies within the ultimate airport boundary as shown by a federal airport layout plan, as defined by 14 CFR 151.5, of a commercial airport having a FAR Part 139 certification and owned by a political subdivision, shall be the otherwise applicable true value in money of any such possessory interest in real property, less the total dollar amount of costs paid by a party, other than the political subdivision, towards any new construction or improvements on such real property completed after January 1, 2008, and which are included in the above-mentioned possessory interest, regardless of the year in which such costs were incurred or whether such costs were considered in any prior year. The assessor shall annually assess all real property in the following manner: new assessed values shall be determined as of January first of each odd-numbered year and shall be entered in the assessor’s books; those same assessed values shall apply in the following even-numbered year, except for new construction and property improvements which shall be valued as though they had been completed as of January first of the preceding odd-numbered year. The assessor may call at the office, place of doing business, or residence of each person required by this chapter to list property, and require the person to make a correct statement of all taxable tangible personal property owned by the person or under his or her care, charge or management, taxable in the county. On or before January first of each even-numbered year, the assessor shall prepare and submit a two-year assessment maintenance plan to the county governing body and the state tax commission for their respective approval or modification. The county governing body shall approve and forward such plan or its alternative to the plan to the state tax commission by February first. If the county governing body fails to forward the plan or its alternative to the plan to the state tax commission by February first, the assessor’s plan shall be considered approved by the county governing body. If the state tax commission fails to approve a plan and if the state tax commission and the assessor and the governing body of the county involved are unable to resolve the differences, in order to receive state cost-share funds outlined in section 137.750, the county or the assessor shall petition the administrative hearing commission, by May first, to decide all matters in dispute regarding the assessment maintenance plan. Upon agreement of the parties, the matter may be stayed while the parties proceed with mediation or arbitration upon terms agreed to by the parties. The final decision of the administrative hearing commission shall be subject to judicial review in the circuit court of the county involved. In the event a valuation of subclass (1) real property within any county with a charter form of government, or within a city not within a county, is made by a computer, computer-assisted method or a computer program, the burden of proof, supported by clear, convincing and cogent evidence to sustain such valuation, shall be on the assessor at any hearing or appeal. In any such county, unless the assessor proves otherwise, there shall be a presumption that the assessment was made by a computer, computer-assisted method or a computer program. Such evidence shall include, but shall not be limited to, the following:

- (1) The findings of the assessor based on an appraisal of the property by generally accepted appraisal techniques; and
- (2) The purchase prices from sales of at least three comparable properties and the address or location

thereof. As used in this subdivision, the word “comparable” means that:

(a) Such sale was closed at a date relevant to the property valuation; and

(b) Such properties are not more than one mile from the site of the disputed property, except where no similar properties exist within one mile of the disputed property, the nearest comparable property shall be used. Such property shall be within five hundred square feet in size of the disputed property, and resemble the disputed property in age, floor plan, number of rooms, and other relevant characteristics.

2. Assessors in each county of this state and the City of St. Louis may send personal property assessment forms through the mail.

3. The following items of personal property shall each constitute separate subclasses of tangible personal property and shall be assessed and valued for the purposes of taxation at the following percentages of their true value in money:

(1) Grain and other agricultural crops in an unmanufactured condition, one-half of one percent;

(2) Livestock, twelve percent;

(3) Farm machinery, twelve percent;

(4) Motor vehicles which are eligible for registration as and are registered as historic motor vehicles pursuant to section 301.131 and aircraft which are at least twenty-five years old and which are used solely for noncommercial purposes and are operated less than [fifty] **two hundred** hours per year or aircraft that are home built from a kit, five percent;

(5) Poultry, twelve percent; and

(6) Tools and equipment used for pollution control and tools and equipment used in retooling for the purpose of introducing new product lines or used for making improvements to existing products by any company which is located in a state enterprise zone and which is identified by any standard industrial classification number cited in subdivision (7) of section 135.200, twenty-five percent.

4. The person listing the property shall enter a true and correct statement of the property, in a printed blank prepared for that purpose. The statement, after being filled out, shall be signed and either affirmed or sworn to as provided in section 137.155. The list shall then be delivered to the assessor.

5. (1) All subclasses of real property, as such subclasses are established in Section 4(b) of Article X of the Missouri Constitution and defined in section 137.016, shall be assessed at the following percentages of true value:

(a) For real property in subclass (1), nineteen percent;

(b) For real property in subclass (2), twelve percent; and

(c) For real property in subclass (3), thirty-two percent.

(2) A taxpayer may apply to the county assessor, or, if not located within a county, then the assessor of such city, for the reclassification of such taxpayer's real property if the use or purpose of such real property is changed after such property is assessed under the provisions of this chapter. If the assessor determines that such property shall be reclassified, he or she shall determine the assessment under this subsection based on the percentage of the tax year that such property was classified in each subclassification.

6. Manufactured homes, as defined in section 700.010, which are actually used as dwelling units shall be assessed at the same percentage of true value as residential real property for the purpose of taxation. The percentage of assessment of true value for such manufactured homes shall be the same as for residential real property. If the county collector cannot identify or find the manufactured home when attempting to attach the manufactured home for payment of taxes owed by the manufactured home owner, the county collector may request the county commission to have the manufactured home removed from the tax books, and such request shall be granted within thirty days after the request is made; however, the removal from the tax books does not remove the tax lien on the manufactured home if it is later identified or found. For purposes of this section, a manufactured home located in a manufactured home rental park, rental community or on real estate not owned by the manufactured home owner shall be considered personal property. For purposes of this section, a manufactured home located on real estate owned by the manufactured home owner may be considered real property.

7. Each manufactured home assessed shall be considered a parcel for the purpose of reimbursement pursuant to section 137.750, unless the manufactured home is real estate as defined in subsection 7 of section 442.015 and assessed as a realty improvement to the existing real estate parcel.

8. Any amount of tax due and owing based on the assessment of a manufactured home shall be included on the personal property tax statement of the manufactured home owner unless the manufactured home is real estate as defined in subsection 7 of section 442.015, in which case the amount of tax due and owing on the assessment of the manufactured home as a realty improvement to the existing real estate parcel shall be included on the real property tax statement of the real estate owner.

9. The assessor of each county and each city not within a county shall use the trade-in value published in the October issue of the National Automobile Dealers' Association Official Used Car Guide, or its successor publication, as the recommended guide of information for determining the true value of motor vehicles described in such publication. The assessor shall not use a value that is greater than the average trade-in value in determining the true value of the motor vehicle without performing a physical inspection of the motor vehicle. For vehicles two years old or newer from a vehicle's model year, the assessor may use a value other than average without performing a physical inspection of the motor vehicle. In the absence of a listing for a particular motor vehicle in such publication, the assessor shall use such information or publications which in the assessor's judgment will fairly estimate the true value in money of the motor vehicle.

10. Before the assessor may increase the assessed valuation of any parcel of subclass (1) real property by more than fifteen percent since the last assessment, excluding increases due to new construction or improvements, the assessor shall conduct a physical inspection of such property.

11. If a physical inspection is required, pursuant to subsection 10 of this section, the assessor shall notify the property owner of that fact in writing and shall provide the owner clear written notice of the owner's rights relating to the physical inspection. If a physical inspection is required, the property owner may request that an interior inspection be performed during the physical inspection. The owner shall have no less than thirty days to notify the assessor of a request for an interior physical inspection.

12. A physical inspection, as required by subsection 10 of this section, shall include, but not be limited to, an on-site personal observation and review of all exterior portions of the land and any buildings and improvements to which the inspector has or may reasonably and lawfully gain external access, and shall include an observation and review of the interior of any buildings or improvements on the property upon

the timely request of the owner pursuant to subsection 11 of this section. Mere observation of the property via a drive-by inspection or the like shall not be considered sufficient to constitute a physical inspection as required by this section.

13. A county or city collector may accept credit cards as proper form of payment of outstanding property tax or license due. No county or city collector may charge surcharge for payment by credit card which exceeds the fee or surcharge charged by the credit card bank, processor, or issuer for its service. A county or city collector may accept payment by electronic transfers of funds in payment of any tax or license and charge the person making such payment a fee equal to the fee charged the county by the bank, processor, or issuer of such electronic payment.

14. Any county or city not within a county in this state may, by an affirmative vote of the governing body of such county, opt out of the provisions of this section and sections 137.073, 138.060, and 138.100 as enacted by house bill no. 1150 of the ninety-first general assembly, second regular session and section 137.073 as modified by house committee substitute for senate substitute for senate committee substitute for senate bill no. 960, ninety-second general assembly, second regular session, for the next year of the general reassessment, prior to January first of any year. No county or city not within a county shall exercise this opt-out provision after implementing the provisions of this section and sections 137.073, 138.060, and 138.100 as enacted by house bill no. 1150 of the ninety-first general assembly, second regular session and section 137.073 as modified by house committee substitute for senate substitute for senate committee substitute for senate bill no. 960, ninety-second general assembly, second regular session, in a year of general reassessment. For the purposes of applying the provisions of this subsection, a political subdivision contained within two or more counties where at least one of such counties has opted out and at least one of such counties has not opted out shall calculate a single tax rate as in effect prior to the enactment of house bill no. 1150 of the ninety-first general assembly, second regular session. A governing body of a city not within a county or a county that has opted out under the provisions of this subsection may choose to implement the provisions of this section and sections 137.073, 138.060, and 138.100 as enacted by house bill no. 1150 of the ninety-first general assembly, second regular session, and section 137.073 as modified by house committee substitute for senate substitute for senate committee substitute for senate bill no. 960, ninety-second general assembly, second regular session, for the next year of general reassessment, by an affirmative vote of the governing body prior to December thirty-first of any year.

15. The governing body of any city of the third classification with more than twenty-six thousand three hundred but fewer than twenty-six thousand seven hundred inhabitants located in any county that has exercised its authority to opt out under subsection 14 of this section may levy separate and differing tax rates for real and personal property only if such city bills and collects its own property taxes or satisfies the entire cost of the billing and collection of such separate and differing tax rates. Such separate and differing rates shall not exceed such city's tax rate ceiling.

16. Any portion of real property that is available as reserve for strip, surface, or coal mining for minerals for purposes of excavation for future use or sale to others that has not been bonded and permitted under chapter 444 shall be assessed based upon how the real property is currently being used. Any information provided to a county assessor, state tax commission, state agency, or political subdivision responsible for the administration of tax policies shall, in the performance of its duties, make available all books, records, and information requested, except such books, records, and information as are by law declared confidential in nature, including individually identifiable information regarding a specific taxpayer or taxpayer's mine property. For purposes of this subsection, "mine property" shall mean all real property that is in use or

readily available as a reserve for strip, surface, or coal mining for minerals for purposes of excavation for current or future use or sale to others that has been bonded and permitted under chapter 444.”; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

(6) “TIME zone”, an area identified through an ordinance or resolution passed pursuant to subsection 4 of this section that is being developed or redeveloped for any purpose so long as any infrastructure or building built or improved is in the development area;

(7) “Zone board”, the governing body of a TIME zone.

3. The governing bodies of at least two contiguous or overlapping political subdivisions in this state may establish one or more TIME zones, which shall be political subdivisions of the state, for the purposes of completing infrastructure projects to promote the economic development of the region. Such zones may only include the area within the governing bodies’ jurisdiction, ownership, or control, and may include any such area. The governing bodies shall determine the boundaries for each TIME zone, and more than one TIME zone may exist within the governing bodies’ jurisdiction or under the governing bodies’ ownership or control, and may be expanded or contracted by resolution of the zone board.

4. (1) To establish a TIME zone, the governing bodies of at least two political subdivisions shall each propose an ordinance or resolution creating such zone. Such ordinance or resolution shall set forth the names of the political subdivisions which will form the TIME zone, the general nature of the proposed improvements, the estimated cost of such improvements, the boundaries of the proposed TIME zone, and the estimated number of new jobs to be created in the TIME zone. Prior to approving such ordinance or resolution, each governing body shall hold a public hearing to consider the creation of the TIME zone and the proposed improvements therein. The governing bodies shall hear and pass upon all objections to the TIME zone and the proposed improvements, if any, and may amend the proposed improvements, and the plans and specifications therefor.

(2) After the passage or adoption of the ordinance or resolution creating the TIME Zone, governance of the TIME zone shall be by the zone board, which shall consist of seven members selected from the political subdivisions creating the TIME zone. Members of a zone board shall receive no salary or other compensation for their services as members, but shall receive their necessary traveling and other expenses incurred while actually engaged in the discharge of their official duties. The zone board may expand or contract such TIME zone through an ordinance or resolution following a public hearing conducted to consider such expansion or contraction.

5. The boundaries of the proposed TIME zone shall be described by metes and bounds, streets, or other sufficiently specific description.

6. (1) Prior to retaining any state withholding tax pursuant to subsection 9 of this section, a zone board shall enter into an agreement with the department. Such agreement shall include, but shall not be limited to:

(b) The outstanding improvements to be made within the TIME zone and the funding necessary to complete such improvements; and

(c) Any other factor the department requires.

(2) The department may approve the renewal of an agreement for a period not to exceed ten years. If a zone board has not met the new job requirements pursuant to subdivision (2) of subsection 6 of this section by the end of the agreement, the department shall recapture from such zone board the amount of withholding tax retained by the zone board pursuant to this section and the department shall not approve the renewal of an agreement with such zone board.

(3) A zone board shall not retain any withholding tax pursuant to this section in excess of the costs of improvements completed by the zone board.

8. If a qualified company is retaining withholding tax pursuant to sections 620.2000 to 620.2020 for new jobs, as such terms are defined in section 620.2005, that also qualify for the retention of withholding tax pursuant to this section, the department shall not authorize an agreement pursuant to this section that results in more than fifty percent of the withholding tax for such new jobs being retained pursuant to this section and sections 620.2000 to 620.2020.

9. Upon the completion of an agreement pursuant to subsection 6 of this section, twenty-five percent of the state tax withholdings imposed by sections 143.191 to 143.265 on new jobs within a TIME zone after development or redevelopment has commenced shall not be remitted to the general revenue fund of the state of Missouri. 10. There is hereby created in the state treasury the “TIME Zone Fund”, which shall consist of money collected under this section. The state treasurer shall be custodian of the fund and may approve disbursements from the fund in accordance with sections 30.170 and 30.180 to the zone boards of the TIME zones from which the funds were collected, less the pro-rata portion appropriated by the general assembly to be used solely for the administration of this section, which shall not exceed ten percent of the total amount collected within the TIME zones of a zone board. Notwithstanding the provisions of section 33.080 to the contrary, any moneys remaining in the fund at the end of the biennium shall not revert to the credit of the general revenue fund. The state treasurer shall invest moneys in the fund in the same manner as other funds are invested. Any interest and moneys earned

on such investments shall be credited to the fund.

14. The total amount of withholding taxes retained by all TIME zones pursuant to the provisions of this section shall not exceed five million dollars per fiscal year.

15. The department may promulgate rules to implement the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2021, shall be invalid and void.

16. The provisions of section 23.253 notwithstanding, no TIME zone may be established after August 28, 2024. Any TIME zone created prior to such date shall continue to exist and be coterminous with the retirement of any debts incurred for improvements made within the TIME zone. (1) Motor fuel or special fuel subject to an excise tax of this state, unless all or part of such excise tax is refunded pursuant to section 142.824; or upon the sale at retail of fuel to be consumed in manufacturing or creating gas, power, steam, electrical current or in furnishing water to be sold ultimately at retail; or feed for livestock or poultry; or grain to be converted into foodstuffs which are to be sold ultimately in processed form at retail; or seed, limestone or fertilizer which is to be used for seeding, liming or fertilizing crops which when harvested will be sold at retail or will be fed to livestock or poultry to be sold ultimately in processed form at retail; economic poisons registered pursuant to the provisions of the Missouri pesticide registration law, sections 281.220 to 281.310, which are to be used in connection with the growth or production of crops, fruit trees or orchards applied before, during, or after planting, the crop of which when harvested will be sold at retail or will be converted into foodstuffs which are to be sold ultimately in processed form at retail;

(2) Materials, manufactured goods, machinery and parts which when used in manufacturing, processing, compounding, mining, producing or fabricating become a component part or ingredient of the new personal property resulting from such manufacturing, processing, compounding, mining, producing or fabricating and which new personal property is intended to be sold ultimately for final use or consumption; and materials, including without limitation, gases and manufactured goods, including without limitation slagging materials and firebrick, which are ultimately consumed in the manufacturing process by blending, reacting or interacting with or by becoming, in whole or in part, component parts or ingredients of steel products intended to be sold ultimately for final use or consumption;

(3) Materials, replacement parts and equipment purchased for use directly upon, and for the repair and maintenance or manufacture of, motor vehicles, watercraft, railroad rolling stock or aircraft engaged as common carriers of persons or property;

For the purposes of this subdivision, a "material recovery processing plant" means a facility that has as its primary purpose the recovery of materials into a usable product or a different form which is used in producing a new product

and shall include a facility or equipment which are used exclusively for the collection of recovered materials for delivery to a material recovery processing plant but shall not include motor vehicles used on highways. For purposes of this section, the terms motor vehicle and highway shall have the same meaning pursuant to section 301.010. For the purposes of this subdivision, subdivision (5) of this subsection, and section 144.054, as well as the definition in subdivision (9) of subsection 1 of section 144.010, the term “product” includes telecommunications services and the term “manufacturing” shall include the production, or production and transmission, of telecommunications services. The preceding sentence does not make a substantive change in the law and is intended to clarify that the term “manufacturing” has included and continues to include the production and transmission of “telecommunications services”, as enacted in this subdivision and subdivision (5) of this subsection, as well as the definition in subdivision (9) of subsection 1 of section 144.010. The preceding two sentences reaffirm legislative intent consistent with the interpretation of this subdivision and subdivision (5) of this subsection in *Southwestern Bell Tel. Co. v. Director of Revenue*, 78 S.W.3d 763 (Mo. banc 2002) and *Southwestern Bell Tel. Co. v. Director of Revenue*, 182 S.W.3d 226 (Mo. banc 2005), and accordingly abrogates the Missouri supreme court’s interpretation of those exemptions in *IBM Corporation v. Director of Revenue*, 491 S.W.3d 535 (Mo. banc 2016) to the extent inconsistent with this section and *Southwestern Bell Tel. Co. v. Director of Revenue*, 78 S.W.3d 763 (Mo. banc 2002) and *Southwestern Bell Tel. Co. v. Director of Revenue*, 182 S.W.3d 226 (Mo. banc 2005). The construction and application of this subdivision as expressed by the Missouri supreme court in *DST Systems, Inc. v. Director of Revenue*, 43 S.W.3d 799 (Mo. banc 2001); *Southwestern Bell Tel. Co. v. Director of Revenue*, 78 S.W.3d 763 (Mo. banc 2002); and *Southwestern Bell Tel. Co. v. Director of Revenue*, 182 S.W.3d 226 (Mo. banc 2005), is hereby affirmed. Material recovery is not the reuse of materials within a manufacturing process or the use of a product previously recovered. The material recovery processing plant shall qualify under the provisions of this section regardless of ownership of the material being recovered;

(5) Machinery and equipment, and parts and the materials and supplies solely required for the installation or construction of such machinery and equipment, purchased and used to establish new or to expand existing manufacturing, mining or fabricating plants in the state if such machinery and equipment is used directly in manufacturing, mining or fabricating a product which is intended to be sold ultimately for final use or consumption. The construction and application of this subdivision as expressed by the Missouri supreme court in *DST Systems, Inc. v. Director of Revenue*, 43 S.W.3d 799 (Mo. banc 2001); *Southwestern Bell Tel. Co. v. Director of Revenue*, 78 S.W.3d 763 (Mo. banc 2002); and *Southwestern Bell Tel. Co. v. Director of Revenue*, 182 S.W.3d 226 (Mo. banc 2005), is hereby affirmed;

There shall be a rebuttable presumption that the raw materials used in the primary manufacture of automobiles contain at least twenty-five percent recovered materials. HOUSE AMENDMENT NO. 1

Amend Senate Substitute for Senate Committee Substitute for Senate Bill No. 57, Page 3, Section 590.1922, Line 66, by inserting after said section and line the following:

“590.502. 1. For purposes of this section, the following shall mean:

(1) “Administering authority”, any individual or body authorized by a law enforcement agency to hear and make final decisions regarding appeals of disciplinary actions issued by such agency;

(2) “Color of law”, any act by a law enforcement officer, whether on duty or off duty, that is performed in furtherance of his or her sworn duty to enforce laws and to protect and serve the public;

(3) “Economic loss”, any economic loss including, but not limited to, loss of overtime accrual, overtime income, sick time accrual, sick time, secondary employment income, holiday pay, and vacation pay;

(4) “Good cause”, sufficient evidence or facts that would support a party’s request for extensions of time or any other requests seeking accommodations outside the scope of the rules set out herein;

(5) “Law enforcement officer”, any commissioned peace officer with the power to arrest for a violation of the criminal code who is employed by any unit of the state or any county, charter county, city, charter city, municipality, district, college, university, or any other political subdivision or is employed by the board of police commissioners as defined in chapter 84. “Law enforcement officer” shall not include any officer who is the highest ranking officer in the law enforcement agency.

2. Whenever a law enforcement officer is under administrative investigation or is subjected to administrative questioning that the officer reasonably believes could lead to disciplinary action,

demotion, dismissal, transfer, or placement on a status that could lead to economic loss, the investigation or questioning shall be conducted under the following conditions:

(1) The law enforcement officer who is the subject of the investigation shall be informed, in writing, of the existence and nature of the alleged violation and the individuals who will be conducting the investigation. Notice shall be provided to the officer along with a copy of the complaint at least twenty-four hours prior to any interrogation or interview of the officer;

(2) Any person, including members of the same agency or department as the officer under investigation, filing a complaint against a law enforcement officer shall have the complaint supported by a written statement outlining the complaint that includes the personal identifying information of the person filing the complaint. All personal identifying information shall be held confidential by the investigating agency;

(3) When a law enforcement officer is questioned or interviewed regarding matters pertaining to his or her law enforcement duties or actions taken within the scope of his or her employment, such questioning shall be conducted for a reasonable length of time and only while the officer is on duty unless reasonable circumstances exist that necessitate questioning the officer while he or she is off duty;

(4) Any interviews or questioning shall be conducted at a secure location at the agency that is conducting the investigation or at the place where the officer reports to work, unless the officer consents to another location;

(5) Law enforcement officers shall be questioned by up to two investigators and shall be informed of the name, rank, and command of the investigator or investigators conducting the investigation; except that, separate investigators shall be assigned to investigate alleged department policy violations and alleged criminal violations;

(6) Interview sessions shall be for a reasonable period of time. There shall be times provided for the officer to allow for such personal necessities and rest periods as are reasonably necessary;

(7) Prior to an interview session, the investigator or investigators conducting the investigation shall advise the law enforcement officer of the rule set out in *Garrity v. New Jersey*, 385 U.S. 493 (1967), specifically that the law enforcement officer is being ordered to answer questions under threat of disciplinary action and that the officer's answers to the questions will not be used against the officer in criminal proceedings;

(8) Law enforcement officers shall not be threatened, harassed, or promised rewards to induce them into answering any question; except that, law enforcement officers may be compelled by their employer to give protected *Garrity* statements to an investigator under the direct control of the employer, but such compelled statements shall not be used or derivatively used against the officer in any aspect of a criminal case brought against the officer;

(9) Law enforcement officers under investigation are entitled to have an attorney or any duly authorized representative present during any questioning that the law enforcement officer reasonably believes may result in disciplinary action. The attorney or representative shall be permitted to confer with the officer but shall not unduly disrupt or interfere with the interview. The questioning shall be suspended for a period of up to twenty-four hours if the officer requests representation;

(10) Prior to the law enforcement officer being interviewed, the officer and his or her attorney or representative shall have the opportunity to review the complaint;

(11) The law enforcement agency conducting the investigation shall have ninety days from receipt of a citizen complaint to complete such investigation. The agency shall determine the disposition of the complaint and render a disciplinary decision, if any, within ninety days. The agency may, for good cause, petition the administering authority overseeing the administration of discipline for an extension of time to complete the investigation. If the administering authority finds the agency has shown good cause for the granting of an extension of time to complete the investigation, the administering authority shall grant an extension of up to sixty days. The agency is limited to two extensions per investigation; except that, if there is an ongoing criminal investigation there shall be no limitation on the amount of sixty-day extensions. For good cause shown, the internal investigation may be tolled until the conclusion of a concurrent criminal investigation arising out of the same alleged conduct. Absent consent from the officer being investigated, the administering authority overseeing the administration of discipline shall set the matter for hearing and shall provide notice of the hearing to the law enforcement officer under investigation. The officer shall have the right to attend the hearing and to present evidence and arguments against extension;

(12) Within five days of the conclusion of the administrative investigation, the investigator shall inform the officer, in writing, of the investigative findings and any recommendation for further action, including discipline;

(13) A complete record of the administrative investigation shall be kept by the law enforcement agency conducting such investigation. Upon completion of the investigation, a copy of the entire record, including, but not limited to, audio, video, and transcribed statements, shall be provided to the officer or the officer's representative within five business days of the officer's written request. The agency may request a protective order to redact all personal identifying witness information; and

(14) All records compiled as a result of any investigation subject to the provisions of this section shall be held confidential and shall not be subject to disclosure under chapter 610, except by lawful subpoena or court order, by release approved by the officer, or as provided in section 590.070.

3. Law enforcement officers who are suspended without pay, demoted, terminated, transferred, or placed on a status resulting in economic loss shall be entitled to a full due process hearing. However, nothing in this section shall prohibit a law enforcement agency and the authorized bargaining representative for a law enforcement officer employed by that agency from reaching written agreements providing disciplinary procedures more favorable than those provided for this section. The components of the hearing shall include, at a minimum:

(1) The right to be represented by an attorney or other individual of their choice during the hearing;

(2) Seven days' notice of the hearing date and time;

(3) An opportunity to access and review documents, at least seven days in advance of the hearing, that are in the employer's possession and that were used as a basis for the disciplinary action;

(4) The right to refuse to testify at the hearing if the officer is concurrently facing criminal charges in connection with the same incident. A law enforcement officer's decision not to testify shall not result in additional internal charges or discipline;

(5) A complete record of the hearing shall be kept by the agency for purposes of appeal. The record shall be provided to the officer or his or her attorney upon written request;

(6) The entire record of the hearing shall remain confidential and shall not be subject to disclosure under chapter 610, except by lawful subpoena or court order.

4. Any decision, order, or action taken following the hearing shall be in writing and shall be accompanied by findings of fact. The findings shall consist of a concise statement upon each issue in the case. A copy of the decision or order accompanying findings and conclusions along with the written action and right of appeal, if any, shall be delivered or mailed promptly to the law enforcement officer or to the officer's attorney or representative of record.

5. Law enforcement officers shall have the opportunity to provide a written response to any adverse materials placed in their personnel file, and such written response shall be permanently attached to the adverse material.

6. Law enforcement officers shall have the right to compensation for any economic loss incurred during an investigation if the officer is found to have committed no misconduct.

7. Employers shall defend and indemnify law enforcement officers from and against civil claims made against them in their official and individual capacities if the alleged conduct arose in the course and scope of their obligations and duties as law enforcement officers. This includes any actions taken off duty if such actions were taken under color of law. In the event the law enforcement officer is convicted of, or pleads guilty to, criminal charges arising out of the same conduct, the employer shall no longer be obligated to defend and indemnify the officer in connection with related civil claims.

8. Law enforcement officers shall not be disciplined, demoted, dismissed, transferred, or placed on a status resulting in economic loss as a result of the assertion of their constitutional rights in any judicial proceeding, unless the officer admits to wrong-doing, in which case the provisions of this section shall not apply.

9. Any aggrieved law enforcement officer or authorized representative may seek judicial enforcement of the requirements of this section. Suits to enforce this section shall be brought in the circuit court for the county in which the law enforcement agency or governmental body has its principal place of business.

10. Upon a finding by a preponderance of the evidence that a law enforcement agency, governmental body, or member of same has violated any provision of this section, a court shall void any action taken in violation of this section. The court may also award the law enforcement officer the costs of bringing the suit including, but not limited to, attorneys' fees. A lawsuit for enforcement shall be brought within one year from which the violation is ascertainable.

11. Nothing in this section apply to any investigation or other action action by the director regarding a license issued by the director under this chapter.

12. A law enforcement agency that has substantially similar or greater procedures shall be deemed in compliance with this section.”; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

In which the concurrence of the Senate is respectfully requested.

“170.029. 1. The state board of education shall develop a statewide plan for career and technical education (CTE) that ensures sustainability, viability, and relevance by matching workforce needs with appropriate educational resources.

2. The state board of education, in consultation with the career and technical education advisory council as established in section 178.550, shall establish minimum requirements for a [career and technical education (CTE)] **CTE** certificate that a student can earn in addition to [his or her] **the student’s** high school graduation diploma. Students entering high school in school year 2017-18 and thereafter shall be eligible to earn a CTE certificate.

[2.] **3.** The [state board of education] **statewide plan** shall establish CTE requirements intended to provide students with the necessary technical employability skills to be prepared for an entry-level career in a technical field or additional training in a technical field. The provisions of this section shall not be considered a means for tracking students in order to impel students to particular vocational, career, or college paths. The state board of education shall work with local school districts to ensure that tracking does not occur. For purposes of this section, “tracking” means separating pupils by academic ability into groups for all subjects or certain classes and curriculum.

[3.] **4.** Each local school district shall determine the curriculum, programs of study, and course offerings based on the needs and interests of the students in the district **and meeting the requirements of the statewide plan**. As required by Missouri’s state plan for career education and the Missouri school improvement program, the state board of education shall work in cooperation with individual school districts to stipulate the minimum number of CTE offerings. Each local school district shall strive to offer programs of study that are economically feasible for students in the district. In establishing CTE offerings, the district may rely on standards, technical coursework, and skills assessments developed for industry-recognized certificates or credentials.

5. To enable school districts to offer CTE programs of study that are current with business and industry standards, the department of elementary and secondary education shall convene work groups from each program area to develop and recommend rigorous and relevant performance standards or course competencies for each program of study. The work groups shall include, but not be limited to, educators providing instruction in each CTE program area, advisors from each CTE program area from the department of elementary and secondary education, the department of higher education and workforce development, business and industry, and institutions of higher education. The department of elementary and secondary education shall develop written model curriculum frameworks relating to CTE program areas that may be used by school districts. The requirements of section 160.514 shall not apply to this section.

[4.] 6. No later than January 1, 2017, the department of elementary and secondary education shall develop a process for recognition of a school district's career and technical education program that offers a career and technical education certificate.

[5.] 7. The department of elementary and secondary education shall promulgate all necessary rules and regulations for the administration of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2016, shall be invalid and void.”; and

Further amend the title and enacting clause accordingly.

Senator Eslinger moved that the above amendment be adopted, which motion prevailed.

Senator Roberts offered **SA 2:**

SENATE AMENDMENT NO. 2

Amend Senate Substitute No. 2 for House Substitute for House Bill No. 297, Page 24, Section 174.283, Line 4, by inserting after all of said line the following:

“174.285. Harris-Stowe State University is hereby designated and shall hereafter be operated as an institution with a statewide mission in science, technology, engineering, and mathematics (STEM) for underrepresented and underresourced students.”; and

Further amend the title and enacting clause accordingly.

Senator Roberts moved that the above amendment be adopted, which motion prevailed.

No conveyance, lease, mortgage, disposition of land or other property, acquired by the municipality, or agreement relating to the development of the property shall be made except upon the adoption of an ordinance by the governing body of the municipality. All other laws to the contrary notwithstanding, the assessor or the assessor's deputies in all counties of this state including the City of St. Louis shall annually make a list of all real and tangible personal property taxable in the assessor's city, county, town or district. Except as otherwise provided in subsection 3 of this section and section 137.078, the assessor shall annually assess all personal property at thirty-three and one-third percent of its true value in money as of January first of each calendar year. The assessor shall annually assess all real property, including any new construction and improvements to real property, and possessory interests in real property at the percent of its true value in money set in subsection 5 of this section. The true value in money of any possessory interest in real property in subclass (3), where such real property is on or lies within the ultimate airport boundary as shown by a federal airport layout plan, as defined by 14 CFR 151.5, of a commercial airport having a FAR Part 139 certification and owned by a political subdivision, shall be the otherwise applicable true value in money of any such possessory interest in real property, less the total dollar amount of costs paid by a party, other than the political subdivision, towards any new construction or improvements on such real property completed after January 1, 2008, and which are included in the above-mentioned possessory interest, regardless of the year in which such costs were incurred or whether such costs were considered in any prior year. The assessor shall annually assess all real property in the following manner: new assessed values shall be determined as of January first of each odd-numbered year and shall be entered in the assessor's books; those same assessed values shall apply in the following even-numbered year, except for new construction and property improvements which shall be valued as though they had been completed as of January first of the preceding odd-numbered year. The assessor may call at the office, place of doing business, or residence of each person required by this chapter to list property, and require the person to make a correct statement of all taxable tangible personal property owned by the person or under his or her care, charge or management, taxable in the county. On or before January first of each even-numbered year, the assessor shall prepare and submit a two-year assessment maintenance plan to the county governing body and the state tax commission for their respective approval or modification. The county governing body shall approve and forward such plan or its alternative to the plan to the state tax commission by February first. If the county governing body fails to forward the plan or its alternative to the plan to the state tax commission by February first, the assessor's plan shall be considered approved by the county governing body. If the state tax commission fails to approve a plan and if the state tax commission and the assessor and the governing body of the county involved are unable to resolve the differences, in order to receive state cost-share funds outlined in section 137.750, the county or the assessor shall petition the administrative hearing commission, by May first, to decide all matters in dispute regarding the assessment maintenance plan. Upon agreement of the parties, the

matter may be stayed while the parties proceed with mediation or arbitration upon terms agreed to by the parties. The final decision of the administrative hearing commission shall be subject to judicial review in the circuit court of the county involved. In the event a valuation of subclass (1) real property within any county with a charter form of government, or within a city not within a county, is made by a computer, computer-assisted method or a computer program, the burden of proof, supported by clear, convincing and cogent evidence to sustain such valuation, shall be on the assessor at any hearing or appeal. In any such county, unless the assessor proves otherwise, there shall be a presumption that the assessment was made by a computer, computer-assisted method or a computer program. Such evidence shall include, but shall not be limited to, the following:

(1) The findings of the assessor based on an appraisal of the property by generally accepted appraisal techniques; and

(2) The purchase prices from sales of at least three comparable properties and the address or location thereof. As used in this subdivision, the word “comparable” means that:

(a) Such sale was closed at a date relevant to the property valuation; and

(b) Such properties are not more than one mile from the site of the disputed property, except where no similar properties exist within one mile of the disputed property, the nearest comparable property shall be used. Such property shall be within five hundred square feet in size of the disputed property, and resemble the disputed property in age, floor plan, number of rooms, and other relevant characteristics.

2. Assessors in each county of this state and the City of St. Louis may send personal property assessment forms through the mail.

3. The following items of personal property shall each constitute separate subclasses of tangible personal property and shall be assessed and valued for the purposes of taxation at the following percentages of their true value in money:

(1) Grain and other agricultural crops in an unmanufactured condition, one-half of one percent;

(2) Livestock, twelve percent;

(3) Farm machinery, twelve percent;

(4) Motor vehicles which are eligible for registration as and are registered as historic motor vehicles [pursuant to] **under** section 301.131 and aircraft which are at least twenty-five years old and which are used solely for noncommercial purposes and are operated less than [fifty] **two hundred** hours per year or aircraft that are home built from a kit, five percent;

(5) Poultry, twelve percent; and

(6) Tools and equipment used for pollution control and tools and equipment used in retooling for the purpose of introducing new product lines or used for making improvements to existing products by any company which is located in a state enterprise zone and which is identified by any standard industrial classification number cited in subdivision (7) of section 135.200, twenty-five percent.

4. The person listing the property shall enter a true and correct statement of the property, in a printed blank prepared for that purpose. The statement, after being filled out, shall be signed and either affirmed or sworn to as provided in section 137.155. The list shall then be delivered to the assessor.

5. (1) All subclasses of real property, as such subclasses are established in Section 4(b) of Article X of the Missouri Constitution and defined in section 137.016, shall be assessed at the following percentages of true value:

- (a) For real property in subclass (1), nineteen percent;
- (b) For real property in subclass (2), twelve percent; and
- (c) For real property in subclass (3), thirty-two percent.

(2) A taxpayer may apply to the county assessor, or, if not located within a county, then the assessor of such city, for the reclassification of such taxpayer's real property if the use or purpose of such real property is changed after such property is assessed under the provisions of this chapter. If the assessor determines that such property shall be reclassified, he or she shall determine the assessment under this subsection based on the percentage of the tax year that such property was classified in each subclassification.

6. Manufactured homes, as defined in section 700.010, which are actually used as dwelling units shall be assessed at the same percentage of true value as residential real property for the purpose of taxation. The percentage of assessment of true value for such manufactured homes shall be the same as for residential real property. If the county collector cannot identify or find the manufactured home when attempting to attach the manufactured home for payment of taxes owed by the manufactured home owner, the county collector may request the county commission to have the manufactured home removed from the tax books, and such request shall be granted within thirty days after the request is made; however, the removal from the tax books does not remove the tax lien on the manufactured home if it is later identified or found. For purposes of this section, a manufactured home located in a manufactured home rental park, rental community or on real estate not owned by the manufactured home owner shall be considered personal property. For purposes of this section, a manufactured home located on real estate owned by the manufactured home owner may be considered real property.

7. The number of members on the board shall be seven. One member of the board shall be appointed by the school district or districts located within the area proposed for designation of an urban agricultural zone. The real property of the UAZ shall not be subject to assessment or payment of ad valorem taxes on real property imposed by the cities affected by this section, or by the state or any political subdivision thereof, for a period of up to twenty-five years as specified by ordinance under subsection 9 of this section, except to such extent and in such amount as may be imposed upon such real property during such period, as was determined by the assessor of the county in which such real property is located, or, if not located within a county, then by the assessor of such city, in an amount not greater than the amount of taxes due and payable thereon during the calendar year preceding the calendar year during which the urban agricultural zone was designated. The amounts of such tax assessments shall not be increased during such period so long as the real property is used in furtherance of the activities provided under the provisions of subdivision (15) of subsection 1 of this section. At the conclusion of the period of abatement provided by the ordinance, the property shall then be reassessed. If only a portion of real property is used as an UAZ, then only that portion of real property shall be exempt from assessment or payment of ad valorem taxes on such property, as provided by this section.

Fifty percent of fund moneys shall be made available to school districts. The remaining fifty percent of fund moneys shall be allocated to municipalities that have urban agricultural zones based upon the municipality's percentage of local sales tax revenues deposited into the fund. The municipalities shall, upon appropriation, provide fund moneys to urban agricultural zones within the municipality for improvements. School districts may apply to the department for money in the fund to be used for the development of curriculum on or the implementation of urban farming practices under the guidance of the University of Missouri extension service and a certified vocational agricultural instructor. The funds are to be distributed on a competitive basis within the school district or districts in which the UAZ is located pursuant to rules to be promulgated by the department, with special consideration given to the relative number of students eligible for free and reduced-price lunches attending the schools within such district or districts.

If the election authority is not satisfied that any applicant is entitled to vote by mail-in ballot, the authority shall not deliver a mail-in ballot to the applicant. Within three working days of receiving such an application, the election authority shall notify the applicant and state the reason he or she is not entitled to vote by mail-in ballot. The applicant may file a complaint with the elections division of the secretary of state's office under section 115.219.

9. On the mailing and ballot envelopes for each covered voter, the election authority shall stamp the words "ELECTION BALLOT, STATE OF MISSOURI" and "U.S. Postage Paid, 39 U.S.C. Section 3406".

10. No information which encourages a vote for or against a candidate or issue shall be provided to any voter with a mail-in ballot.

11. Upon receiving a mail-in ballot by mail, the voter shall mark the ballot in secret, place the ballot in the ballot envelope, seal the envelope and fill out the statement on the ballot envelope. The statement required under subsection 7 of this section shall be subscribed and sworn to before a notary public or other officer authorized by law to administer oaths. If the voter is blind, unable to read or write the English language, or physically incapable of voting the ballot, the voter may be assisted by a person of the voter's own choosing. Any person who assists a voter and in any manner coerces or initiates a request or suggestion that the voter vote for or against, or refrain from voting on, any question or candidate, shall be guilty of a class one election offense. If, upon counting, challenge, or election contest, it is ascertained that any mail-in ballot was voted with unlawful assistance, the ballot shall be rejected.

12. Each mail-in ballot shall be returned to the election authority in the ballot envelope and shall only be returned by the voter by United States mail.

13. The secretary of state may prescribe uniform regulations with respect to the printing of ballot envelopes and mailing envelopes, which shall comply with standards established by federal law or postal regulations. Mailing envelopes for use in returning ballots shall be printed with business reply permits so that any ballot returned by mail does not require postage. All fees and costs for establishing and maintaining the business reply and postage-free mail for all ballots cast shall be paid by the secretary of state through state appropriations.

14. All votes on each mail-in ballot received by an election authority at or before the time fixed by law for the closing of the polls on election day shall be counted. No votes on any mail-in ballot received by an election authority after the time fixed by law for the closing of the polls on election day shall be counted.

15. If sufficient evidence is shown to an election authority that any mail-in voter has died prior to the opening of the polls on election day, the ballot of the deceased voter shall be rejected if it is still sealed in the ballot envelope. Any such rejected ballot, still sealed in its ballot envelope, shall be sealed with the application and any other papers connected therewith in an envelope marked "Rejected ballot of _____, a mail-in voter of _____ voting district". The reason for rejection shall be noted on the envelope, which shall be kept by the election authority with the other ballots from the election until the ballots are destroyed according to law.

16. As each mail-in ballot is received by the election authority, the election authority shall indicate its receipt on the list.

17. All mail-in ballot envelopes received by the election authority shall be kept together in a safe place and shall not be opened except as provided under this chapter.

18. Mail-in ballots shall be counted using the procedures set out in sections 115.297,

115.299, 115.300, and 115.303.

19. The false execution of a mail-in ballot is a class one election offense. The attorney general or any prosecuting or circuit attorney shall have the authority to prosecute such offense either in the county of residence of the person or in the circuit court of Cole County.

20. The provisions of this section shall apply only to an election that occurs during the year 2020, to avoid the risk of contracting or transmitting severe acute respiratory syndrome coronavirus 2.

21. The provisions of this section terminate and shall be repealed on December 31, 2020, and shall not apply to any election conducted after that date.]; and

Notwithstanding the provisions of section 1.140 to the contrary, the provisions of this act shall be nonseverable, and if any provision is for any reason held to be invalid or temporarily enjoined, such decision shall invalidate or temporarily enjoin all of the remaining provisions of this act.”; and

Further amend the title and enacting clause accordingly.

Senator Hegeman moved that the above amendment be adopted.

SENATE AMENDMENT NO. 2

Amend Senate Substitute for House Bill No. 850, Page 5, Section 115.225, Line 61, by inserting after all of said line the following:

“115.306. 1. No person shall qualify as a candidate for elective public office in the state of Missouri who has been found guilty of or pled guilty to a felony under the federal laws of the United States of America or to a felony under the laws of this state or an offense committed in another state that would be considered a felony in this state.

2. (1) Any person who files as a candidate for election to a public office shall be disqualified from participation in the election for which the candidate has filed if such person is delinquent in the payment of any state income taxes, personal property taxes, municipal taxes, real property taxes on the place of residence, as stated on the declaration of candidacy, or if the person is a past or present corporate officer of any fee office that owes any taxes to the state.

(2) Each potential candidate for election to a public office, except candidates for a county or city committee of a political party, shall file an affidavit with the department of revenue and include a copy of the affidavit with the declaration of candidacy required under section 115.349. Such affidavit shall be in substantially the following form:

AFFIRMATION OF TAX PAYMENTS AND BONDING REQUIREMENTS:

I hereby declare under penalties of perjury that I am not currently aware of any delinquency in the filing or payment of any state income taxes, personal property taxes, municipal taxes, real property taxes on the place of residence, as stated on the declaration of candidacy, or that I am a past or present corporate officer of any fee office that owes any taxes to the state, other than those taxes which may be in dispute. I declare under penalties of perjury that I am not aware of any information that would prohibit me from fulfilling any bonding requirements for the office for which I am filing.

Candidate's Signature

Printed Name of Candidate

(3) Upon receipt of a complaint alleging a delinquency of the candidate in the filing or payment of any state income taxes, personal property taxes, municipal taxes, real property taxes on the place of residence, as stated on the declaration of candidacy, or if the person is a past or present corporate officer of any fee office that owes any taxes to the state, the department of revenue shall investigate such potential candidate to verify the claim contained in the complaint. If the department of revenue finds a positive affirmation to be false, the department shall contact the secretary of state, or the election official who accepted such candidate's declaration of candidacy, and the potential candidate. The department shall notify the candidate of the outstanding tax owed and give the candidate thirty days to remit any such outstanding taxes owed which are not the subject of dispute between the department and the candidate. If the candidate fails to remit such amounts in full within thirty days, the candidate shall be disqualified from participating in the current election and barred from refile for an entire election cycle even if the individual pays all of the outstanding taxes that were the subject of the complaint.

(4) Any person who files as a candidate for election to a public office that performs county

functions in a city not within a county shall provide appropriate copies of paid tax receipts or no tax due statements for each tax listed in subdivision (1) of this subsection that indicate the person has paid all taxes due and is not delinquent in any tax. If available, the election authority shall utilize online databases to verify the candidate's taxes instead of the paper copies provided by the candidate. The election authority shall review such documentation and the affirmation of tax payments required under subdivision (2) of this subsection. The election authority may file a complaint with the department of revenue if there appears to be any delinquency.”; and

Further amend the title and enacting clause accordingly.

Senator May moved that the above amendment be adopted, which motion prevailed.

Senator Brattin offered SA 3:

SENATE AMENDMENT NO. 3

Amend Senate Substitute for House Bill No. 850, Page 3, Section 115.121, Line 26, by inserting after all of said line the following:

“115.151. 1. Each qualified applicant who appears before the election authority shall be deemed registered as of the time the applicant’s completed, signed and sworn registration application is witnessed by the election authority or deputy registration official.

2. Each applicant who registers by mail shall be deemed to be registered as of the date the application is postmarked, if such application is accepted and not rejected by the election authority and the verification notice required pursuant to section 115.155 is not returned as undeliverable by the postal service.

3. Each applicant who registers at a voter registration agency or the division of motor vehicle and drivers licensing of the department of revenue shall be deemed to be registered as of the date the application is signed by the applicant, if such application is accepted and not rejected by the election authority and the verification notice required pursuant to section 115.155 is not returned as undeliverable by the postal service. Voter registration agencies [and the division of motor vehicle and drivers licensing of the department of revenue] shall transmit voter registration application forms to the appropriate election authority not later than five business days after the form is completed by the applicant. **The division of motor vehicle and drivers licensing of the department of revenue shall transmit voter registration application forms to the appropriate election authority not later than three business days after the form is completed by the applicant.**

115.160. 1. All Missouri driver’s license applicants shall receive a voter registration application form as a simultaneous part of the application for a driver’s license, renewal of driver’s license, change of address, duplicate request and a nondriver’s license. **The director of revenue shall utilize electronic voter registration application forms and provide for secure electronic transfer of voter registration information to election authorities. The secretary of state and the director of revenue shall ensure the confidentiality and integrity of the voter registration data collected, maintained, received, or transmitted under this section.**

2. If a single application form is used, the voter registration application portion of any application described in subsection 1 of this section may not require any information that duplicates information required in the driver’s license portion of the form, except a second signature or other information required by law.

3. After conferring with the secretary of state as the chief state election official responsible for overseeing of the voter registration process, the director of revenue shall adopt rules and regulations pertaining to the format of the voter registration application used by the department.

4. No information relating to the failure of an applicant for a driver's license or nondriver's license to sign a voter registration application may be used for any purpose other than voter registration.

5. Any voter registration application received pursuant to the provisions of this section shall be forwarded, **in a secure and electronic manner**, to the election authority located within that county or any city not within a county, or if there is more than one election authority within the county, then to the election authority located nearest to the location where the driver's license application was received. **Voter registration information, including an electronic image of the signature of the applicant, shall be transmitted in a format compatible with the Missouri voter registration system established in section 115.158 which allows for review by the election authority and does not require the election authority to manually reenter the information, provided that the election authority shall print out a paper copy of the information and retain such information in the manner required by section 115.145.** The election authority receiving the application forms shall review the applications and forward, **in a secure and electronic manner**, any applications pertaining to a different election authority to that election authority.

6. A completed voter registration application accepted in the driver's licensing process shall be transmitted to the election authority described in subsection 5 of this section not later than five business days after the form is completed by the applicant.

7. Any person registering to vote when applying for or renewing a Missouri driver's license shall submit with the application form a copy of a birth certificate, a Native American tribal document, or other proof of United States citizenship, a valid Missouri driver's license, or other form of personal identification.”; and

Further amend said bill, page 49, section 115.593, line 24, by inserting after all of said line the following:

“115.960. 1. An election authority is authorized to accept voter registration applications with a signature submitted to the election authority under the provisions of sections 432.200 to 432.295 as provided in this section:

(1) Sections 432.200 to 432.295 shall only apply to transactions between parties that have agreed to conduct transactions by electronic means;

(2) Except as provided in subsection 2 of this section, as used in this section and sections 432.200 to 432.295, the parties who agree to conduct voter registration transactions by electronic means shall be the local election authority who is required to accept or reject a voter registration application and the prospective voter submitting the application;

(3) A local election authority is authorized to develop, maintain, and approve systems that transmit voter registration applications electronically under sections 432.200 to 432.295;

(4) Except as provided in subsection 2 of this section **and section 115.160**, no officer, agency, or organization shall collect or submit a voter registration application with an electronic signature to an election authority without first obtaining approval of the data and signature format from the local election authority and the approval of the voter to collect and store the signature and data; and

(5) Local election authorities who maintain a voter registration application system shall direct voter

registration applicants from other jurisdictions to the system used by the local election authority for that jurisdiction to accept voter registration applications electronically.

2. A system maintained by the secretary of state's office shall be used to accept voter registration applications electronically subsequent to approval from the committee formed as set forth in this subsection:

(1) Within thirty days of, but in no event prior to January 1, 2017, the president of the Missouri Association of County Clerks and Election Authorities shall appoint fourteen of its members to serve on a committee to approve and develop uniform standards, systems, and modifications that shall be used by the secretary of state in any electronic voter registration application system offered by that office. The committee may also make recommendations regarding the purchase, maintenance, integration, and operation of electronic databases, software, and hardware used by local election authorities and the secretary of state's office including, but not limited to, systems used for military and overseas voting and for building and conducting election operations. The committee shall have fourteen local election authorities, including representatives of each classification of counties, a representative from an election board, and at least one member who has experience processing online voter registration transactions. In addition, one representative appointed by the secretary of state's office shall serve on the committee;

(2) The committee shall immediately meet to approve electronic signature formats and a minimum set of data collection standards for use in a voter registration application system maintained by the secretary of state;

(3) Once the format and data collection standards are approved by the committee and implemented for the system maintained by the secretary of state, local election authorities shall accept the transmission of voter registration applications submitted to the approved system under the provisions of sections 432.200 to 432.295;

(4) The secretary of state's office shall direct eligible voters to a local election authority's system to accept voter registration applications electronically if the local election authority has a system in place as of August 28, 2016, or implements a system that meets the same standards and format that has been approved by the committee for the secretary of state's system;

(5) The committee shall meet not less than semiannually through June 30, 2019, to recommend and approve changes and enhancements proposed by the secretary of state or election authorities to the electronic voter registration application system. Vacancies that occur on the committee shall be filled by the president of the Missouri Association of County Clerks and Election Authorities at the time of the vacancy;

(6) To improve the accuracy of voter registration application data and reduce costs for local election authorities, the system maintained by the secretary of state shall, as soon as is practical, provide a method where the data entered by the voter registration applicant does not have to be re-entered by the election authority to the state voter registration database.

3. Each applicant who registers using an approved electronic voter registration application system shall be deemed to be registered as of the date the signed application is submitted to the system, if such application is accepted and not rejected by the election authority and the verification notice required under section 115.155 is not returned as undeliverable by the postal service.

4. This section shall not apply to voter registration and absentee records submitted by voters authorized under federal law, section 115.291, or sections 115.900 to 115.936 to submit electronic records and

signatures.

5. High quality copies, including electronic copies, of signatures made on paper documents may be used for petition signature verification purposes and retained as records.

6. Any signature required for petition submission under chapter 116 shall be handwritten on a paper document.

7. [Notwithstanding the provisions of section 432.230] **Except as provided under sections 115.160 and 432.230**, nothing in this section shall require the election authority to accept voter registration records or signatures created, generated, sent, communicated, received, stored, or otherwise processed, or used by electronic means or in electronic form from any officer, agency, or organization not authorized under subsection 2 of this section without prior approval from the election authority. **Election authorities shall accept and process voter registration records, including electronic images of applicant signatures, transmitted electronically by the division of motor vehicle and drivers licensing of the department of revenue under section 115.160.** Except as provided in subsection 2 of this section and section 115.160, no officer, agency, or organization shall give the voter the opportunity to submit a voter registration application with an electronic signature without first obtaining the approval of the local election authority.

8. An election authority that agrees to conduct a transaction by electronic means may refuse to conduct other transactions by electronic means.

9. No election authority or the secretary of state shall furnish to any member of the public any data collected under a voter registration application system except as authorized in subsections 1 to 5 of section 115.157.

10. Nothing in this section shall be construed to require the secretary of state to cease operating a voter registration application in place as of the effective date of this act.”; and

Further amend the title and enacting clause accordingly.

Senator Brattin moved that the above amendment be adopted, which motion prevailed.

Senator Moon offered **SA 4**:

SENATE AMENDMENT NO. 4

Amend Senate Substitute for House Bill No. 850, Page 5, Section 115.225, Line 61, by inserting after all of said line the following:

“5. If any election authority uses any touchscreen, direct-recording, electronic vote-counting machine, the election authority may continue to use such machine. Upon the removal of such voting machine from the election authority’s inventory because of mechanical malfunction, wear and tear, or any other reason, the machine shall not be replaced and no additional direct-recording electronic voting machine shall be added to the election authority’s inventory. Such machines shall not be used beginning January 1, 2022, except that election authorities may allow the machines to be used by voters who are disabled as long as the machines are functional. Replacement of equipment for use by voters who are disabled shall be with paper ballot marking devices designed to assist voters.”.

Journal of the Senate

FIRST REGULAR SESSION

SIXTY-SEVENTH DAY—THURSDAY, MAY 13, 2021

The Senate met pursuant to adjournment.

President Kehoe in the Chair.

The Reverend Carl Gauck offered the following prayer:

“It is not how much you do, but how much love you put into the doing that matters.” (Mother Teresa)

Merciful God, we pray in these closing days of this session that we may be known for who we are and not what we are against. We pray that You will guide our steps that lead us to an openness that contains our love for what we do and the people with whom we serve. And so, we ask that You would grant us patience and love that is willing to protect the reputation of others as we seek to do what we must with one another. In Your Holy Name we pray. Amen.

The Pledge of Allegiance to the Flag was recited.

A quorum being established, the Senate proceeded with its business.

(d) Jointly occupied by the petitioner and a person other than respondent; provided that the respondent has no property interest in the dwelling unit; or

(3) Temporarily enjoining the respondent from communicating with the petitioner in any manner or through any medium.

2. Mutual orders of protection are prohibited unless both parties have properly filed written petitions and proper service has been made in accordance with sections 455.010 to 455.085.

3. When the court has, after a hearing for any full order of protection, issued an order of protection, it may, in addition:

(1) Award custody of any minor child born to or adopted by the parties when the court has jurisdiction over such child and no prior order regarding custody is pending or has been made, and the best interests of the child require such order be issued;

(2) Establish a visitation schedule that is in the best interests of the child;

(3) Award child support in accordance with supreme court rule 88.01 and chapter 452;

(4) Award maintenance to petitioner when petitioner and respondent are lawfully married in accordance with chapter 452;

(5) Order respondent to make or to continue to make rent or mortgage payments on a residence occupied by the petitioner if the respondent is found to have a duty to support the petitioner or other dependent household members;

(8) Prohibit the respondent from transferring, encumbering, or otherwise disposing of specified property mutually owned or leased by the parties;

(1) Prohibit the respondent from knowingly possessing or purchasing any firearm while the order is in effect;

[5.] 6. In making an award of custody, the court shall consider all relevant factors including the presumption that the best interests of the child will be served by placing the child in the custody and care of the nonabusive parent, unless there is evidence that both parents have engaged in abusive behavior, in which case the court shall not consider this presumption but may appoint a guardian ad litem or a court-appointed special advocate to represent the children in accordance with chapter 452 and shall consider all other factors in accordance with chapter 452.

[6.] 7. The court shall grant to the noncustodial parent rights to visitation with any minor child born to or adopted by the parties, unless the court finds, after hearing, that visitation would endanger the child's physical health, impair the child's emotional development or would otherwise conflict with the best interests of the child, or that no visitation can be arranged which would sufficiently protect the custodial parent from further domestic violence. The court may appoint a guardian ad litem or court-appointed special advocate to represent the minor child in accordance with chapter 452 whenever the custodial parent alleges that visitation with the noncustodial parent will damage the minor child.

[7.] 8. The court shall make an order requiring the noncustodial party to pay an amount reasonable and necessary for the support of any child to whom the party owes a duty of support when no prior order of support is outstanding and after all relevant factors have been considered, in accordance with Missouri supreme court rule 88.01 and chapter 452.

The court shall ensure that the contact information of the petitioner is not provided to the accountholder in proceedings held under this chapter.

(b) Upon issuance, a copy of the full order of protection shall be transmitted, either electronically or by certified mail, to the wireless service provider's registered agent listed with the secretary of state, or electronically to the email address provided by the wireless service provider. Further amend said bill, Page 2, Section 376.1228, Line 20, by inserting after all of said line the following:

“633.401. 1. For purposes of this section, the following terms mean:

(1) “Engaging in the business of providing health benefit services”, accepting payment for health benefit services;

(2) “Intermediate care facility for the intellectually disabled”, a private or department of mental health facility which admits persons who are intellectually disabled or developmentally disabled for residential habilitation and other services pursuant to chapter 630. Such term shall include habilitation centers and private or public intermediate care facilities for the intellectually disabled that have been certified to meet the conditions of participation under 42 CFR, Section 483, Subpart I;

(3) “Net operating revenues from providing services of intermediate care facilities for the intellectually disabled” shall include, without limitation, all moneys received on account of such services pursuant to rates of reimbursement established and paid by the department of social services, but shall not include charitable

contributions, grants, donations, bequests and income from nonservice related fund-raising activities and government deficit financing, contractual allowance, discounts or bad debt;

(4) “Services of intermediate care facilities for the intellectually disabled” has the same meaning as the term services of intermediate care facilities for the mentally retarded, as used in Title 42 United States Code, Section 1396b(w)(7)(A)(iv), as amended, and as such qualifies as a class of health care services recognized in federal Public Law 102-234, the Medicaid Voluntary Contribution and Provider-Specific Tax Amendments of 1991.

2. Beginning July 1, 2008, each provider of services of intermediate care facilities for the intellectually disabled shall, in addition to all other fees and taxes now required or paid, pay assessments on their net operating revenues for the privilege of engaging in the business of providing services of the intermediate care facilities for the intellectually disabled or developmentally disabled in this state.

3. Each facility’s assessment shall be based on a formula set forth in rules and regulations promulgated by the department of mental health.

4. For purposes of determining rates of payment under the medical assistance program for providers of services of intermediate care facilities for the intellectually disabled, the assessment imposed pursuant to this section on net operating revenues shall be a reimbursable cost to be reflected as timely as practicable in rates of payment applicable within the assessment period, contingent, for payments by governmental agencies, on all federal approvals necessary by federal law and regulation for federal financial participation in payments made for beneficiaries eligible for medical assistance under Title XIX of the federal Social Security Act, 42 U.S.C. Section 1396, et seq., as amended.

5. Assessments shall be submitted by or on behalf of each provider of services of intermediate care facilities for the intellectually disabled on a monthly basis to the director of the department of mental health or his or her designee and shall be made payable to the director of the department of revenue.

6. In the alternative, a provider may direct that the director of the department of social services offset, from the amount of any payment to be made by the state to the provider, the amount of the assessment payment owed for any month.

7. Assessment payments shall be deposited in the state treasury to the credit of the “Intermediate Care Facility Intellectually Disabled Reimbursement Allowance Fund”, which is hereby created in the state treasury. All investment earnings of this fund shall be credited to the fund. Notwithstanding the provisions of section 33.080 to the contrary, any unexpended balance in the intermediate care facility intellectually disabled reimbursement allowance fund at the end of the biennium shall not revert to the general revenue fund but shall accumulate from year to year. The state treasurer shall maintain records that show the amount of money in the fund at any time and the amount of any investment earnings on that amount.

8. Each provider of services of intermediate care facilities for the intellectually disabled shall keep such records as may be necessary to determine the amount of the assessment for which it is liable under this section. On or before the forty-fifth day after the end of each month commencing July 1, 2008, each provider of services of intermediate care facilities for the intellectually disabled shall submit to the department of social services a report on a cash basis that reflects such information as is necessary to determine the amount of the assessment payable for that month.

9. Every provider of services of intermediate care facilities for the intellectually disabled shall submit a certified annual report of net operating revenues from the furnishing of services of intermediate care

facilities for the intellectually disabled. The reports shall be in such form as may be prescribed by rule by the director of the department of mental health. Final payments of the assessment for each year shall be due for all providers of services of intermediate care facilities for the intellectually disabled upon the due date for submission of the certified annual report.

10. The director of the department of mental health shall prescribe by rule the form and content of any document required to be filed pursuant to the provisions of this section.

11. Upon receipt of notification from the director of the department of mental health of a provider's delinquency in paying assessments required under this section, the director of the department of social services shall withhold, and shall remit to the director of the department of revenue, an assessment amount estimated by the director of the department of mental health from any payment to be made by the state to the provider.

12. In the event a provider objects to the estimate described in subsection 11 of this section, or any other decision of the department of mental health related to this section, the provider of services may request a hearing. If a hearing is requested, the director of the department of mental health shall provide the provider of services an opportunity to be heard and to present evidence bearing on the amount due for an assessment or other issue related to this section within thirty days after collection of an amount due or receipt of a request for a hearing, whichever is later. The director shall issue a final decision within forty-five days of the completion of the hearing. After reconsideration of the assessment determination and a final decision by the director of the department of mental health, an intermediate care facility for the intellectually disabled provider's appeal of the director's final decision shall be to the administrative hearing commission in accordance with sections 208.156 and 621.055.

13. Notwithstanding any other provision of law to the contrary, appeals regarding this assessment shall be to the circuit court of Cole County or the circuit court in the county in which the facility is located. The circuit court shall hear the matter as the court of original jurisdiction.

14. Nothing in this section shall be deemed to affect or in any way limit the tax-exempt or nonprofit status of any intermediate care facility for the intellectually disabled granted by state law.

15. The director of the department of mental health shall promulgate rules and regulations to implement this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2008, shall be invalid and void.

16. The provisions of this section shall expire on September 30, [2021] **2022.**"; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

Such policy of insurance or self-insurance shall be further conditioned for the payment of any judgments up to the limits of such policy, recovered against any person other than the owner, the owner's agent or employee, who may operate the same with the consent of the owner.

4. Every insurance policy or self-insured licensee or entity as required by the provisions of this section shall extend for the period to be covered by the license applied for and the insurer shall be obligated to give not less than thirty days' written notice to the director and to the insured before any cancellation or termination thereof earlier than its expiration date, and the cancellation or other termination of any such policy shall automatically revoke and terminate the licenses issued for the ambulance service covered by such policy unless covered by another insurance policy in compliance with sections 190.001 to [190.245] **190.243**.

This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2002, shall be invalid and void.

190.160. The renewal of any license shall require conformance with sections 190.001 to [190.245] **190.243** and sections 190.525 to 190.537, and rules adopted by the department pursuant to sections 190.001 to [190.245] **190.243** and sections 190.525 to 190.537.

190.165. 1. The department may refuse to issue or deny renewal of any certificate, permit or license

3. If the department conducts investigations, the department, prior to interviewing a licensee who is the subject of the investigation, shall explain to the licensee that he or she has the right to:

(1) Consult legal counsel or have legal counsel present;

(2) Have anyone present whom he or she deems to be necessary or desirable; and

(3) Refuse to answer any question or refuse to provide or sign any written statement.

The assertion of any right listed in this subsection shall not be deemed by the department to be a failure to cooperate with any department investigation.

4. After the filing of such complaint, the proceedings shall be conducted in accordance with the provisions of chapter 621. Upon a finding by the administrative hearing commission that the grounds, provided in subsection 2 of this section, for disciplinary action are met, the department may, singly or in combination, censure or place the person named in the complaint on probation on such terms and conditions as the department deems appropriate for a period not to exceed five years, or may suspend, for a period not to exceed three years, or revoke the license, certificate or permit. Notwithstanding any provision of law to the contrary, the department shall be authorized to impose a suspension or revocation as a disciplinary action only if it first files the requisite complaint with the administrative hearing commission. The notice of suspension shall include the basis of the suspension and notice of the right to appeal such suspension. The licensee may appeal the decision to suspend the license, certificate or permit to the department. The appeal shall be filed within ten days from the date of the filing of the complaint. A hearing shall be conducted by the department within ten days from the date the appeal is filed. The suspension shall continue in effect until the conclusion of the proceedings, including review thereof, unless sooner withdrawn by the department, dissolved by a court of competent jurisdiction or stayed by the administrative hearing commission.

190.171. Any person aggrieved by an official action of the department of health and senior services affecting the licensed status of a person pursuant to the provisions of sections 190.001 to [190.245] **190.243** and sections 190.525 to 190.537, including the refusal to grant, the grant, the revocation, the suspension, or the failure to renew a license, may seek a determination thereon by the administrative hearing commission pursuant to the provisions of section 621.045, and it shall not be a condition to such determination that the person aggrieved seek a reconsideration, a rehearing, or exhaust any other procedure within the department of health and senior services or the department of social services.

190.173. 1. All complaints, investigatory reports, and information pertaining to any applicant, holder of any certificate, permit, or license, or other individual are confidential and shall only be disclosed upon written consent of the person whose records are involved or to other administrative or law enforcement agencies acting within the scope of their statutory authority. However, no applicant, holder of any certificate, permit, or license, or other individual shall have access to any complaints, investigatory reports, or information concerning an investigation in progress until such time as the investigation has been completed as required by subsection 1 of section 190.248.

2. 2. Each day that any violation of, or failure to comply with, sections 190.001 to [190.245] **190.243** is committed or permitted to continue shall constitute a separate and distinct offense and shall be punishable as such hereunder; but the court may, in appropriate cases, stay the cumulation of penalties.

If the department receives official written notification by a political subdivision that an ambulance service has been adjudicated and found to be in violation of any applicable law or ordinance, such ambulance service shall be subject to licensure action by the department.

6. No provision of this section is intended to limit or supersede a political subdivision's right to enforce any law, ordinance, regulation, franchise, contract or mutual-aid agreement.

programs related to emergency medical services systems including trauma, STEMI, and stroke systems and emergency medical care and treatment. The department of health and senior services may also provide public information and education programs for informing residents of and visitors to the state of the availability and proper use of emergency medical services, **of the designation a hospital may receive as a trauma center, STEMI center, or stroke center**, of the value and nature of programs to involve citizens in the administering of prehospital emergency care, including cardiopulmonary resuscitation, and of the availability of training programs in emergency care for members of the general public.

2. The department shall, for **trauma care**, STEMI care, and stroke care, respectively:

(2) Assess the capacity of the emergency medical services system and hospitals to deliver recommended treatments in a timely fashion;

(3) Use the research, guidelines, and assessment to promulgate rules establishing protocols for transporting **trauma patients to a trauma center**, STEMI patients to a STEMI center, or stroke patients to a stroke center. Such transport protocols shall direct patients to **trauma centers**, STEMI centers, and stroke centers under section 190.243 based on the centers' capacities to deliver recommended acute care treatments within time limits suggested by clinical research;

(4) Define regions within the state for purposes of coordinating the delivery of **trauma care**, STEMI care, and stroke care, respectively;

Upon approval of a plan, the department shall waive the requirements of rules promulgated under sections 190.100 to [190.245] **190.243** that are inconsistent with the community-based or regional plan. A community-based or regional plan shall be developed by [or in consultation with] the representatives of hospitals, physicians, and emergency medical services providers in the community or region.

190.241. 1. **Except as provided for in subsection 4 of this section**, the department shall designate a hospital as an adult, pediatric or adult and pediatric trauma center when a hospital, upon proper application submitted by the hospital and site review, has been found by the department to meet the applicable level of trauma center criteria for designation in accordance with rules adopted by the department as prescribed by section 190.185. **Site review may occur on-site or by any reasonable means of communication, or by any combination thereof.** Such rules shall include designation as a trauma center without site review if such hospital is verified by a national verifying or designating body at the level which corresponds to a level approved in rule. **In developing trauma center designation criteria, the department shall use, as it**

deems practicable, peer-reviewed and evidence-based clinical research and guidelines including, but not limited to, the most recent guidelines of the American College of Surgeons.

2. Except as provided for in subsection [5] 4 of this section, the department shall designate a hospital as a STEMI or stroke center when such hospital, upon proper application and site review, has been found by the department to meet the applicable level of STEMI or stroke center criteria for designation in accordance with rules adopted by the department as prescribed by section 190.185. **Site review may occur on-site or by any reasonable means of communication, or by any combination thereof.** In developing STEMI center and stroke center designation criteria, the department shall use, as it deems practicable, [appropriate] peer-reviewed [or] **and** evidence-based **clinical** research [on such topics] **and guidelines** including, but not limited to, the most recent guidelines of the American College of Cardiology [and] , **the** American Heart Association [for STEMI centers, or the Joint Commission's Primary Stroke Center Certification program criteria for stroke centers, or Primary and Comprehensive Stroke Center Recommendations as published by] , **or** the American Stroke Association. Such rules shall include designation as a STEMI center **or stroke center** without site review if such hospital is certified by a national body.

3. The department of health and senior services shall, not less than once every [five] **three** years, conduct [an on-site] **a site** review of every trauma, STEMI, and stroke center through appropriate department personnel or a qualified contractor, with the exception of **trauma centers, STEMI centers, and** stroke centers designated pursuant to subsection [5] 4 of this section; however, this provision is not intended to limit the department's ability to conduct a complaint investigation pursuant to subdivision (3) of subsection 2 of section 197.080 of any trauma, STEMI, or stroke center. [On-site] **Site** reviews shall be coordinated for the different types of centers to the extent practicable with hospital licensure inspections conducted under chapter 197. No person shall be a qualified contractor for purposes of this subsection who has a substantial conflict of interest in the operation of any trauma, STEMI, or stroke center under review. The department may deny, place on probation, suspend or revoke such designation in any case in which it has [reasonable cause to believe that] **determined** there has been a substantial failure to comply with the provisions of this chapter or any rules or regulations promulgated pursuant to this chapter. **Centers that are placed on probationary status shall be required to demonstrate compliance with the provisions of this chapter and any rules or regulations promulgated under this chapter within twelve months of the date of the receipt of the notice of probationary status, unless otherwise provided by a settlement agreement with a duration of a maximum of eighteen months between the department and the designated center.** If the department of health and senior services has [reasonable cause to believe] **determined** that a hospital is not in compliance with such provisions or regulations, it may conduct additional announced or unannounced site reviews of the hospital to verify compliance. If a trauma, STEMI, or stroke center fails two consecutive [on-site] **site** reviews because of substantial noncompliance with standards prescribed by sections 190.001 to [190.245] **190.243** or rules adopted by the department pursuant to sections 190.001 to [190.245] **190.243**, its center designation shall be revoked.

4. (1) Instead of applying for **trauma, STEMI, or stroke** center designation under subsection **1 or 2** of this section, a hospital may apply for **trauma, STEMI, or stroke** center designation under this subsection. The rules shall be based on standards of nationally recognized organizations and the recommendations of the time-critical diagnosis advisory committee.**

(2) Except as provided by subsection [6] 5 of this section, the department shall not require compliance with any additional standards for establishing or renewing **trauma, STEMI, or** stroke designations. The designation shall continue if such hospital remains certified **or verified**. The department may remove a hospital's designation as a **trauma center, STEMI center, or** stroke center if the hospital requests removal of the designation or the department determines that the certificate [recognizing] **or verification that qualified** the hospital [as a stroke center] **for the designation under this subsection** has been suspended or revoked. Any decision made by the department to withdraw its designation of a [stroke] center pursuant to this subsection that is based on the revocation or suspension of a certification **or verification** by a certifying **or verifying** organization shall not be subject to judicial review. The department shall report to the certifying **or verifying** organization any complaint it receives related to the [stroke] center [certification of a stroke center] designated pursuant to this subsection. The department shall also advise the complainant which organization certified **or verified** the [stroke] center and provide the necessary contact information should the complainant wish to pursue a complaint with the certifying **or verifying** organization.

“142.869. 1. **(1)** The tax imposed by this chapter shall not apply to passenger motor vehicles, buses as defined in section 301.010, or commercial motor vehicles registered in this state which are powered by alternative fuel, and for which a valid decal has been acquired as provided in this section, provided that sales made to alternative fueled vehicles powered by propane, compressed natural gas, or liquefied natural gas that do not meet the requirements of subsection 3 of this section shall be taxed exclusively pursuant to subdivisions (4) to (7) of subsection 1 of section 142.803, respectively. The owners or operators of such motor vehicles, except plug-in electric hybrids, shall, in lieu of the tax imposed by section 142.803, pay an annual alternative fuel decal fee as follows: seventy-five dollars on each passenger motor vehicle, school bus as defined in section 301.010, and commercial motor vehicle with a licensed gross vehicle weight of eighteen thousand pounds or less; one hundred dollars on each motor vehicle with a licensed gross weight in excess of eighteen thousand pounds but not more than thirty-six thousand pounds used for farm or farming transportation operations and registered with a license plate designated with the letter “F”; one hundred fifty dollars on each motor vehicle with a licensed gross vehicle weight in excess of eighteen thousand pounds but less than or equal to thirty-six thousand pounds, and each passenger-carrying motor vehicle subject to the registration fee provided in sections 301.059, 301.061 and 301.063; two hundred fifty dollars on each motor vehicle with a licensed gross weight in excess of thirty-six thousand pounds used for farm or farming transportation operations and registered with a license plate designated with the letter “F”; and one thousand dollars on each motor vehicle with a licensed gross vehicle weight in excess of thirty-six thousand pounds. Owners or operators of plug-in electric hybrids shall pay one-half of the stated annual alternative fuel decal fee. Notwithstanding provisions of this section to the contrary, motor vehicles licensed as historic under section 301.131 which are powered by alternative fuel shall be exempt from both the tax imposed by this chapter and the alternative fuel decal requirements of this section. For the purposes of this section, a plug-in electric hybrid shall be any hybrid vehicle made by a manufacturer with a model year of 2018 or newer, that has not been modified from the original manufacturer specifications, with an internal combustion engine and batteries that can be recharged by connecting a plug to an electric power source.

(2) Notwithstanding the provisions of subdivision (1) of this subsection to the contrary, the director shall provide owners of vehicles required to purchase an alternative fuel decal under subdivision (1) of this subsection, the option of purchasing a biennial alternative fuel decal for a fee of twice the annual alternative fuel decal fee stated in subdivision (1) of this subsection.

2. Except interstate fuel users and vehicles licensed under a reciprocity agreement as defined in section 142.617, the tax imposed by section 142.803 shall not apply to motor vehicles registered outside this state which are powered by alternative fuel other than propane, compressed natural gas, and liquefied natural gas, and for which a valid temporary alternative fuel decal has been acquired as provided in this section. The owners or operators of such motor vehicles shall, in lieu of the tax imposed by section 142.803, pay a temporary alternative fuel decal fee of eight dollars on each such vehicle. Such decals shall be valid for a period of fifteen days from the date of issuance and shall be attached to the lower right-hand corner of the

front windshield on the motor vehicle for which it was issued. Such decal and fee shall not be transferable. All proceeds from such decal fees shall be deposited as specified in section 142.345. Alternative fuel dealers selling such decals in accordance with rules and regulations prescribed by the director shall be allowed to retain fifty cents for each decal fee timely remitted to the director.

3. Owners or operators of passenger motor vehicles, buses as defined in section 301.010, or commercial motor vehicles registered in this state which are powered by compressed natural gas or liquefied natural gas who have installed a compressed natural gas fueling station or liquefied natural gas fueling station used solely to fuel the motor vehicles they own or operate as of December 31, 2015, may continue to apply for and use the alternative fuel decal in lieu of paying the tax imposed under subdivisions (4) and (5) of subsection 1 of section 142.803. Owners or operators of compressed natural gas fueling stations or liquefied natural gas fueling stations whose vehicles bear an alternative fuel decal shall be prohibited from selling or providing compressed natural gas or liquefied natural gas to any motor vehicle they do not own or operate. Owners or operators of motor vehicles powered by compressed natural gas or liquefied natural gas bearing an alternative fuel decal after January 1, 2016, that decline to renew the alternative fuel decals for such motor vehicles shall no longer be eligible to apply for and use alternative fuel decals under this subsection. Any compressed natural gas or liquefied natural gas obtained at any fueling station not owned by the owner or operator of the motor vehicle bearing an alternative fuel decal shall be subject to the tax under subdivisions (4) and (5) of subsection 1 of section 142.803.

4. An owner or operator of a motor vehicle powered by propane may continue to apply for and use the alternative fuel decal in lieu of paying the tax imposed under subdivision (6) of subsection 1 of section 142.803. If the appropriate motor fuel tax under subdivision (6) of subsection 1 of section 142.803 is collected at the time of fueling, an operator of a propane fueling station that uses quick-connect fueling nozzles may sell propane as a motor fuel without verifying the application of a valid Missouri alternative fuel decal. If an owner or operator of a motor vehicle powered by propane that bears an alternative fuel decal refuels at an unattended propane refueling station, such owner or operator shall not be eligible for a refund of the motor fuel tax paid at such refueling.

5. The director shall annually **or biennially**, on or before January thirty-first of each year, collect or cause to be collected from owners or operators of the motor vehicles specified in subsection 1 of this section the annual **or biennial** decal fee. Applications for such decals shall be supplied by the department of revenue. In the case of a motor vehicle which is not in operation by January thirty-first of any year, a decal may be purchased for a fractional period of such year, **or a fractional period of such year and a whole year**, and the amount of the decal fee shall be reduced by one-twelfth for each complete month which shall have elapsed since the beginning of such year. This subsection shall not apply to an owner or operator of a motor vehicle powered by propane who fuels such vehicle exclusively at unattended fueling stations that collect the motor fuel tax.

6. Upon the payment of the fee required by subsection 1 of this section, the director shall issue a decal, which shall be valid for the current calendar year **or the current calendar year and the subsequent calendar year in the case of a biennial alternative fuel decal**, and shall be attached to the lower right-hand corner of the front windshield on the motor vehicle for which it was issued.

7. The decal fee paid pursuant to subsection 1 of this section for each motor vehicle shall be transferable upon a change of ownership of the motor vehicle and, if the LP gas or natural gas equipment is removed from a motor vehicle upon a change of ownership and is reinstalled in another motor vehicle, upon such reinstallation. Such transfers shall be accomplished in accordance with rules and regulations promulgated

by the director.

8. It shall be unlawful for any person to operate a motor vehicle required to have an alternative fuel decal upon the highways of this state without a valid decal unless the motor vehicle is exclusively fueled at propane, compressed natural gas, or liquefied natural gas fueling stations that collect the motor fuel tax.

9. No person shall cause to be put, or put, any alternative fuel into the fuel supply receptacle or battery of a motor vehicle required to have an alternative fuel decal unless the motor vehicle either has a valid decal attached to it or the appropriate motor fuel tax is collected at the time of such fueling.

10. Any person violating any provision of this section is guilty of an infraction and shall, upon conviction thereof, be fined five hundred dollars.

11. Motor vehicles displaying a valid alternative fuel decal are exempt from the licensing and reporting requirements of this chapter.”; an

4. A public body awarding a contract for public improvement shall require a nonresident bidder to specify on all project bid specifications and contract documents whether any preference as described in subsection 2 of this section is in effect in the nonresident bidder's state or country of domicile at the time of a bid submittal.

The amount withheld shall be immediately released upon receipt by the public body of a notice from the director indicating that the request for records as required by this section has been satisfied.

7. While participating in a public improvement, a nonresident bidder domiciled in a state or country that has established a resident labor force preference shall make and keep, for a period of no less than three years, accurate records of all workers employed by the contractor or subcontractor on the public improvement. 3. By July 1, 2022, the department of elementary and secondary education shall develop detailed requirements for students to become eligible for the show me success diploma that include at least the following:

(1) Demonstrated skills and knowledge in English, science, and mathematical literacy to be successful in college level courses offered by the community colleges in this state that count toward a degree or certificate without taking remedial or developmental course work; and

pupil not earned a show me success diploma. The funding assigned to a pupil under this subsection shall be calculated as if the pupil's attendance percentage equaled the district's or charter school's prior year average attendance percentage. For a pupil who, as provided in this subsection, is included in the district's or charter school's state aid calculation but who is not enrolled in the district or charter school, an amount equal to ninety percent of the pupil's proportionate share of the state, local, and federal aid that the district or charter school receives for the pupil under this subsection shall be deposited by the school district or charter school into an account established under sections 166.400 to 166.455 that lists the pupil as the beneficiary. CONSTITUTIONAL OBJECTION – SB 44

Missouri's Constitution states in Article III, section 21, "... no bill shall be so amended through its passage through either house as to change its original purpose." The original purpose of Senate bill 44 was "relating to water and sewer infrastructure." The purpose of the Truly Agreed and Finally Passed bill was changed to "relating to utilities."

In addition to the bill's purpose of water and sewer infrastructure, changes were made to widen the scope of the bill to include energy connections (filed as a standalone bill), service territories of retail electric service providers (filed as a standalone bill), assessment of certain public utility property (filed as a standalone bill), common sewer districts (filed as a standalone bill), assessments against public utilities (filed as a standalone bill), competitive bidding (filed as a standalone bill), and rural electric cooperatives (filed as a standalone bill). The last provision gives a rural electric cooperative board of directors authority to set the time and place of the annual meeting and to provide for voting by proxy, whether in-person or virtually. While rural electric cooperatives are associated with utilities, they are not typically associated with water and/or sewer infrastructure. And, the subject of setting the annual meeting and providing the ability to vote by proxy is certainly not related to water and sewer infrastructure.

While each of the standalone bills may be linked together by their association with utilities, it is a stretch to attempt a relationship with water and/or sewer infrastructure. If the bill sponsor purposed to include the additional language, does it not seem logical that the original purpose

would have been specifically relating to utilities when the bill was introduced?

Lastly, Missouri constitution, Article III, section 23 states, “No bill shall contain more than one subject which shall be clearly expressed in its title.” It is clear that SB 44 contains more than one subject: water and sewer infrastructure, service territories of retail electric service providers, public utility property, common sewer districts, assessments against public utilities, competitive bidding, and rural electric cooperatives; and therefore has violated the constitution and will of the people.

CONSTITUTIONAL OBJECTION – SB 63

Since a statewide PDMP will require the creation of database (which is likely to be shared with the federal government and other states), Missouri resident’s rights are at risk of being violated.

Missouri Constitution, Article I, section 15 refers to unreasonable searches and seizures. It states: “... the people shall be secure in their persons, papers, homes, effects, and electronic communications and data, from unreasonable searches and seizures; and no warrant to search any place, or seize any person or thing, or access electronic data or communication, shall issue without describing the place to be searched, or the person or thing to be seized, or the data or communication to be accessed, as nearly as may be; nor without probable cause, supported by written oath or affirmation.”

In addition, it states in the Federal Register/ Volume 81, No. 3/ Wednesday, January 6, 2016/ Rules and Regulations, p. 382 (under the heading: Department of Health and Human Services, Office of the Secretary, 45 CFR 164), Health Insurance Portability and Accountability Act (HIPAA)

Action: The final rule

Summary: The Department of Health and Human Services is issuing this final rule to modify the HIPAA of 1996 Privacy rule to expressly permit certain HIPAA covered entities to disclose to the National Instant Criminal Background Check System (NICS) the identities of individuals who are subject to a Federal “mental health prohibitor” that disqualifies them from shipping, transporting, possessing, or receiving a firearm.

The NICS is a national system maintained by the FBI to conduct background checks on persons who may be disqualified from receiving firearms.

Residents of states participating in PDMPs will be subject to scrutiny (and the potential of being unable to “keep and bear arms”):

From Missouri’s PDMP bill (SB 63), p. 7, lines 188 – 197:

“No patient dispensation information shall be provided to local state, or federal law enforcement or prosecutorial officials, both in-state and out-of-state, or any regulatory board, professional or otherwise, for any purposes *other than those explicitly set forth in HIPAA and regulations promulgated thereunder.*”

Although proponents of SB 63 publicly state that the data of Missourians will not be shared and that Missourians ability to “keep and bear arms,” the information noted in the Federal Registry indicates the possibility of data sharing and the potential prohibition of firearms ownership.

SB 63, if enacted into law, will violate the Missouri Constitution.

CONSTITUTIONAL OBJECTION – SB 176

Missouri's Constitution states in Article III, section 21, "... no bill shall be so amended through its passage through either house as to change its original purpose." The original purpose of Senate bill 176 was "relating to personal delivery devices." These devices may operate on sidewalks and crosswalks, and may operate on county or municipal roadways provided they do not unreasonably interfere with motor vehicles or traffic.

The purpose of the Truly Agreed and Finally Passed bill was changed to "relating to emerging technologies." This change in purpose allowed for the addition of food delivery platforms (filed as a standalone bill with the sole purpose of regulating the delivery of food from a restaurant to a consumer), electric bicycles (an argument could be made for this addition under the original purpose, if the bicycles are intended to be for purpose of deliveries – but, that is not the intent. The original purpose of the electric bicycle bill was to regulate electric bicycles), administrative fees charged by vehicle dealers in connection with the sale or lease of a vehicle (now, the addition of this standalone bill is certainly a stretch. The purpose of this addition is to collect a 10% administrative fee in order to modernize a computer system) and, digital electronic equipment (this standalone bill introduced a definition for the term "digital electronic equipment"... a far cry from the original purpose of SB 176).

While each of the standalone bills may be linked together by their association with emerging technologies, it is a stretch to otherwise attempt a relationship with personal delivery devices. If the bill sponsor purposed to include the additional language, does it not seem logical that the original purpose would have been specifically relating to emerging technologies when the bill was introduced?

Lastly, Missouri constitution, Article III, section 23 states, "No bill shall contain more than one subject which shall be clearly expressed in its title." It is clear that SB 176 contains more than one subject: personal delivery devices, food delivery platforms, electric bicycles, administrative fees, and the definition for digital electronic equipment; and therefore has violated the constitution and will of the people.

CONSTITUTIONAL OBJECTION – SB 258

Missouri's Constitution states in Article III, section 21, "... no bill shall be so amended through its passage through either house as to change its original purpose." The original purpose of Senate bill 258 was an "act providing that service members of the Missouri National Guard shall be considered as state employees for the purposes of operating state owned vehicles for official state business unless they are called into active federal military service by order of the President of the United States."

The purpose of the Truly Agreed and Finally Passed bill was changed to an "act modifying provisions relating to military affairs, including classification of National Guard members and infrastructure and armory designations for members of the military." This change in purpose allowed for the addition of the Sergeant Robert Wayne Crow, Jr. Memorial Armory. If only this addition were made, at least the Truly Agreed and Finally Passed title would have been correct.

However, the remaining additions, while honorable, do not fit under the new title, an "act modifying provisions relating to military affairs, including: classification of National Guard members and infrastructure and armory designations for members of the military." The amended bill also includes infrastructure designations (naming 21 separate roads or bridges for individuals who have served in the United States military). While these are worthy endeavors, it is clear that the original purpose has been abandoned.

Other road/bridge naming/designation bills were passed by the legislature in the 101st General Assembly, First Regular Session – while maintaining the bills original purpose and single subject (see SB 520, for example). Each of these additions were filed as individual bills. I would have voted in support of each bill as a standalone bill.

Lastly, Missouri constitution, Article III, section 23 states, “No bill shall contain more than one subject which shall be clearly expressed in its title.” It is clear that SB 258 contains more than one subject: providing that service members of the Missouri National Guard shall be considered as state employees for the purposes of operating state owned vehicles for official state business unless they are called into active federal military service by order of the President of the United States and bridge *and* roadway designations; and therefore has violated the constitution and will of the people.

CONSTITUTIONAL OBJECTION – HB 273

Missouri’s Constitution states in Article III, section 21, “... no bill shall be so amended through its passage through either house as to change its original purpose.” The original purpose of HB 273 was “related to shampooing.” The bill prohibits the Division of Professional Registration from requiring a license if a person engages solely in shampooing under the supervision of a licensed barber or cosmetologist.”

The purpose of the Truly Agreed and Finally Passed bill was changed to “relating to professional registration.” This change allowed for the inclusion of licensure reciprocity, the creation of an Occupational Therapy Licensure Compact, grounds for the disqualification for licensure, the regulation of dietitians, the regulation of architects, engineers, and landscape architects, complaints against psychologists, complaints against individuals in real estate, continuing education for insurance producers, defines the relationship between athlete agents and removes the prohibition placed on the ability of student athletes to benefit monetarily from activities related to sport while in school, and allows a pharmacist to dispense medication for HIV post-exposure prophylaxis subject to a written protocol authorized by a licensed physician.

If I were a gambler, I’d wager a bet that even a high school student would recognize that the original purpose of HB 273 has strayed from the bill’s original purpose of “shampooing.” The Missouri constitution, Article III, section 23 states, “No bill shall contain more than one subject which shall be clearly expressed in its title.” It is clear that SB 273 contains more than one subject and therefore has violated the constitution and will of the people.

CONSTITUTIONAL OBJECTION – HB 369

Missouri’s Constitution states in Article III, section 21, “... no bill shall be so amended through its passage through either house as to change its original purpose.” The original purpose of House Bill 369 was “relating to liability for prescribed burns.”

The purpose of the Truly Agreed and Finally Passed bill was changed to “relating to land management.” This change in title gave cover for

additions including: historic cemeteries, feral hogs, private campground liability protection, landowner liability, and access to private property. These additions under the new title are indeed stretching the land management title. For example, the purpose of the feral hog bill dealt with a change in the definition of hogs, the release and transport of hogs, and the hunting of hogs. While feral hogs can, and have, damaged land, the purpose of the amendment is not land management.

Lastly, Missouri constitution, Article III, section 23 states, “No bill shall contain more than one subject which shall be clearly expressed in its title.” Only attorneys (and, perhaps, those who were successful in amending HB 369) could, with a straight face, argue that HB 369 does not violate the Missouri Constitution and the will of the people.

CONSTITUTIONAL OBJECTION – HB 476

Missouri’s Constitution states in Article III, section 21, “... no bill shall be so amended through its passage through either house as to change its original purpose.” The original purpose of House Bill 476 was “relating to occupational licensure reciprocity for members of the military.”

The purpose of the Truly Agreed and Finally Passed (TAFPD) bill was changed to “professional registration.” The varied inclusions were pesticide certification and training, denial of licensure protocols, the creation of an occupational therapy licensure compact, architects, professional engineers, and landscape architects, complaints against psychologists, H.I.V. post-exposure prophylaxis, the Prescription Cares for Missouri program, and protocols for compensation related to real estate brokers. Clearly, there is no relation between these additions to HB 476 and “occupational licensure reciprocity for members of the military” except, perhaps, that there is human involvement.

Lastly, Missouri constitution, Article III, section 23 states, “No bill shall contain more than one subject which shall be clearly expressed in its title.”

While it is clear that TAFPD title of HB 476 covers all of the final version’s amendments, it is abundantly clear that the bill contains more than one subject and therefore has violated the constitution and will of the people.

CONSTITUTIONAL OBJECTION – HB 604

Missouri’s Constitution states in Article III, section 21, “... no bill shall be so amended through its passage through either house as to change its original purpose.” The original purpose of House Bill 604 was “relating to certificates of self-insurance.” The bill would allow any religious denomination that discourages its members from purchasing insurance as being contrary to its religious tenets, but has more than 25 members with motor vehicles, to qualify as a self-insurer by obtaining a self-insurance certificate issued by the Director of the Department of Revenue.

The purpose of the Truly Agreed and Finally Passed (TAFPD) bill was changed to “relating to insurance.” If only this addition were made,

at least the TAFPd title would have been correct.

Instead, the following amendments were added to HB 604: Long-term care insurance, workers' compensation benefits; the second injury fund surcharge; petroleum storage tank insurance fund; continuing education credits for insurance producers; credit for re-insurance as an asset or reduction from liability of an insurer; mental health insurance coverage; issuance of funding agreements; explanations of refusal to write automobile insurance; property insurance; group personal lines for property and casualty insurance; and Missouri statutory thresholds for settlements involving minors act.

Most of these additions were filed as individual bills. And, while individually, each bill is "relating to insurance" (the TAFPd purpose), they are not "relating to certificates of self-insurance" (the bill's original purpose). To re-iterate, Missouri's Constitution states in Article III, section 21 states, "... no bill shall be so amended through its passage through either house as to change its original purpose."

In addition, HB 604 violates Missouri constitution, Article III, section 23 states, "No bill shall contain more than one subject which shall be clearly expressed in its title."

CONSTITUTIONAL OBJECTION – HB 661

Missouri's Constitution states in Article III, section 21, "... no bill shall be so amended through its passage through either house as to change its original purpose." The original purpose of House Bill 661 was "relating to the operation of a commercial motor vehicle." The bill disqualifies any person from driving a commercial motor vehicle for life if they are convicted of using a commercial motor vehicle in the commission of a felony involving severe forms of trafficking in persons.

The Truly Agreed and Finally Passed (TAFPd) bill included items related to the commercial vehicle towing committee, fees for records requests, alternative fuel decals, the establishment of the electric vehicle task force, the establishment of the joint task force on school bus safety, the Department of Transportation's cost estimates and project completion dates, electric bicycles, the registration of farm vehicles, the modification of local log trucks, the repeal of historic motor vehicle mileage restrictions, the repeal of the certain vehicle registration requirements, changes in vehicular odometer readings, the creation of the motor vehicle administration technology fund, the establishment of the motor vehicle financial responsibility and enforcement fund, requirements for Head Start school buses, the modification of the definition of motor clubs, the operation of personal delivery devices, auxiliary lighting for motorcycles, vehicle safety inspections, digital electronic equipment in motor vehicles, scrap metal, and, finally, limitations on where a motor vehicle may be legally parked.

The original purpose was "relating to the operation of a commercial motor vehicle," specifically with regard to the conviction of a person involved in human trafficking. An additional 22 bills were attached to the original bill as a result of the title change.

The Missouri constitution, Article III, section 23 states, "No bill shall contain more than one subject which shall be clearly expressed in its title." It is clear that HB 661 contains more than one subject and therefore has violated the constitution and will of the people.

CONSTITUTIONAL OBJECTION – HB 734

Missouri's Constitution states in Article III, section 21, "... no bill shall be so amended through its passage through either house as to change its original purpose." The original purpose of House Bill 734 was "relating to financing for electrical corporations."

The Truly Agreed and Finally Passed (TAFPd) bill changed the purpose to "relating to utilities." The change in purpose allowed for the inclusion of the Missouri electricity bill reduction act, specifying that axillary power may be purchased on a wholesale basis for use at an electric generation facility located in Cass County which began operating prior to August 28, 2021, and is operated as an independent power producer. In addition, under this bill, no political subdivision shall adopt an ordinance, resolution, regulation, code or policy that prohibits, or has the effect of prohibiting, the connection or reconnection of a utility service based upon the type or source of energy to be delivered to an individual customer.

HB 734 provides that in the event that a retail electric supplier is providing service to a structure located within a municipality that has ceased to be a rural area, and such structure is demolished and replaced by a new structure, such retail electric service supplier may provide permanent service to the new structure upon the request of the owner of the new structure.

In addition, HB 734 includes language relating to property assessments, depreciation schedules, issuance of bonds, territorial agreements, rules for renewal natural gas programs, the purchase of auxiliary power, approval of special rates by the PSC, setting base rates for customers, coal-fired electrical generation, changing the definition of rural area populations, allowing rural electric cooperative boards to set annual meetings by electronic and virtual means, and other definition changes.

With the many additional inclusions in HB 734, the bill has strayed far from the original purpose of "relating to financing for electrical corporations." The Missouri constitution, Article III, section 23 states, "No bill shall contain more than one subject which shall be clearly expressed in its title." It is clear that HB 734 contains more than one subject. Although the Constitution allows for a bill's title to be changed, it clearly prohibits the changing of the original purpose. In this case, HB 734 has violated the constitution.

FIRST EXTRA SESSION
OF THE
FIRST REGULAR SESSION

FIRST DAY—WEDNESDAY, JUNE 23, 2021

The Senate was called to order in Extra Session by President Kehoe.

Senator Hegeman offered the following prayer:

“Let me hear of your loving kindness in the morning, for I put my trust in you: show me the road that I must walk for I lift my soul to you.”
(Psalm 144:8)

Heavenly Father, You have brought us here safely to do the business we have been called to do in this special session. We pray that You will be with us during this time that our work for the common good, provides ways that are helpful and needed and will be the best work we can provide for the people of this great State of Missouri. Therefore, we pray that the Holy Spirit will be with us in the decisions we make and keep our stress levels to a minimum and help us keep serving You and our people. In Your Holy Name, we pray. Amen.

The Pledge of Allegiance to the Flag was recited.

**COMMUNICATIONS FROM THE
GOVERNOR**

The President laid before the Senate the following proclamation from the Governor, reading of which was waived:

PROCLAMATION

WHEREAS, on May 30, 2021, the General Assembly adjourned pursuant to Article III, Section 20(a) of the Missouri Constitution; and

WHEREAS, Sections 190.800 to 190.839 RSMo authorize the ground ambulance service reimbursement allowance; and

WHEREAS, Sections 198.401 to 198.439 RSMo authorize the nursing facility reimbursement allowance; and

WHEREAS, Sections 208.431 to 208.437 RSMo authorize the Medicaid managed care organization reimbursement allowance; and

WHEREAS, Sections 408.453 to 408.482 RSMo authorize the federal reimbursement allowance (“FRA”); and

WHEREAS, Sections 338.500 to 338.550 RSMo authorize the pharmacy tax; and

WHEREAS, Section 633.401 RSMo authorize the intermediate care facility for the intellectually disabled assessment; and

WHEREAS, such reimbursement allowances, taxes, and assessments are set to expire on September 30, 2021; and

WHEREAS, the General Assembly adjourned without extending the expiration date of such allowances, taxes, and assessments; and

WHEREAS, the calculation of state revenues for the Fiscal Year 2022 state operating budget included the provision of such allowances, taxes, and assessments to fund primary components of the MO HealthNet program; and

WHEREAS, the expiration of such allowances, taxes, and assessments will cost the State of Missouri approximately \$591 million dollars in fiscal year 2022 and approximately \$788 million dollars in fiscal year 2023; and

WHEREAS, the expiration of such allowances, taxes, and assessments will also result in reduced payments from the MO HealthNet program to healthcare providers in the amount of \$1.53 billion dollars in fiscal year 2022 and \$2 billion dollars in fiscal year 2023; and

WHEREAS, the expiration of such allowances, taxes, and assessments would also require the State of Missouri to institute immediate cost-savings measures, including rate decreases, elimination of non-mandatory MO HealthNet programs, and would result in additional fee schedule changes that would be detrimental to the citizens of the State of Missouri, and our healthcare providers; and

WHEREAS, these costs will significantly interfere with the provision of healthcare to Missourians and could cause disruptions in our state healthcare system.

President Kehoe in the Chair.

Senator Rowden offered the following prayer:

Lamentations 3:22-23

The steadfast love of the LORD never ceases; his mercies never come to an end; they are new every morning; great is your faithfulness.

Father, we thank you for another day of life and breath and for the opportunity we have to serve the people of Missouri in this beautiful building. We are humbled by the scope of our calling and the depth of the impact every decision we make has on those we serve.

We are grateful today for a new morning, and we are even more grateful for the new mercies you are extending to each of us this day.

As we return home to our families, give us eyes to see and ears to hear the chances we have in our communities to love those who need love and care for those who need a little extra attention.

Our hope rests not in the decisions we make here, but in your everlasting truth and grace.

In Your Name we pray these things - AMEN.

ONE HUNDRED FIRST GENERAL ASSEMBLY

OF THE

STATE OF MISSOURI

FIRST REGULAR SESSION

VETO SESSION

WEDNESDAY, SEPTEMBER 15, 2021

The Senate was called to order in Veto Session by Lieutenant Governor Mike Kehoe.

Reverend Carl Gauck offered the following prayer:

“Remember my affliction and bitterness, the wormwood and the gall! My soul continually thinks of it and is bowed down within me. But this I call to mind, and therefore I have hope. The steadfast love of the Lord never ceases, his mercies never come to an end;...” (Lamentations 3:19-22)

Gracious God: As we gather to serve the people of Missouri we are mindful of the anniversary of 9/11 that just passed and those who brought death, pain and grief to our people. We remember that amidst the charred ruins and bitterness we experienced, we turned to You and You comforted us and gave us hope. In this hope may we find both individually and as a nation, ways to put an end to the violence in our time and seek a unity as one people. We pray, help us Lord, enjoy peace and harmony among us all. And Lord may it begin with us. In Your Holy Name, we pray. Amen.

The Pledge of Allegiance to the Flag was recited.

COMMUNICATIONS FROM THE GOVERNOR

The following communication, regarding vetoed Senate Bills was received by the Secretary of State, reading of which was waived:

GOVERNOR
STATE OF MISSOURI
July 9, 2021

TO THE SECRETARY OF STATE
OF THE STATE OF MISSOURI
101st GENERAL ASSEMBLY
FIRST REGULAR SESSION

Herewith I return to you Conference Committee Substitute for House Committee Substitute for Senate Bill 226, entitled:

AN ACT

To repeal sections 137.115, 143.121, 144.011, and 144.080, RSMo, and to enact in lieu thereof seven new sections relating to taxation, with an existing penalty provision and an emergency clause for a certain section.

I disapprove of Conference Committee Substitute for House Committee Substitute for Senate Bill 226. My reasons for disapproval are as follows:

While I recognize and applaud the General Assembly in their effort to improve the laws governing taxation, I cannot approve this bill as presented to me.

I understand section 139.305 was designed to narrowly target small, local businesses harmed by overly intrusive local health measures. However, the language of the bill is severely problematic. Section 139.305 creates broad property tax credits for residents of cities or counties whose real property was affected by “restrictive orders” as defined in the bill. The definition of “restrictive orders” includes “any city-wide or county-wide ordinance or order imposed by a city or county that prohibits or otherwise restricts the use of a taxpayer’s real property, including, but not limited to, occupancy restrictions,” but not “any ordinance or order prohibiting or restricting the use of a taxpayer’s real property due to a violation of a public health or safety code.” This section’s broad construction would result in several problems. First, this provision would prevent Missouri residents who live outside of a city or county with a qualifying restrictive order from receiving the property tax credit for business property owned within that jurisdiction. Second, as a result of “restrictive orders” being defined so broadly, nearly anyone living in a city or county could claim a property tax credit under the language of the bill. This is a significant departure from the current tax structure in Missouri, and could severely undermine the ability of cities and counties to provide local services. Additionally, this could result in a city or county violating Article VI, Section 26(f) of the Missouri Constitution if they are unable to make annual debt service payments. Third, this section provides conflicting guidance on tax collection and remittance, which could result in taxpayer frustration and inconsistent application. The intent of the section appears to require a taxpayer to pay their tax bill and then receive a property tax credit; however, the language could allow taxpayers to receive the property tax refund before the property tax is actually paid. I support tax relief for businesses that could not operate during the pandemic due to excessive restrictions. I also value Missouri’s local industries and sympathize with the hardships they have endured over the past 16 months. However, this legislation carries significant unintended consequences that could greatly harm localities beyond its attempted protection of individuals and businesses impacted by COVID-19.

Section 144.142 only benefits a single industry, while many industries were also affected by the recent pandemic. Entertainment venues were

undoubtedly directly impacted by COVID-19, and their presence is vital to our state. However, they were not the only industry that suffered detrimental impacts. There are numerous other affected industries that were not provided this special tax treatment opportunity by the General Assembly. Additionally, the U.S. Small Business Administration recently created a unique grant assistance program specifically designed to provide assistance to entertainment venues, providing over \$16 billion in assistance to these venues for this purpose.

Moreover, and most troubling, Section 144.142 would subvert sales and use taxes from remittance to the state and instead empower private businesses to keep those taxes. This would result in individuals paying sales and use tax under the guise that their funds were being used to fund public services, but instead were maintained by the businesses that collected it as additional profit. Section 144.142 does not broadly serve Missouri's interests.

Regrettably, section 144.813, providing a sales tax exemption for certain cancer treatment devices, would have provided tax relief for Missourians fighting rare cancers. I am supportive of this tax deduction, which is consistent with other related medical devices and provides appropriate state tax relief. It is my hope that the General Assembly will pass this provision again in the next legislative session.

Two of the other provisions of this bill, which I also support, relate to aircraft property taxation and sales tax remittance filing periods. Such provisions have been signed into law in Senate Bills 153 & 97, relating to taxation.

In accordance with the above stated reasons for disapproval, I am returning Conference Committee Substitute for House Committee Substitute for Senate Bill 226 without my approval.

Respectfully Submitted,
Michael L. Parson
Governor
